WELCOME LETTER

Dear University Recreation Facility Supervisor:

Your position as a Supervisor ranks as one of the most senior jobs a student can obtain within University Recreation. Only those that show the highest of integrity and possess the leadership traits that UREC embodies excel in this position. This person has to be comfortable and confident with many aspects within UREC. Skills in customer service, facility management, and emergency response make up the three vital components of this position.

This position is responsible for a multi-million dollar facility, the staff and guests/members within our facilities at all times. In addition to keeping student staff stay on task and the hourly count gets done, this job is about making UREC a truly fun, safe, and enjoyable place for all those we serve.

This manual will help you become familiar with what you should expect on the job and what will be expected of you. Keep in mind that not everything will be listed in the manual, and should you experience a situation that is not addressed, use your best judgment in solving the problem.

Please let us know if you have any ideas or suggestions on making the UREC experience an incredible one.

Sincerely,
University Recreation Staff

Scheduling Policies:

- You are allowed to work 20 hours per week during non-holiday weeks.
 - A “week” is considered Saturday morning to Friday night.
 - The 20 hours/week rule is for any state job. Therefore, if you work at University Recreation and another campus building, a government building, or any other department that is paid by the state you are only allowed to have 20 hours TOTAL amongst the different departments you work.
- A “holiday week” is any week in which we do not have school one or more days in that week.
 - During a full holiday week you may work up to 40 hours, and any week with 1 or more days off of school you may work an additional 4 hours per day.
- The “weekend” schedule is considered Friday at 5:00pm – Sunday 11:30pm
- It is the employee’s responsibility to track hours and not go over the maximum hours allowed.
- An employee cannot work more than 8 continuous hours without taking a 30 minute break off the clock.
- Scheduling of Holiday Weekends (Fall Break, Thanksgiving, Mardi Gras, etc.) and Finals Week:
 - Generally voluntary weekends, unless no one signs up.
 - If no one signs up, the Assistant Director or Graduate Assistant will assign you to a shift.
 - You are expected to work at least one holiday weekend each semester.
 - Just because you work one of the holiday weekends does not guarantee that you will not be scheduled for the other holiday weekend if no one signs up; however, it will be taken into consideration that you worked the previous holiday weekend.

- For example: In the fall semester, you should work either Fall Break or Thanksgiving, in the spring you should work Mardi Gras or Spring Break.
- Finals week is scheduled in the same format. However, everyone is expected to work during finals week. The number of shifts required will depend on number of employees for that semester. If the schedule is not filled, the Assistant Director or Graduate Assistant will assign Finals Week shifts.
- If you cannot work a shift that you are assigned, you must find a substitute to fill that position.
 - To find a substitute, first place your shift on the WhenToWork tradeboard (more information following).
 - If no one picks up your shift, you must email, call, or ask all the other facility supervisors. Contact information can be found under the “Staff” page on WhenToWork.
 - Start looking for a substitute in advance; do not wait until the day before to start trying to find a substitute!

Staff meetings

- Facility supervisor meetings are held bi-weekly. Attendance is mandatory. Failure to show up will result in a negative action form.
