October 16, 2024

The Honorable Maria Gonzalez

Judge of the Superior Court

Somerset County Courthouse

100 Justice Way

Somerset, NJ 08873

Dear Judge Gonzalez,

I am writing on behalf of James Lee, who is scheduled to appear before your court on November 5, 2024, concerning charges related to a traffic offense. My name is John Peterson, and I have known James for over 15 years as a close friend and business partner.

Throughout the time I have known James, I have seen many examples of his virtues, including integrity, reliability, and empathy. For instance, James has been actively involved in our local community center, where he volunteers every weekend to tutor children in math and science. His dedication to helping underprivileged students has made a significant impact on their educational progress and self-esteem.

James has expressed deep remorse and understanding regarding his actions that led to the current situation. I believe this event is not indicative of his true character. He has always displayed a strong sense of responsibility and commitment to his family and community.

I sincerely request that you consider his history and the character witness provided by myself and others when deliberating his sentence. James has made positive contributions to the community and has shown genuine regret and a desire to make amends.

Thank you for considering my perspective on this matter, and please feel free to contact me at (908) 555-1234 or john.peterson@email.com if you require further information or additional instances of James's character.

Respectfully,

[John Peterson Signature (if sending a hard copy)]
