## About this Product Disclosure Statement

This Product Disclosure Statement (PDS) is a summary of significant information and contains a number of references to important information (each of which forms part of the PDS). You should consider that information before making a decision about the product.

The information provided in the PDS is general information only and doesn't take into account your personal financial situation or needs. You should obtain financial advice tailored to your personal circumstances.

## 2 How super works

Super is an important way for you to save for retirement.

Super is an investment for your future and the sooner money starts going into your account, the better off you'll be when you retire. That's because over the long term your super grows from investment returns and money that's added to your account regularly.

There are a number of ways money can be added (contributed) to your account.

### Superannuation Guarantee contributions

Employers pay a compulsory contribution to your super known as the Superannuation Guarantee (SG). Currently this is 9.5% of your annual salary (subject to salary cap) and comes from your before-tax income.

There are also other types of contributions that could help you grow your super.

### Personal contributions

- › **Before tax\*** – includes salary sacrifice contributions made by you, any personal contributions you claim a tax deduction for and voluntary contributions made by your employer for which they claim a tax deduction.
- › **After tax\*** – includes any extra additional contributions you make from your take-home pay, for which you don't advise us you wish to claim a tax deduction.

### Government Co-contributions

Depending on your income, you may be eligible to receive Government Co-contributions if you make after-tax contributions to your super.

To find out if you're eligible, visit [australiansuper.com/CoContributions](https://australiansuper.com/CoContributions)

### Useful information to know

Tax breaks and incentives are provided by the Government to encourage you to save more for retirement and grow your super over time.

You generally can't access your super savings until you're 55 or over (depending on the year you were born). To learn more about preservation age, visit [australiansuper.com/AccessYourSuper](https://australiansuper.com/AccessYourSuper)

### It's your super, it's your choice

Normally you can tell your employer where you want your super to be paid. But in some cases, it depends on your employment contract. If you don't make a choice or tell your employer where you want your super paid, they'll pay your contributions into their preferred super fund.

\* Depending on your income and personal circumstances, you may be better off contributing before or after tax, or using a combination of both. The Government places limits on the amount that can be contributed to super. To learn more, visit [australiansuper.com/InfoTax](https://australiansuper.com/InfoTax)

# 4 Risks of super

All investments, including super, have some risk.

How you invest your super will depend on your age, how long you'll invest your super, other investments you may have and your tolerance for volatility. Volatility is when the returns on your investment go up and down over a period of time. The level of volatility your super investment could have will depend on the types of assets that your super is invested in. Assets are investments such as shares, property, fixed interest or cash.

Different types of assets have different levels of potential return and volatility. Generally, higher returns are accompanied by greater potential for volatility in the short term.

You can choose from a range of investment options, each with a different mix of assets. So, the likely investment return and the level of potential volatility of returns involved is different for each option.

## What you need to think about

When considering your super, it's important to understand that:

- › investment returns may go up and down over time and the value of investments will vary, so the value of your super may also go up and down
- › investing too conservatively can be risky because over the long term your investment may not earn a return above the inflation rate
- › returns aren't guaranteed, and you may lose some of your money
- › past returns aren't a reliable indicator of future returns
- › the laws affecting your super may change
- › the amount of your future super savings (including contributions and returns) may not be enough for your retirement.

# 5 How we invest your money

When you join AustralianSuper you'll automatically be invested in the default Balanced option – our MySuper authorised product, unless you choose a different investment option. You should consider the likely investment return, risk and your investment timeframe when choosing an investment option.

## Investment details for the Balanced option

This option invests in a wide range of assets, with a higher allocation to shares, infrastructure and property than fixed interest and cash. It's designed for members seeking medium to long-term growth who are willing to accept short-term fluctuations in returns.

## Investment objective

To outperform (after fees and taxes) the return of the median balanced fund and an average annual return of CPI + 4% over the medium to long term<sup>‡</sup>.

## Minimum investment timeframe

Be prepared to stay invested in this option for at least 10 years before it meets its objectives.

## Risk levels

- › Short-term risk classifies investment options according to their likelihood of negative returns in a given year. This is also known as the Standard Risk Measure.
- › Medium-term risk balances two risks. The first is that your super savings will be reduced by volatility and the second is that your super savings won't keep up with inflation.
- › Long-term risk is the risk that your super savings won't keep up with inflation.

## How often you can expect a negative annual return

Approximately 5 out of every 20 years.

## Investment mix – strategic asset allocation\* and range

- Australian shares **25%** (10–45%)
- International shares **34%** (10–45%)
- Direct property **7%** (0–30%)
- Infrastructure **13%** (0–30%)
- Private equity **3%** (0–10%)
- Credit **6%** (0–20%)
- Fixed Interest **2%** (0–25%)
- Cash **10%** (0–15%)
- Plus: Other Assets **0%**<sup>‡</sup> (0–5%)

## Risk level for the time invested

Risk level for the time invested		
Short term	(if savings are required in 5 years or less)	High
Medium term	(if savings are required after 5 to 20 years)	Medium
Long term	(if savings are required after 20 years or more)	Low to Medium

\* Strategic asset allocations and other information are current as at June 2017. For the most up to date asset allocations go to [australiansuper.com/AssetAllocation](https://australiansuper.com/AssetAllocation)

<sup>†</sup> CPI stands for Consumer Price Index – which is used as a measure of inflation.

