Dear Mr. Masik:

Please accept my enclosed resume in application for your advertised Technical Support Analyst/Engineer. I am confident that my education and experience have prepared me for the position that you have available, and my unique abilities will enable me to contribute significantly towards your objectives.

My background includes a B.S. degree in Electronics and Communications Engineering and a M.S. degree in Electrical Engineering (Computers and Communications emphasis) along with the following professional and project experience:

- Providing Software Support for the Terminal Automation System for Daniel Measurement and Control (India) Pvt. Ltd. at various customer sites.
- Providing Technical and Network support in the computer laboratory with the domain of 30 workstations.
- Advanced knowledge of semiconductor memory design including SRAM, DRAM and Flash memories.
- Project Experience of designing SRAM 6-T bit cell and Flash Charge Pump Circuits
- Designing schematic diagrams of the digital and analog circuits and simulating them using various application tools like Pspice, Xilinx, Protel, and L-edit.
- Excellent course work and project work experience, which covers advance aspects of Electrical Engineering.

I thrive on new challenges, and my innovative approach along with my desire to learn, will prove to be an asset to my employer. I look forward to a personal interview to discuss with you how I can best serve Lite-On USA International.

Sincerely,

Vishal Shah
