# Introduction

Perhaps text message or SMS as we know it should be listed among one of the world's greatest inventions. It has brought a new dimension to communication. Its simplicity and ability to convey emotions is very powerful.

But there is one problem that people face when they want to send text messages to people: they know how they feel but they don't know the words to use to convey the feelings.

In this report, we've gathered powerful text messages from around the Web to get your creative juice flowing. Look upon them as samples. Feel free to use them the way they are. Swipe them as you will. We hold no copyright to any of them.

In some of the text messages, we include the name "John" because we believe text messages should be personalized to increase its effectiveness. Simply remove the name and insert the name of your recipients.

Always remember to put your own name in the message. That's one of the etiquettes of SMS communications.

To make it trendy, use an online bulk SMS like [www.5starsmsg.com](http://www.5starsmsg.com) to send SMS. 5star SMS enables you to send SMS with branded sender ID. You can even schedule many SMS to be delivered every day or every week or every month or any timing you want.

And the good news is that it is very, very cheap. The price is as low as one naira.

Alright then, scroll to the next page to see what we have in store for you.

Enjoy.

Dear John, you are my one true love. You are my destiny. I love you more today than I did yesterday, and I'll love you more tomorrow than I do today. Loving you is the only thing that makes life worth living. I love you and I always will until I die. Please forgive me for all the hurt that I have caused you in the past. Love always,

---

Dear John, let me start by saying that I thank God every night since I found you. You came into my life when everything seemed so dark but you provided the light to find my way.

---

Dear John, ever since you walked into my life I have been smiling. There hasn't been a night when I have gone to sleep with a frown on my face, and it's all because of you.

---

Honey, I am glad that you came into my life. I have always wanted the love of my life to be understanding, loving, caring, and faithful. I wanted someone who would accept me for who I am. I know that I've found that person in you. I love you.

---

Thank you for everything, honey. I pray to God every day to bless you with everything you deserve. I will love you until the end of time.

Keep a special place for me  
In your heart, not in your mind!

Can be dangerous for you  
Because people say I am

Smile a smile tomorrow that you may keep.

I'm afraid to close my eyes because I might think of you.  
I'm afraid to open them because I might see you.  
I'm afraid to move my lips because I might speak of you.  
I'm afraid to listen because I might hear my heart fall for you.  
I love you, John.

---

Keep on planting good deeds.  
In his own time, and in his own way, the Lord will send the harvest.  
Like He sent you to me.

---

The sun had risen from the east and birds are singing happily and butterflies are around the flowers. It is time to wake up and give a big stretch and say good morning to you...
