

SAMPLE E-MAIL INVITE FOR YOUR RESOLUTIONS WEEK EVENT

(This is a fairly standard invitation – you can use your own thoughts or ideas to personalize it – think about what would make your friends excited to come and go from there...)

Dear [Friend],

I would like to invite you to attend a **city/town council meeting / public forum** as we move forward a local resolution calling for a constitutional amendment overturn the Supreme Court's disastrous *Citizens United* ruling, take democracy off the auction block, and preserve constitutional rights for people not corporations.

Similar events are taking place across the country, as citizens everywhere continue to mobilize against the power that big money has over our political process. The momentum is building; cities and towns coast to coast are organizing to make their voices heard about the need to overturn this ruling.

These communities are set to join nearly 275 city and town councils nationwide, ranging from Los Angeles and New York to Duluth, Minn., and South Miami, Fla., that have called for a constitutional amendment, as well as state legislatures in Hawaii, Maryland, Vermont and New Mexico, and ballot initiatives that have been passed by voters in cities and town such as Missoula, Mont., West Allis, West Vir., and Boulder, Col.

The event will start at ___ p.m. and end at ___ p.m at **Town/City Hall, [address]**.

You can RSVP and find out more at the following link:
