Student Employment Performance Review Form

INSTRUCTIONS

The Student Employment Performance Review Form serves as an overall assessment of your student employee's work performance. The student's immediate supervisor should complete this evaluation form objectively and only after close observation and review of the student's job performance. Once the evaluation form is completed, the supervisor must review and discuss this form with the student employee. Both the supervisor and student should sign this form, and submit the original document to the Student Employment Office by **the end of each semester**. The supervisor should also retain a copy of the evaluation form for their own records.

Please note that a Student Employee Performance Review Form is required when a department submits an Employee Wage Request (EWR) to **increase a student's pay rate**.
