

All About Me Poster

I can make healthy choices.

I can talk and listen with others.

Who are you?

Give it a Try!

1. Look through the old magazines to find pictures of things you like or things that describe you.
2. Cut them out and arrange them on your large sheet of paper to make a poster.
3. Overlap the pictures or make a design with them.
4. Choose pictures that make you feel good or that show what you like and who you are.
