

Photography

Meet James...

With a huge social media following, years of experience in the industry and his work receiving accolades by the New York Times, prestige magazines and world renowned wedding blogs, he truly is an expert in his field.

He is famous for his relaxed, candid and organic style of photography and works hard to ensure he encapsulates his clients photo dreams. There will be no camera flashing around in your face. James loves being in stealth mode.. snapping natural shots that you didn't even know he took.

He isn't just a camera ninja! His warm personality put's even the most camera shy person at ease. Come sit with him for a cup of coffee and by the end of the meeting you will feel like you have known him for years.

- Love life - breath easy - laugh more - enjoy food - drink coffee - take photos! -

FAQ's

Q: Does the DVD slideshow have music? And can I choose it?

A: Yes and yes! - However, I have a large selection of music that I will try my best to match and reflect the feel of the day.

Q: Do you include a photo book or album?

A: My Packages don't include a photo book or album, however I can arrange one to be made specially for you after you have selected the favourite photos. Prices vary depending on size and quality. Beginning at \$250 up to \$800.

Q: Do you charge for travelling outside of the Sydney Region?

A: Yes there will be an extra cost for weddings further than 2 hours drive from my office (Northern Beaches, Sydney) - However, I treat each wedding separately and will quote you before any contracts are signed.

Q: Do you need accommodation if it is a destination wedding?

A: Yes please, however as above every wedding is different and therefore accommodation costs will vary and will be agreed to separate to any contract.

Q: How many and what cameras do you use?

A: I shoot the whole day with 2 cameras on a double harness with professional standard, full frame Canon Cameras using a range of L-series lenses.

Q: How long will I have to wait for my wedding photos?

A: I will always endeavour to show you a few photos on the day. However, I have a 4 week turn around for the final product! Some companies can keep you waiting months!!!

Q: When does the package time start and finish?

A: The coverage time will begin when I arrive at the 1st location, typically where the bride is getting ready. Travel time in-between locations is part of the coverage time.

Q: If we need for you for longer on the night, how much will it be?

A: I never leave a wedding until we have spoken to you and it is not uncommon for things to run a little late. I am happy to stay up to 30 minutes extra with no charge. However, I charge an extra \$450 per hour over this grace period.
