Objective

Highly motivated and results-driven accountant with over 5 years of experience in financial management and accounting within multinational settings. Proficient in handling complex accounting operations, compliance, and reporting across Europe and Asia. Seeking to bring expertise in financial analysis and strategic planning to IBM.

Professional Experience

Senior Accountant | ExxonMobil, New York, NY

January 2018 – Present

- Managed accounting operations, consolidation, and financial reporting for subsidiaries across Europe and Asia.
- Led a team of 10 accountants in the preparation of annual financial statements in compliance with IFRS and GAAP.
- Spearheaded the automation of invoice processing, reducing monthly processing time by 30% and increasing accuracy.

-
- Collaborated with international teams in the UK and Singapore to implement cost-saving strategies, achieving a 15% reduction in operational expenses annually.

Accountant | Chevron, Houston, TX

June 2013 – December 2017

- Conducted detailed variance analysis and financial forecasting as part of the financial planning and strategy team.
- Assisted in tax preparations and ensured compliance with both U.S. and international tax regulations.
- Regularly interacted with external auditors to facilitate annual audits and maintain compliance with external financial reporting standards.
