COMPENSATION

The HR receives the full value of room and board for the year (which was \$15,470 for 2015-2016). If the HR is not available to work for the full 3 weeks or has significant additional commitments during January term they will not be compensated for the three weeks of the term. This will result in their compensation package being short \$230 (approx.) of the total cost of room and board for the year.

As an example of how compensation is distributed, last year the amount of \$3,600 for the year was disbursed in stipend form via bi-weekly checks. This left a balance of \$3,600 which you would be responsible for paying, either through your stipend or through your student account. The HR's compensation will be prorated if her/his start or end date differs from the standard contract dates.

The HR may not hold a second campus job, regardless of whether or not she/he receives financial aid. The HR may supplement her/his earnings with spot jobs and off-campus positions, after discussion with the AC.

The HR must file I-9 and W-4 forms with the Student Payroll Office prior to employment. The HR's paychecks will not be issued if these forms are not completed.

CONTINUATION

The HR must sign the Contract for Employment for Residence Life Student Staff Members.

The HR must be a full-time matriculated student at Smith College throughout the period of employment and must maintain a 2.5 cumulative GPA.

The HR will be terminated at any time as a result of:

1. Violating the College's Alcohol Policy
2. Harming or threatening to harm another person

The HR's employment may be terminated at any time as a result of the following conditions:

1. Violation of College policy;
2. Academic probation;
3. Failure to comply with the conditions of a warning or probation, as issued by the AC;
4. Unsatisfactory job evaluation;
5. Withdrawal from the College.

Resignation should be discussed with the AC. In the event of resignation or termination, the HR will vacate her/his assigned room/suite and return all keys to the AC or the Housing Coordinator within 72 hours. Staff members who leave their position mid-year may not continue to live in the same house in which they were a staff member. The Housing Coordinator will reassign the former HR to a new room.

Continuation of the appointment, and the remuneration and benefits, is dependent upon satisfactory job performance and student status with the college.

Important Note

These stipends may affect the HR's financial aid allotment. Because financial aid packages differ from student to student, any student interested in the HR position should contact the Financial Aid Office for information about how the financial aid package may be affected. No student whether on aid or not may hold more than one "permanent" job on campus. This means that you cannot hold a second campus job; however, you may supplement your primary earnings with spot job earnings. The limitation of one

primary job per student is to insure equity and opportunity among all students at Smith and has no bearing on whether you are on financial aid or not.
