Epson Printing Template

These templates were developed using the Epson® Stylus Photo RX595* all-in-one printer/copier/scanner. This template is to be used with the downloadable "How To Print on Envelopes pdf."

* Note that if you are using a different all-in-one printer model at home, these instructions may not apply. Other Epson models these techniques work with include: RX580, RX680, and CX9400FAX.

Image size featured is 2 1/2 " x 3 3/4".