<sup>‡</sup> From time to time, we may invest in other assets which represent a short or medium term opportunity based on them being attractively priced. These include but aren't limited to assets such as commodities, royalties or leases.

AustralianSuper has a range of investment options to suit a wide range of investors.

# 6 Fees and costs

## Did you know?

Small differences in both investment performance and fees and costs can have a substantial impact on your long-term returns. For example, total annual fees and costs of 2% of your account balance rather than 1% could reduce your final return by up to 20% over a 30 year period (for example, reduce it from \$100,000 to \$80,000).

You should consider whether features such as superior investment performance or the provision of better member services justify higher fees and costs. You or your employer, as applicable, may be able to negotiate to pay lower administration fees. Ask the fund or your financial adviser.

## To find out more

If you'd like to find out more, or see the impact of fees based on your own circumstances, the Australian Securities and Investments Commission (ASIC) website ([moneysmart.gov.au](http://moneysmart.gov.au)) has a superannuation calculator to help you check out different fee options.

## Fees for the Balanced option

The main fees to set-up and manage your account are below. These are based on our Balanced option, and can be used to compare our fees with similar funds.

Type of fee	Amount	How and when paid
Investment fee	0.75%	Deducted from before-tax investment returns on 30 June (earlier if you close your account), before the returns are applied to your account.
Administration fee	\$1.50	The administration fee of \$1.50 per week is calculated weekly and processed monthly from your account. This fee is paid into the Fund's administration reserve. The Fund pays its administration costs from the administration reserve. For the 12 months to 30 June 2017, the Fund's estimated costs were \$1.72 per member (gross of tax). The Fund claims a tax deduction for administration costs each year. The amount of the deduction is also paid into the administration reserve.
Buy sell spread	Nil	
Switching fee	Nil	
Exit fee	\$35	Charged on withdrawals.
Advice fees* relating to all members investing in a MySuper product or investment option	\$0- \$295	This is the cost for over-the-phone advice. For face-to-face advice, a higher fee applies which can be deducted directly from your account.
Other fees and costs		Go to <a href="http://australiansuper.com/RefFees">australiansuper.com/RefFees</a> for information about other costs.
Indirect cost ratio	Nil	

The Investment fee for our other investment options is different. This fee is calculated looking back as at 30 June each year. It may change from year to year.

Example of annual fees and costs for a MySuper product

This table gives an example of how the fees and costs for the generic MySuper product can affect your superannuation investment over a one year period. You should use this table to compare this superannuation product with other superannuation products.

Example – MySuper Product		Balance of \$50,000
Investment fees	0.75%	For every \$50,000 you have in the MySuper product you will be charged \$375 each year.
<b>PLUS</b> administration fees	\$78 pa (\$1.50 a week)	<b>AND</b> you will be charged \$78 in administration fees regardless of your balance.
<b>PLUS</b> indirect costs for the MySuper product	Nil	<b>AND</b> indirect costs of \$0 each year will be deducted from your investment.
<b>EQUALS</b> cost of product		If your balance was \$50,000, then for that year you will be charged fees of \$453 for the MySuper product.

Note: Additional fees may apply.

AustralianSuper can change the fees which you may be charged. You'll be given at least 30 days' notice before any increase in fees takes effect.

Adviser service fee

If you get advice\* from an eligible adviser about your investment with AustralianSuper, you can have fees for the advice deducted from your account. The *Statement of Advice* provided by the adviser will state the fees (if any) that you will pay.

See how fees affect your super

Use the Superannuation calculator at [moneysmart.gov.au](https://moneysmart.gov.au)

You should read the important information about fees and costs before making a decision. Go to [australiansuper.com/RefFees](https://australiansuper.com/RefFees)

This contains information about service fees and fees for our other investment options. The material relating to our fees may change between the time when you read this PDS and the day when you acquire the product.

\* The financial advice you receive will be provided under the Australian Financial Services Licence held by a third party and not by AustralianSuper Pty Ltd (AustralianSuper) and therefore isn't the responsibility of AustralianSuper. With your approval a fee may be charged if a *Statement of Advice* is provided.

# 7 How super is taxed

## Tax on contributions

The tax paid on super contributions depends on the amount and type of contribution. Tax is deducted after the contribution is received. There are limits on how much you can contribute, and if you exceed these limits you may pay extra tax.

