Customer Service 800-508-6323  
Technical Assistance:  
Field Technical Services 800-832-6323

### General Comments

Per OSHA Hazardous Communication Standard 29 CFR 1910.1200, Glatfelter paper products listed on this Product Safety Information Sheet are defined as an "Article" and therefore exempt from the requirements for a Safety Data Sheet (SDS).

### Hazard Communication Guidance

#### Combustible Dust

- Avoid creation of dust.
- Fine dust dispersed in air in sufficient concentrations, and in the presence of an ignition source is a potential dust explosion hazard.
- Dust/air mixtures may ignite or explode.
- Avoid heat, flames, sparks, and other sources of ignition.
- Converting operations may form combustible dust concentrations in air.
- Minimize any dust accumulation from converting operations.
- Use good industrial hygiene and housekeeping practices to minimize any dust accumulation.

### Composition

CAS #	Component	Percent (%)
7732-18-5	Water	0 – 10
none	Pulp	85 – 95
Trade Secret	Additives	5 – 20

## **Health and Safety**

### **Ingestion**

Exposure by ingestion is not expected to occur under conditions of normal use. Do not ingest.

### **Inhalation**

Exposure by inhalation is not expected to occur under conditions of normal use. Do not inhale.

### **Skin**

Not anticipated to be a skin irritant.

### **Eye**

Exposure to eye is not expected to occur under conditions of normal use. Dust particles may cause foreign body irritation of the eyes. Flush for 15 minutes with clear water. See a physician if irritation persists.

## **Product Use**

### **Runnability**

Dust, which may be created in paper converting operations, should be controlled to the OSHA limits of 5 mg/m<sup>3</sup> respirable dust or 15 mg/m<sup>3</sup> total dust and the ACGIH limits of 3 mg/m<sup>3</sup> respirable dust or 10 mg/m<sup>3</sup> inhalable dust. (All limits are for 8 hour TWA). Use good industrial hygiene practices.

## **Storage and Disposal**

Store in dry locations.

Dispose of as ordinary dry waste per local, state, and federal regulations.

Recyclable. However, may not be recyclable in certain areas due to availability of community recycling programs.

To preserve the performance characteristics of this paper, use or storage of this product within buildings meeting ANSI/NFPA No. 90A-2002 and ASHRAE Standards are considered good use practice.

## **Transportation Information**

Not regulated as a hazardous material.

Proper Shipping Name: N.O.I.

## **Regulatory Information**

### **California Proposition 65**

Does not require California Proposition 65 warning statements.

### **REACH**

Glatfelter paper products are considered an Article and/or Preparation. Therefore, the paper itself is exempt from REACH regulation.

Glatfelter paper products do not contain Substances of Very High Concern (SVHC).

### **SARA 311/312**

Not reportable under SARA 311/312.

---
