

## **Financial Analyst / Sr. Financial Analyst – FP&A**

### **About nLIGHT:**

nLIGHT is a leading supplier of innovative high-power semiconductor lasers for industrial, medical, defense and consumer applications. nLIGHT has been recognized as one of the fastest growing technology companies by Deloitte each year since 2005 and was named the growth company of the year in 2008 by the Oregon Entrepreneurs Network.

### **Position Summary:**

Reporting directly to the Senior Manager FP&A, the Financial Analyst will be responsible for financial planning, reporting, and analysis of nLIGHT's expanding businesses in Vancouver, Washington and Hillsboro, Oregon. We are seeking an entrepreneurial and hands-on professional who will partner with management to continuously improve business decisions and results as well as improve the quality of data on which decisions are made. We are seeking an individual with very high personal and professional values.

### **Primary Responsibilities:**

- **Financial Planning and Reporting** – Analyze financial performance and prepare reporting packages for management. Perform forecast updates on revenue, headcount, spending, P&L, and cash flow. Prepare and manage cost and inventory information. Help prepare annual budgets and other long-term forecasts.
- **Financial Analysis** – Analyze customer and product profitability. Evaluate business decisions and investment opportunities including new product investments. Help management maximize profit contribution of current products/programs and new product/program opportunities.
- **Leadership**– This position will require strong leadership and influence skills. The Analyst will develop and implement new financial processes. The ability to jump in and help in a wide variety of projects and programs is required.

### **Requirements:**

- Bachelor's degree from a top-tier school. MBA a plus.
- 2-5 years of progressively challenging responsibilities in a fast-paced and high-tech manufacturing company.
- To meet security and export control regulations, this position requires either U.S. Citizenship or U.S. Permanent Resident Alien Status.
- Creative problem-solver with strong analytical skills.
- Must enjoy challenges, fixing problems, and driving improvements.
- Team player with well-developed interpersonal and communication skills.
- Resilient.
- Ability to organize and manage to completion multiple high-priority projects simultaneously and on time.
- MS Excel power-user. Comfortable using and creating databases.
- Experience utilizing various ERP systems (MS Axapta particularly helpful).

### **To Apply:**

Please submit your resume and cover letter to the job posting at this link:
