Aiphone reserves unto itself the sole right to make the final decision whether there is a defect in materials and/or workmanship; and whether or not the product is within the warranty. This warranty shall not apply to any Aiphone product which has been subject to misuse, neglect, accident, power surge, or to use in violation of instructions furnished, nor extended to units which have been repaired or altered outside of the factory. This warranty does not cover batteries or damage caused by batteries used in connection with the unit. This warranty covers bench repairs only, and any repairs must be made at the shop or place designated in writing by Aiphone.

This warranty is limited to the standard specifications listed in the operation manual. This warranty does not cover any function that is added by users or suppliers when used in connection with third party products. Please note that any damage or other issues caused by a failure to use the unit in connection with Aiphone products are also not covered by this warranty. Aiphone will not be responsible for any costs incurred involving onsite service calls. Aiphone will not provide compensation for any loss or damage incurred by the breakdown or malfunction of its product during use, or for any consequent inconvenience or losses that may result. Proof-of-purchase is required to verify warranty period from the date of installation.

**Products Warranty Periods:**

From the date of delivery to the ultimate user, audio intercom products are warranted for a period of one (1) year, video intercom products are warranted for a period of two (2) years, and the NHX Nurse Call System and MarketCom System (excluding coil cords) are warranted for a period of three (3) years. Systems installed with Aiphone wire are extended by one year, not to exceed 3 years total. (Proof-of-purchase or installation date is required.)
