Web page version	LM.1.6.16.03
ActiveX version	1.2.4.53
PC Utility version	Intelligent IP Installer 1.1.16.06(ZAVIO)

Web UI

Important Notes:

- When firmware upgrade, Model name and Board_ID need to be consistent.
- After setup MSN plug-in in Intelligent IP Installer, user can see video from MSN.

Add/Change Features:

1. Enhance the MSN function to send video with VGA, up to 30 fps.
2. MSN software can control PT IPCamera
3. Video Server can set patrol with PelcoD and PelcoP.
4. PT/PTZ screen move function move continuously with mouse click.
5. Support Bonjour function in MAC OS and Microsoft OS.
6. Support Safari browser in MAC OS.
7. Support iPhone Safari browser.
8. iPhone Safari can control PT/PTZ IPcamera
9. Support Language to 12.
10. MSN support in F210A, F312A.
11. F210A F312A FTP can send continuous file.

Bug Fixed

1. Fixed MSN login issue from Microsoft change version.
2. Fixed MSN video can be blocked with some firewall setting

Known Issues:

- ActiveX Ver. 16 can display Ver. 15 but with input twice username and password.
-
