November 1, 2024

To Whom It May Concern:

I am writing this letter to confirm the authenticity of the relationship between Alice Smith and Bob Johnson. I have known Alice and Bob since 2018 and have had the opportunity to witness their relationship first-hand on numerous occasions.

Relationship Overview:

Alice and Bob have been in a committed relationship since March 2019 and have lived together since January 2020. During the time I have known them, their relationship has been genuine and stable. I have seen them support each other during challenges such as Bob's job loss in 2020 and Alice's brief illness in early 2022.

Interactions with Community and Family:

Alice and Bob frequently participate in community events together and are well-known as a couple among our circle of friends and family. They attend family gatherings as a pair and are involved in each other's family lives, which demonstrates their commitment to each other.

Observations:

I have observed Alice and Bob share responsibilities at their shared home, make decisions together, and plan for their future, including a trip to Europe they planned for

the summer of 2025. They also have a joint bank account and share household expenses which further attests to the seriousness of their relationship.

I am prepared to provide further information if required and can be reached at 555-123-4567 or johndoe@email.com.

Thank you for considering this witness statement.

Sincerely,

John Doe
