

## COMAPANY PROFILE

Trade Name: **OKANO TRADING CO., LTD.**

Representative Director: Masatoshi Okano, President

Date of Establishment: October 24, 1947

Capital Stock: 72,000,000.Japanese Yen

Business: 1.Sales of various valves , pipe line equipments , industrial equipments & environment-related equipments.

2.Repair and maintenance services for plant facilities and equipments above mentioned area.

License of Construction Business :

Machine & Equipment Installation work

Plumbing work

(Licensed by Fukuoka Prefectural Governor:Special62 52146)

Steel Structural work

(Licensed by Fukuoka Prefectural Governor:Ordinary62 52146)

Registered Head Office:1 17, Nakamachi, Moji-ku, Kitakyushu-shi , Fukuoka,800-0039

Number of Employees: 80

Annual Sa1es: 12 billion yen

Members of The Board

President : Masatoshi Okano

Executive Director: Kenji Okano

Director: Masahiko Okano

Director: Tatsushi Yanagida

Auditor : Masaki Okano

## BRANCH LOCATIONS

Head Office:1-17, Nakamachi, M0ji-ku, Kitakyusyu-shi, Fukuoka, 800-0039

## HISTORY

Our company was established in moji-ku, Kitakyusyu on October 24, 1947 by the late Mitsuru Okano, as a marketing board of Okano Valve Mfg.Co., Ltd. for the purpose of developing the market of high temperature and high pressure valves for thermal power plant and chemical industry.

Since then, we have been selling various valves, joint bolt and anti seizing devices "SMOCON" as the sole sales agent of Karatsu Valve Industries Co., Ltd. and Supero Kikai Kogyo Co., Ltd., gradually expanding business, opened business offices in Tokyo, Osaka, Kitakyusyu, Chiba, Yokkaichi, Hiroshima, and Nagasaki.

In this way, we have developed as a specialized trading company dealing with various valves, bolts, super-high pressure parts and furthermore industrial equipments.

The sales activities to customers we have engaged in range widely ,from steel industries to machinery, electric power, petroleum, chemical, paper & pulp, shipbuilding, local government etc..

To answer the customer's expectation and accomplishment of our company's management policy "Products for the real benefit of customers", we are promoting diversification of products and development of superior products actively.

- 1947 October: Established by the late Mitsuru Okano
- 1948 April: Opened Osaka Office
- 1949 October: Consigned manufacturing OTC brand(abbreviation of OKANO TRADING CO., LTD.) valves to Karatsu Valve Industries Co., Ltd., and as the sole sales agent of Karatsu Valve, we have been engaged in marketing valves to various customers.
- 1950 January: Started sales of products of Supero Kikai Kougyo Co., Ltd. established by the Mitsuru Okano, manufacturer of bolt nut for high temperature and Pressure, as the sole sales agent.  
Developed anti seizing compound for threads and began sales of brand name "SUMOCON".
- 1954 November: Opened Tokyo Office.
- 1959 April: Opened Yokkaichi Office.
- 1967 May: Opened Chiba Office.
- 1967 September: Opened Hiroshima Office.
- 1971 May: Increased capital to 18 million yen.
- 1971 December: Inaugurated Masami Okano as President

- 1972 July: Opened Nagasaki Office.
- 1975 May : Okasyou Service Co., Ltd. was established for the base of Valve Maintenance service in east Japan.
- 1994 March: Established Shin Nichinan Co., Ltd.  
We are promoting business of the Enviroment-related equipments aggressively.
- 1996 May : Inaugurated Masatoshi Okano as President
- 1999 February: Increased capital to 72 millon yen.
- 2000 August: Opened Kitakyusyu Works
- 2002 January: Opened Seoul Office in Korea

## SUPPLIERS AND LINE OF PRODUCTS

### Affiliated Company

Okano Valve Mfg. Co., Ltd .

Various types of cast and forged steel valves and fittings for thermal & nuclear power plants, marine service, chemical industries, sub-zero temperature service and other industrial services.

Listed on the second sections of the Tokyo Stock Exchange.

<http://www.okano-valve.co.jp/index.html>

Karatsu Valve Industries Ltd .

