

Dear Club Members ,

Thank you for your continued patronage at Westerly Fitness. We've seen numerous upgrades, expansions, and services added to this gym, and I ensure you that this is only the beginning! Just as the size and quality of the machines and classes have grown, so have the customer service, amenities, and most importantly results from our members. We pride ourselves in offering the community a place where results matter!

If you signed up with us between **October 2012 and November 30, 2013** and originally signed up for the **12 month minimum membership at the price of \$19.99** we will be making some changes effective **December 1 2014**. For those of you still within your first year of this contract, these changes will take effect at the 1 year anniversary date of your current contract. If you have signed up for a 24 month or a Life Time Guarantee Membership this does **not** affect you.

Effective **December 1, 2014** the \$19.99 rate will automatically increase to \$24.99 per month. **However, you can continue to pay \$19.99 per month by simply renewing your contract for 12 additional months.** By recommitting to your fitness you will have a **Life Time Price GUARANTEE of \$19.99** per month as well as receive 5% off select retail purchases. If you have any questions please call to make an appointment to speak with Amanda or Mike.

Westerly Fitness trainers and staff are committed to customer service. Our gym offers the best that the fitness industry has to offer. Our loyal members achieve results no one else can compete with!

We look forward to seeing you in the gym!

Thank you and best in health,
Michael Volpe
