_____ (Initial) The ability for Seaside Pools to deliver the service selected on Page 1 of this contract is contingent upon the client keeping the pool and all of its equipment in proper working order. If there are equipment failures, we will notify client and offer to send a Repair Professional to ascertain the problem and replace needed equipment, if the client agrees. The charges for this service and the purchase of new equipment will be an extra charge and not included in the "Service Level" for which you have contracted. Repair does not have to be provided by Seaside Pools and Service but in order to perform the "Service" the pool must be in proper working order. You will continue to be billed for service during this time, unless you are having Seaside Pools perform the service and there is any time required to acquire some unusual part needed for the Repair. In that case the Seaside Repair Professional will notify the office and you will be credited on your next bill when Service calls can not be made.

_____ (Initial) Start Up Fees are charged based on time and materials required to prepare the pool for regular maintenance service. This may require cleaning the pool, testing and treating the water with chemicals and inspecting the pools equipment to see that it is in proper working order. When completed we will have the pool in good working condition and ready to be properly maintained. This Start Up Fee will be charged at the time of service and will include charges for the time and materials necessary. The estimate for this service will be provided before commencing and a payment will be collected for the Start Up Fees and the 1st Month of Maintenance Service at this time. The contract will specify the date for the commencement of service.

_____ (Initial) It is essential that our Pool Service Professionals have access to the pool. Pool covers, unfriendly dogs, locked gates and/or enclosures or extreme weather conditions prevent access, charges will still apply. Be aware that we cannot clean the pool when lightening is present. You may contact the office and we will attempt to reschedule.

_____ (Initial) If the pool is enclosed and there will not be anyone to provide access to the pool at the normal time and day of our visit, please make arrangements with the Service Professional for another time that day, which will fit his/her schedule or have someone else available to provide him access. If you are going to be away for a week or more, please call our office so that we can alter our Service Professional's route. If you call at least two weeks in advance, that week's service will be credited. If you neglect to call and there is no access, you will be charged for that week. Customer can contact the office anytime at 352-495-2221.

_____ (Initial) This is a ninety (90) day contract that will automatically renew at the end of three (3) months of service unless notified in writing two (2) weeks prior to the ending date of this contract which is three (3) months from the starting date. In the case of a move to another location outside of Alachua County and notification of that move, this contract can be cancelled with one month's notice. You will be charged for that last month. In the case of a local move, your service contract, upon proper notification of two 2 weeks will follow you to your new location. If you no longer have a pool you will owe either three months of service fees or what is left on your contract, whichever is less if you notify us in writing one (1 month) in advance of your move. Bills will be sent on the 20th day of each month and are payable by the 1st of the next month.

_____ (Initial) In the event of hurricane, floods or other acts of God, vandalism or pilferage, Seaside Pools assumes no liability with respect to the present or future condition of the client's pool, spa or equipment. When contracting for the Chemicals Only Service, Seaside Pools accepts no responsibility due to clients' neglect in properly maintaining their pool and pool equipment.

_____ (Initial) No price changes will be made by Seaside Pools without a minimum of one month's written notification. Any such notification will become an amendment to this original contract.

Seaside Pools, Inc. reserves the right to withdraw services if customer satisfaction cannot be achieved.