Cast and forged steel valves for medium, low pressure, valves for low temperature motor operated valves, valves with jacket, valve maintenance service.

Main Steam Stop Valves for Steam Turbine

Reheated Steam Isolation Valves

Extraction Steam Check Valves

Supero Kikai Kogyo Co., Ltd .

Joint bolt nut for high temperature high pressure and nuclear power equipment, large bolt nut for turbine casing, valves and parts for super-high pressure bends T-pipe and flanges for super-high pressure, anti seizing device for high temperature and high pressure "SUMOCON", furthermore manufacture the parts of hyper gas compressors and other various equipment in the LDPE plants.

Okasyou Service Co., Ltd.

Valve maintenance service

Shin Nichinan Co., Ltd.

Agitating & Pelletizing equipment " DOW MIXER"

(Twin shafted horizontal u-type trough continuous Pug Mill)

Heavy Metal Insolubilization Systems

By using a chelating agent , insolubilize at a normal temperature, hazardous heavy metals such as lead (Pb) and cadmium (Cd) contained in the ash collected from various incinerators.

### Piping Equipment

#### VALVES

KITZ Corporation

KITZ Corporation has supplied products for applications ranging from the home to industrial processes as a manufacturer of valves and other devices for the control of fluids. Industrial applications range from oil and chemicals to pharmaceuticals and food processing.

<http://www.kitz.co.jp/english/index.html>

Nakayama Steel Works, Ltd.

Large and special butterfly valves

<http://www.nakayama-steel.co.jp/e/index.html>

#### PUMPS

Furukawa Co.,Ltd .

Pumps, Coal Handling Systems

[http://www.furukawakk.co.jp/e\\_index.htm](http://www.furukawakk.co.jp/e_index.htm)

Kansui Pump Co.,Ltd .

Pumps

Honda Kiko Co.,Ltd.

Stainless Pumps

#### FLOEMETERS

OVAL Corporation

P/D Flowmeter, Coriolis Flowmeter, Vortex Flowmeter

<http://www.oval.co.jp/>

#### RUPTURE DISK

Fike Japan Corporation

Rupture disk

<http://www.fikejapan.co.jp/>

## VALVE ACTUATOR

Union Giken Kogyo Co.,Ltd.

"UNI-HANDLER" is a powerful and practical device for opening and closing valves by attaching the flexible shaft and drive section.

Seibu Electric Co.,Ltd .

Electric Valve Actuator

<http://www.seibudenki.co.jp/e-actuator/e-index.html>

Nippon Gear Co.,Ltd.

Electric Valve Actuator "LIMITORQUE"

<http://www.nippon-gear.co.jp/en/>

## Industrial Facility and Equipment

### HEAT EXCHANGERS

Sasakura Engineering Co.,Ltd.

Noise Control Technology

Air-Cooled Heat Exchanger Technology

Heat Pipe Technology

<http://www.sasakura.co.jp/index2.html>

SPC., Ltd.(Korea)

L.P & H.P Feed Water Heater

Dearerator

Steam Surface Condenser

Accessory for Turbine & Generator

Applicable Code: ASME Section Div. 1, Section ,B31.1

Design Tasks: Basic design ,Thermal Rating & Strength Calculation

<http://www.spcltd.co.kr/>

### STEEL STRUCTURE

Fuji-High Engineering Co.,Ltd .

Pressure vessel

Wet seal gas holder

Cone roof tank

Steel stack supported by steel tower

Steel stack independent type

Nishimura Iron works Co.,Ltd .

Internal bucket conveyor"IB-CNVEYOR"

<http://www2.saganet.ne.jp/nisimura/>

Yoshino Rubber Industrial Co.,Ltd.

Steep Slope Belt Conveyor [S-Con]

[http://www.yoshino-rubber.co.jp/pages/html/e\\_index.html](http://www.yoshino-rubber.co.jp/pages/html/e_index.html)

ENVIRONMENT IMPROVEMENT EQUIPMENTS

HORKOS Corp.

Dust Collector(Bag Filters)

<http://www.horkos.co.jp/default-e.htm>

OTHER EQUIPMENTS

Yoshikawa Corporation

Feeder of powder & bulk solids "CIRCLE FEEDER"
