

High performance. Delivered.

Corporate Finance – Client Financial Management Analyst

Join Accenture and help transform leading organizations and communities around the world. The sheer scale of our capabilities and client engagements and the way we collaborate, operate and deliver value provides an unparalleled opportunity to grow and advance. Choose Accenture, and make delivering innovative work part of your extraordinary career.

People in the Corporate Function career track contribute to the running of Accenture as a high-performance business through specialization within a specific functional area, and grow into internally focused roles by deepening their skills and/or developing new skills within an internal functional area.

Finance professionals prepare and interpret financial plans and reports, ensuring accuracy and compliance with applicable financial rules and regulations, including internal financial controls, to mitigate risk for the company. Finance professionals may also shape and execute client deals to maximize the use of Accenture's capital and resources, manage cash and/or liaise with the investor community.
