

RESUME

John E. Bosio

Phone: (303) 460-8060 work

EDUCATION:

1970-1975 B.S. Civil Engineering and Construction Administration (Business),
University of Wisconsin – Madison, graduated with honors

WORK HISTORY:

Summer 1970, 1971 & 1972 – Adolfson & Peterson, Inc., Wausau, WI, General office, estimating, cost accounting, and field engineering.

8/74-2/82 – Orville E. Madsen & Son Inc., Madison, WI, Estimator/project manager on industrial, wastewater treatment, commercial, and renovation projects. Duties included complete estimating and pricing for competitive bids and conceptual estimating for negotiated projects. Project management duties included full responsibility for scheduling, contract negotiation, owner relations, and sales presentation.

I handled up to five major projects at one time with total construction value of about \$30 million dollars. Individual projects ranged to \$15 million in size.

In 1979 I was promoted to an officer of the company.

2/82-2/86 – Madsen Western Corporation, Denver, CO, Vice President and Divisional Manager of the Denver Regional Office. Responsible for opening the branch office and directing estimating, engineering, and construction operations in the Rocky Mountain States. I supervised the estimating staff on competitive bidding of major commercial and industrial projects as well as construction management, and design-build contracts. Total volume of work reached approximately \$50 million in 1984-1985.

Special projects including assisting in drafting new corporate subcontractor agreements, developments of custom project management and estimating computer programs, and guest lecturer at Colorado State University.

2/86-1/90 – Raymond Restoration of Colorado, Inc., Broomfield, CO, Manager of a subcontracting firm that specialized in concrete and masonry restoration, waterproofing, caulking, epoxy coatings. Responsible for all phases of business including estimating, marketing, purchasing, and manpower allocations.

2/90-Present – Restoration Specialists, Inc., Broomfield, CO, Vice President and Co-owner of subcontracting firm that specializes in concrete and masonry restoration, waterproofing, caulking, expansion joints, and deckcoatings. Responsible for estimating, project management, marketing, purchasing, and manpower allocation.

Designations:

Registered Professional Engineer – State of Wisconsin & Colorado.
1975 Outstanding Engineering Award – University of Wisconsin College of Engineering.
