

Pipetechs Plumbing Service Agreement

Why Should I have A Service Agreement?

Ever had a leaky faucet, stopped up drain, or wonder if your water heater was operating at top efficiency? Most of us have. Wouldn't it be nice to have someone check all of your plumbing needs once a year and to make minor repairs on the spot? This is just what your Plumbing Service Agreement is designed to do. With routine maintenance on your entire plumbing system, those minor irritations will disappear.

A Service Agreement Customer Receives

- Annual check of plumbing system, including minor faucet repairs (washers only)
- 15% discount on labor and materials, should additional service work be required during the year
- Priority emergency service
- Peace of mind knowing your system is operating safely and efficiently
- Annual Backflow testing for Irrigation or domestic water is \$75 extra

Once A Year We Will:

1. Dye test all toilets for leaks
2. Check all faucets for leaks
3. Check all exposed hot & cold water supply lines
4. Check all sink piping
5. Check all fixture drains
6. Check washing machine hoses
7. Check all lawn faucets for leaks
8. Water Heater Model _____
9. Serial # _____
10. Check & tag all emergency shut-offs and water shut-off valves
11. Treat all drains with Pipetech's natural enzymes and bacteria that metabolize down the grease & waste to provide longer life to your drainage system & remove organic build-up
12. Check water system for leaks & notify customer (Check at city water meter or running of pump)
