

JOB ADVERT (Ref: C027)

Contract – Interior Designer (Styling) Colour and Trim

We are currently engaged in some of the most challenging and innovative automotive projects of recent times and now have an excellent opportunity for a talented and experienced designer (Styling) based at our vehicle design, development and engineering centre in Shalford, Surrey.

Responsibilities:

Primary responsibility will be to create compelling and appropriate design proposals for various concept and production car programs via skilled sketching ability, renderings.

The candidate is expected to liaise with the visualisation and engineering teams to ensure the designs meet the requirements for timing and performance.

Qualifications and experience:

It is anticipated that you will be a designer with experience in the following areas:

- Degree in Industrial, Automotive, or Transportation Design
- Creative experience with trend forecasting, materials, fashion and/or interior design.
- Exceptional creativity to develop innovative design solutions which can be visually represented via skilled sketching ability.
- 3+ years professional experience in an automotive design studio developing interior car design.

To Apply:

Please send an up-to-date CV, including details of your current salary to:
