

Technical and Financial Proposal for Website Development

A. Stage One- Domain Name Registration

Example1: <http://www.gmail.com> = Yearly License Fee Tk.1000.00

Example2: <http://gmail.atspace.com> = Yearly License Fee Tk.00.00 (Free for ever, here gmail is sub-domain of atspace domain)

B. Stage Two- Web Hosting

Web hosting charge is variable

Example: <http://www.gmail.com> OR <http://gmail.atspace.com> domain could be host by FREE for ever to yearly Tk.1000.00 or more, depend on web server performance.

C. Stage Three- Web Development

Web Development charges is also variable. Depend on Web site size and complexity. Website can be Static or Dynamic (With Data base). Organization will provide soft copy for the website.

C1. Static website-

It can be use for organization's information or advertisement. Here viewer can not customize what ever they want. It will be pre define how the viewer will see our website. A small website can be with five pages with links. Such as -

1. Home (Welcome Message, Major Announcement or Important Information etc.)
2. About us (Organization History, Mission-Visions, Focus, etc.)
3. Announcement (Monthly or Yearly Plane, Routine, Result Sheet etc.)
4. Documents (Suggestion, Lecture Sheet, Awareness topic, Official Documents etc.)
5. Contact us (Organization contact information, Employee Information and Contact Number etc)

For Every Page with Link, fees will be Tk.500.00 to Tk.1000.00 (Depend on complexity)

C2. Dynamic website-

Viewer will customize according to their expectation. Organization will just provide the information. It will be based on database. Viewer will call a query to that database. Then they will find a result. This concept is dynamic. It could be develop by PHP, Access, MySQL, MSSQL, Oracle etc. Normally big website or eCommerce based website can be developed by this. Information Security will be an important issue here. To develop this kind of website it requires a full time developer or team work.

For Every Page with Link, fees will be Tk.1000.00 to Tk.5000.00 (Depend on complexity)

D. Update-

Update could be yearly, half yearly, quarterly or monthly. Organization should provide soft copy by email. CD or Pen drive. Design will not be change. If the design changes, it will be recognized as web development.

For every update Tk.250.00

Website Development and Maintenance Charges are -
