Student Photograph and Video Consent Form

The purpose of this parental/guardian consent form is to obtain permission for your child to appear in any videotapes or photographs that are created for the purposes of improving instruction or documenting important events at his/her school.

Photographs and video images of students in the Bangor School Department are often taken for the purpose of celebrating student achievement and sharing educational programs with the community. In addition, many of our teachers participate in courses that ask them to videotape their teaching and then later critique their instructional practices. Your child may appear in one or more of these video segments or photographs. Under no circumstances will the district release personally identifiable information with such images, other than the child's first name and grade.

Please check one of the following choices:

___ I/We GRANT permission for a photo/video image that includes this student to be shared by the Bangor School Department.

___ I/We DO NOT GRANT permission for this student's photo/video image to be shared by the Bangor School Department

Student's Name (please print) _____ Grade _____

School _____ Teacher _____

Name of Parent/Guardian (please print) _____

Signature of parent/guardian _____ Date _____
