Dear Mom and Dad,

Thank you so much for everything you do for me! I am very grateful for your love and care. You help me with my homework, make yummy food, and play fun games with me.

I really like when we spend time together. You always make me feel happy and special.

Thank you for cheering me up when I am sad and for celebrating with me when I do well.

I love you both very much. Thank you for being the best parents ever!

Love,

Emily
