

Office of Foundation Relations

Foundation Prospect Research Request Form

Please complete this Foundation Prospect Research Request Form and send as an e-mail attachment to the Office of Foundation Relations Researcher (meredith.dorneker@northwestern.edu).

Our office is typically able to respond to foundation research requests with a detailed analysis of potential private foundation funders within 2 weeks, depending on current research volume. Proposed projects should fit within the University's mission of teaching and research. If you would like to begin searching for foundation funding opportunities, we encourage you to explore our website and the [Foundation Directory Online](#) database.

Name:

Department:

E-mail:

Phone Number:

Name of Principal Investigator/Project Leader:

University Status of the Principal Investigator/Project Leader:

Tenured or Tenure-Track Faculty Member

Visiting Faculty Member

Research Faculty Member

Staff

Postdoctoral Fellow

Other

Does the Principal Investigator/Project Leader plan to collaborate with colleagues at Northwestern or other institutions on this project? If so, briefly describe the collaboration.

Project Information

Proposed Project Title:

Provide a summary of your proposed project:

What type of support are you seeking?

Please list general keywords and terms that describe your project's field and can be used to guide our database search.

What is the expected outcome of the proposed project? How will this project impact the community outside of Northwestern?

Anticipated Project Start Date (month/day/year):

What is your total estimated budget for the project? Over how many years?

Are you currently seeking other avenues of funding for this project? If so, please describe below.
