

# Business Partnership Proposal

## *Directions:*

You have been asked to create a presentation which details a potential partnership between the business you work for and another business in Atomsville.

1. Create a new PowerPoint presentation using a template and save it as *Business Partnership Proposal*.
2. Log on to the Atomsville website or open the Atomsville Business Guide and choose another business with which your business could partner in an event, such as a sale or product promotion (or use your plan previously created in the Word project).
3. Create a slide with a description of your partner business in the form of a bulleted list, as well as a slide with a description of your business in the form of a bulleted list.
4. On another slide, describe why you chose the potential partner business and how the two businesses will become partners.
5. Include at least three potential partnership event ideas; including dates, products included, etc.
6. The *Business Partnership Proposal* presentation should be at least five slides total.
7. Save the presentation.
