NEXT STAFF MEETING – AUGUST 24 10:00 AM

“When students graduate from my high school, I want them to be able to answer two key questions: What do I do well? And what do I love to do?” ~Edward Bouquillon

“Giving someone time-management advice like ‘work smarter, not harder’ is the same as giving someone weight-loss advice like ‘eat fewer calories than you burn’ – accurate but useless. It’s not surprising, then, that in both weight loss and personal productivity we are prone to look for quick fixes, the ‘one weird trick’ that will make everything fall into place. But there are no quick fixes on either front. You just have to go back to the accurate but useless advice, figure out how to make it useful for you, and then do it.”

~Malanie Nelson in “Productivity Takes Work” in *The Chronicle of Higher Education*
