General Information: This form helps gather return to work information and minimize release of medical information to a supervisor when returning from a leave of absence or use of Sick Leave for an employee's own medical condition. **If an alternate release form is used, please do not include diagnosis or treatment information.** This form is submitted by the employee to Human Resources Leave Administration. For more information about workplace accommodations, contact Annette Rabago, Assistant Vice President Human Resources and UTSA ADA Coordinator at 210-458-4031 or email ADA@UTSA.edu

GINA Notification to Health Care Providers: The Genetic Information Nondiscrimination Act of 2008 (GINA) prohibits employers and other entities covered by GINA Title II from requesting or requiring genetic information of employees or their family members. In order to comply with this law, we are asking that you not provide any genetic information when responding to this request for medical information. 'Genetic information,' as defined by GINA, includes an individual's family medical history, the results of an individual's or family member's genetic tests, the fact that an individual or an individual's family member sought or received genetic services, and genetic information of a fetus carried by an individual or an individual's family member or an embryo lawfully held by an individual or family member receiving assistive reproductive services.
