(555) 123-4567

Objective

Enthusiastic and dedicated high school junior with a strong passion for environmental science seeking a summer internship to gain hands-on experience in environmental research and conservation efforts. Brings commitment, leadership, and a willingness to contribute to meaningful projects.

Education

Springfield High School, Springfield, IL

Expected Graduation: May 2025

GPA: 3.8

Achievements

- Honor Roll for four consecutive semesters.
- Second place in the Illinois State Science Fair 2023 with a project on the effects of pollution on local ecosystems.
- Co-founder and president of the high school's environmental club, leading several successful community clean-up projects.

Experience

Volunteer Coordinator - Springfield Community Center, Springfield, IL

June 2023 – August 2023

- Organized weekly volunteering events, including local park clean-ups and recycling drives, engaging over 30 participants each time.
- Coordinated with local businesses to sponsor environmental awareness campaigns, increasing community participation by 25%.

Volunteer Work

Tutor - Springfield Literacy Program, Springfield, IL

September 2022 – Present

- Tutor underprivileged elementary school students in math and science, helping improve their test scores by an average of 20%.
- Developed interactive learning materials that enhanced students' interest in science.

Skills

- Proficient in Microsoft Office Suite (Word, Excel, PowerPoint)
- Effective communication and teamwork skills
- Basic knowledge of Python and environmental data analysis

Extracurricular Activities

- President of the Environmental Club, leading initiatives on sustainability and conservation.
- Member of the varsity tennis team, contributing to team strategy and mentoring younger players.
- Active participant in the school's science club, organizing guest speaker events and science workshops.

Certifications

- CPR and First Aid Certified by the American Red Cross, March 2023
- Introduction to Python Programming, Certificate of Completion, Coursera, July 2023
