Various Clients

Nationwide

2000 – Present

Thoroughly enjoying all aspects of collaborating with clients to help their businesses reach their goals through targeted web design and development, web maintenance, email marketing, website hosting, creating print collateral and marketing materials, copywriting, search engine optimization and social media optimization.

### **Website Developer & Graphic Designer**

J Group Advertising

Bangor ME

September 2008 – August 2010

Responsible for honing in on the needs of website clients and then designing and programming websites based on these needs. Assisting with print design projects and managing them as needed.

### **Website Developer & Graphic Designer**

Nancy Marshall Communications

Augusta ME

July 2006 – September 2008

Responsible for all incoming web and graphic design projects. Received new website clients, created concepts, proposals and estimates for website and graphic design projects. Designed and developed numerous PHP-coded sites which utilized MySQL database driven content management systems. Graphic design creation of brochures, identity packages, press kits, etc. Collaborated with clients, vendors and co-workers.

### **Website Developer**

Webb Design, Inc.

Taos NM

Sept 2003 – June 2006

Received new website clients, created concepts, proposals and estimates for new website projects. Designed and developed numerous PHP-coded sites which utilized MySQL database driven content, owner-managed areas and some with Flash ActionScript components. Sometimes worked with a team; both as team leader and member. Created print pieces when part of a website project. Also managed the company's network and other IT tasks.

### **Website Designer**

WhippleHill Communications

Bedford NH

Nov 2000 – July 2003

Conceptualized and produced overall site layout, navigation, graphics and Flash components, when applicable, for seventeen websites; assisted in design of several others. Six sites received national or district awards. Was the main contact in the design department after the Creative Director.

### **Web Calendar Administrator & Consultant**

Museum of Fine Arts

Boston MA

March 1999 – August 2000

Responsible for maintaining the calendar on the museum's internet. Repaired and reorganized already installed web pages on the museum's intranet. Created web pages and posted memos for departments in the museum. Created the MFA's online handbook and several downloadable screen savers as a consultant.

### **Design Intern**

Books By Design

Cambridge MA

January – May 2000

Designed textbook layouts, graphics for specific chapters, graphs, charts and illustrations. Wrote and checked specs, scanned and re-sized photos, prepared castoffs and proofread copy were also some of my responsibilities.

Proficient in HTML, PHP, CSS, MySQL, jQuery, Adobe Photoshop, Adobe InDesign, Adobe Illustrator, QuarkXPress. Knowledge of Flash, ActionScript, UNIX, Javascript and CD-Rom and DVD production.

Advanced painting, drawing, sculpting, woodworking and carving skills.

Enjoy outdoor activities including hiking, camping, rock climbing, yoga and gardening.
