Mustang Original Underdash A/C Systems

Original 1964½-68 systems do not require a trade-in for the underdash unit, but up to \$200* trade-in allowance is offered for suitable cores for 1964½-66 units. Other original engine brackets, pulleys, clutches and in-dash parts are also welcome as additional trade-ins value or for outright sale.

* Please note - Not all cores are created equally. The type of unit and it's condition at the time of receipt in our facility will dictate the actual value of cores.

Part#	Part Description	Price
