	<p>Neck: Measure around the base of your neck. Or, simply find a collared shirt that fits you well. Lay the collar flat and measure from the center of the collar button around to the far end of the opposite buttonhole.</p>
	<p>Chest/Bust: Keeping your arms relaxed at your sides, measure under your arms at your armpits. Include the highest part of your chest and shoulder blades holding the tape firm and level. For Bust size, measure at the fullest point of the bust.</p>
	<p>Sleeve: With the arm relaxed at side and bent slightly, measure from the center back, across shoulder to elbow, and down the arm to the wrist.</p>
	<p>Waist: Measure at your natural waistline, where your belt normally rests. If between sizes, order the next largest size. Hips: Standing with your feet together, measure around the fullest part of your seat.</p>
	<p>Inseam: Take a pair of pants that fits you well and measure along the seam from the crotch to the bottom of the leg. Add an inch or so for hemming.</p>
	<p>Head (for hats &amp; caps): Measure around the largest part of your head, with the tape just above the brow.</p>
