Dear

Well --- we did it! The [title or description of event -- example: *June 15<sup>th</sup> Egg Toss Against Breast Cancer Party*] was a resounding success. Over [describe event -- example: *30,000 eggs were tossed, 25 survived intact*] and [amount of money raised - example: *over \$55,000*] was raised for Breast Cancer Action. Your contribution and thoughts were greatly appreciated by all who participated.

During the next year, BCA will move forward with key initiatives such as Access to Care, Prevention First, and Think Before You Pink. A brief summary of these efforts is enclosed.

Again --- I truly appreciate your support and thoughtfulness. To put feelings into positive action is a powerful antidote for hopelessness. Thank you for your contribution.

Sincerely,
