## YOU CAN USE IT ON ANYTHING

ColorBond™ is perfect for: vinyl, leather, metal, carpet, ABS Plastic, PVC, Polycarbonate polypropylene, acrylic, lexan, fiberglass and recycled plastics.

- ColorBond™ is dry to the touch in 45 seconds and bonds within 10 minutes. The vehicle can be used within minutes of application.
- ColorBond™ will not crack, flake or peel on flexible surfaces.
- The grain simulation is never altered or hidden, no matter how many times ColorBond™ is applied.
- The suppleness or "hand" is never affected and does not become stiff or brittle.
- A quart sized base and tinting system is available so an OEM color match is achieved each and every time.
- ColorBond™ is UV stable and permanent.
- ColorBond™ can be used on dash panels, seats, instrument panels, steering wheels, airbag covers, convertible tops, mirrors and exterior trim, virtually anywhere on the car or boat.
- ColorBond™ is very easy to use. In many cases using ColorBond™ is simply a one step process.
