If you choose the later, run a highlighter over those songs you absolutely love. Put a line through the songs that you absolutely hate and don't want played.

Then leave the rest so that The Wedding DJ can ensure that the music flows.

Bear in mind that a typical wedding reception has guests of all ages.

So only put a line through the songs that you absolutely hate.

**Once you've done this post to PO Box 242 Coopers Plains 4108
or email to info@djweddings.com.au**

Songs average about 3½ minutes each.

That's about 17 songs per hour x 5 or 6 hours =

a typical wedding will involve only 90 – 100 songs

This is page 1 of 58 pages – scroll down for music list
