

Combining Like Terms “Dot” Game

A Game for 2 Players

Combining Like Terms “Dot” Game

Rules: Player take turns connecting any two dots with a line. If a player’s line closes a box, he or she shades in the box, adds the term in the box to his or her score, and takes another turn. The same player keeps going until his or her line does not close a box. In the end, the player with the highest total amount of x terms wins. Note: Each player must take their turn (no passing), and each player must add the term in every box he or she closes to his or her score. Keep playing until all the boxes are shaded in. Some lines have already been drawn in for you.
