

Holiday Countdown Calendar

13

Put *all* your holiday lists—chores, holiday cards, gifts and your own wish list—on your computer so everything is handy and accessible.

14

Class holiday celebration coming up? A Starbucks Card is the ideal teacher gift – there's something for everyone no matter what their taste.

15

Ready, set... time to get those cards & gift packages in the mail! Be sure to check postal rates — saving dollars here can mean more to spend on something FAB later!

16

Do a family holiday wardrobe check. See if anyone needs new shoes, pantyhose, buttons replaced or outfits cleaned for upcoming events. Saves time and stress later!

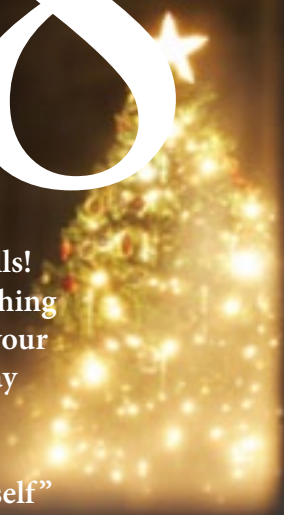

17

Organize all your wrapping supplies: tape, scissors, paper & ribbons. Slip in your favorite holiday DVD to create a festive mood as you wrap gifts. Get everyone involved – it's fun to do together.

18

Deck the halls! Put the finishing touches on your home holiday decorating. Add some “Do It Yourself” craft items. You'll save money, and you can get the kids in the action, too!

19

Make sure everything for your table—dishes, glasses, linens, candles—is sparkling, accessible and holiday ready.

20

Making merry with friends? A Starbucks Card will say “thank you” to party hosts—or be the perfect solution for last-minute gifts.

21

Double-check all holiday plans. What time is everyone coming? Who's bringing what? Keep track of the details — less time for stress, more time for merry!

22

Make your grocery list, check it twice—then shop for all your festive holiday meals. Be sure to check for store specials, rewards points or other coupons.

23

Need stocking stuffers? A Starbucks Card slips easily into everyone's stocking or gift bag – a great addition.

24

‘Tis almost time for La Misa Del Gallo.....then, Feliz Navidad!
