

## Wedding Day Schedule

When planning out your Wedding Day Schedule it can be helpful to Start from the Ceremony Time as it is stated on your Invitations and work forward and backward from there factoring in the necessary time for getting ready, travelling to and from locations, taking photos, etc.

Once you have worked out your schedule, make copies for your Maid of Honor, the Groom and Best Man, Your Wedding Coordinator, Caterer, Photographer, Band or MC, Transportation Provider, and any other Vendors as needed.
