Figures shown are based on a representative example and are not guaranteed. The product quoted for is only one of a number of products which may be available and which may be more or less suitable, depending on your needs and circumstances. Your representative/dealer will be able to provide you with more information. Finance is arranged subject to status and terms and conditions.

Mann Island Finance Ltd, 5 St. Paul's Square, Liverpool, L3 9SJ, T: 0370 600 6668

Mann Island Finance Limited is authorised and regulated by the Financial Conduct Authority for credit-related regulated activities. Registered office: 2, Gresham Street, London, EC2V 7QP. Registered in England. Company registration no. 02750308. Part of the Investec group of companies. Mann Island Finance Limited is a credit broker not lender. Business customers may not be protected under the Consumer Credit Act 1974 or the rules of the Financial Conduct Authority.

IMPORTANT – Use of your Personal Information: Mann Island Finance Data Protection Notice

Mann Island Finance Limited is a credit broker, which is part of the Investec group of companies and which arranges finance, predominantly in the automotive sector, for both retail and business customers. We can introduce you to a number of lenders who may be able to finance your purchase. We can only introduce you to these lenders. One of these lenders is MI Vehicle Finance Limited, a linked company, also part of the Investec group of companies.

In order to consider your application for finance, we will ask you to provide financial and other personal information about yourself (your "Personal Data"). Your Personal Data is protected under the Data Protection Act 1998. The following notice summarises some key information about how we process your Personal Data. If you would like a more detailed explanation of how we will manage your information and your rights to access the information we hold about you, please refer to our Investec Group Data Protection Statement (the online Data Protection Statement), which can be found at www.investec.co.uk/dataprotection.

Our entry on the public data protection register maintained by the Information Commissioner's Office also describes how we process personal data and can be inspected using its search facility at <https://ico.org.uk/esdwebpages/search>.

By making an application for finance through us, you agree that we can use and disclose your Personal Data in the ways described in this notice. We will always process your Personal Data in accordance with the requirements of the Data Protection Act 1998 and any related legislation, as amended from time to time.

Transmission of your Personal Data

Where you provide your Personal Data to a dealership for the purpose of applying for credit through us, it will be recorded by the dealership and may be transmitted to us through the internet. While we and the dealership will take all reasonable security precautions to protect your Personal Data, the nature of communication on the internet is such that we cannot guarantee its security. Any transmission is therefore at your own risk but once we have received your information, we will use strict procedures and security features to prevent unauthorised access.

Sharing your Personal Data

Your Personal Data will be used by us to process your application and we may disclose it to other Investec Group Companies as part of that process, including MI Vehicle Finance Limited. We and other Investec Group Companies may also process your Personal Data for credit-checking or fraud-prevention purposes in the future and may also share it with fraud prevention and credit reference agencies (see below for further details about this). Other than in relation to marketing (in respect of which we will ask you to indicate your preferences separately only if you decide to proceed with finance arranged through us), we will process your Personal Data in the ways described in the online Data Protection Statement, as amended from time to time.

We will also share your information with lenders in order to obtain quotes and to process finance applications through them.

Credit Assessment

When assessing your application for finance, we may use a credit-scoring or other automated decision-making system. We may also look at records that we or other Investec Group Companies hold about you. In addition, we may look at records held with credit reference agencies (CRAs). CRAs can give us public information (e.g. data on the electoral register), as well as non-public credit information shared between organisations. When CRAs receive a search from us, they will place a 'footprint' on your credit file, but this can only be seen by you and not by other organisations (eg, lenders) accessing the CRA data.

If you wish to know which CRAs we have supplied your details to or to obtain further information about how those details are used, please contact us by one of the means specified in the "How to Contact Us" section below.

Lenders to which we have passed your Personal Data for the purpose of arranging finance may also conduct searches of your record held with one or more CRAs. Credit checks lodged by organisations with which you have not dealt directly may as a result appear on your credit file and will be viewable by other organisations which access your file.

Fraud Prevention

If false or inaccurate information is provided and fraud is identified, details, including your Personal Data or that of any joint applicant, will be passed to fraud prevention agencies (FPAs). If you would like to receive details of the relevant FPAs, please contact us by one of the means specified in the "How to Contact Us" section below. Law enforcement agencies may access and use this information to prevent and detect financial crime.

We and other organisations may also access and use it (and may do so from other countries), for example when:

- checking details on applications for credit and credit-related or other facilities;
- managing credit and credit-related accounts or facilities;
- recovering debt;
- checking details on proposals and claims for all types of insurance;
- checking details of job applicants and employees.

Lenders with which we have shared your Personal Data may also share and cross-check information with other organisations to prevent and detect fraud and other financial crime.

Joint Applications

If you are making a joint application for finance or your application refers to a business or financial partner, this may result in the CRAs associating you with the other party when you or they make any application for finance in the future.

In addition, if you are making a joint application with another person, you will, by proceeding with it, be confirming to us that you have their authority to disclose their personal information to us, and to give consent on their behalf to our processing their information for all the purposes set out in this notice, including for the purpose of preventing or detecting financial crime.

How to Contact Us

If you have any questions, comments or concerns about how we process your Personal Data or if you would like to know what information we hold about you (for which a small fee may be payable), please contact us on 0370 600 6668, email us at enquiries@mannisland.co.uk or write to us at Mann Island Finance, 5 St. Paul's