Type	Tax on contributions in 2017/2018
<b>Before-tax contribution</b>	<p>If your income is \$250,000 or less, you'll pay 15% on amounts up to \$25,000 a year.</p> <p>If your income (including your before-tax contributions) is over \$250,000, all or some of your before-tax contributions will be taxed at 30%.</p> <p>You can choose to withdraw up to 85% of excess contributions, which won't then count towards your after-tax limit but will be taxed at your personal rate, plus an interest charge.</p>
<b>After-tax contribution</b>	<p>No tax on amounts up to \$100,000 a year (under current law).</p> <p>Any contributions over the current limit will be taxed at 47%*, unless you ask your fund to release the amounts over the limit.</p> <p>You can choose to withdraw any excess contributions plus 85% of its earnings. These earnings will be taxed at your personal rate. If you don't withdraw these amounts, they will be taxed at 47%* in the fund.</p> <p>There may be restrictions on the after-tax contributions you can make if you already have a very large balance in your super account/s.</p>

**Tax on investment earnings:** Investment earnings are taxed at up to 15%. This tax is deducted from the crediting rate that applies to your super, before the earnings are credited to your account.

**Tax on withdrawals:** Your super is made up of two components: taxable and tax-free. There's no tax payable on the tax-free component. Withdrawals are generally tax-free if you're aged 60 or over.

### Tax on the taxable component if you're under 60

2017/2018 – If you're between your preservation age and 59, the first \$200,000 is tax-free and the balance is taxed at 17%\*.

2018/2019 – If you're between your preservation age and 59, the first \$205,000 is tax-free and the balance is taxed at 17%\*.

If you're younger than your preservation age, your lump sum withdrawal will be taxed at 22%\*.

Tax on withdrawals is deducted before you receive your payment.

Tax rates, contribution limits and the way excess contributions are treated are subject to change. For the most up-to-date information go to [australiansuper.com/RefSuperTax](http://australiansuper.com/RefSuperTax)

You should provide your Tax File Number (TFN). If we don't have your TFN, your before-tax contributions and withdrawals are taxed at a higher rate and we can't accept after-tax contributions from you. You should read the important information about providing your TFN before making a decision.

Go to [australiansuper.com/RefTFN](http://australiansuper.com/RefTFN) The material relating to tax may change between the time when you read this PDS and the day when you acquire the product.

\* Including the Medicare levy of 2%.

# 8 Insurance in your super

When you join AustralianSuper, you receive basic age-based cover for Death, Total & Permanent Disablement (TPD) and Income Protection.

This cover gives you a basic level of protection if you die, or become ill or injured:

- › **Death cover** – provides a lump sum payment to your dependants or your legal personal representative (executor of your estate).
- › **TPD cover** – provides you with a lump sum payment if you become totally and permanently disabled and can no longer work.
- › **Income Protection** – provides monthly payments if you become temporarily disabled.

This PDS explains the basic cover you get when you join. Read our *Insurance in your super* guide for details on the conditions of your cover, when it starts and stops, what you're covered for, and your insurance options.

### Your basic cover

Your basic Death, TPD and Income Protection cover design is age-based so your cover amount and the cost of it will change as you get older.

Your Income Protection is based on a 60 day waiting period and a two year benefit payment period. Payments can't be greater than 85% of your salary (up to 75% is paid to you and up to 10% to your super). Salary is your annual (before-tax) salary, excluding employer super contributions.

### Cost of basic age-based cover

The range of costs shown in the previous tables represent the lowest and highest cost for each age band, but generally costs increase as you get older. See our *Insurance in your super* guide for the full list of weekly costs by age for Death, TPD and Income Protection cover or use our insurance calculator at [australiansuper.com/calculators](https://australiansuper.com/calculators)

### When your cover starts

Your insurance won't start until you receive an employer contribution in your account.

#### If you're under 25 when you join

Basic age-based Death and TPD cover starts when you turn 20 and Income Protection starts when you turn 25. If you want cover earlier you can apply for:

- › An extra amount of fixed Death and/or TPD cover on top of your basic cover. This means when you turn 20, your basic age-based cover will start and your extra cover will continue.
- › Fixed Death, TPD and/or Income Protection. You choose a total amount of fixed cover which will stay the same unless you change it. Age-based cover won't start automatically if you've fixed or cancelled your cover.

Additional cover

Death and TPD cover

You can top up your basic Death and TPD cover amount by applying for extra cover. This means your basic cover amount will change as you get older, but your extra cover amount will remain the same (fixed) until you change it or your cover stops. Or you can apply for a total amount of fixed cover. This means your total amount of cover stays the same as you get older.

Income Protection

If you want a different amount of cover than your basic Income Protection provides, you can apply for a total amount of fixed Income Protection cover. This means your cover amount stays the same as you get older.

New member insurance offer

You can apply once to increase your cover without providing detailed health information when you join online at [australiansuper.com/join](https://australiansuper.com/join) or by using the *Join AustralianSuper* form in this PDS. Your extra cover will be limited for at least two years. Age limits and conditions apply.

Type of cover	Total cover you can apply for with no health checks	Total cover you can apply for with a few health questions
Death or TPD	Up to \$600,000	Up to \$1 million (cover above \$600,000 will be capped at the lower of \$1 million or 10 times your salary*)
Income Protection	Up to \$10,000 a month or 85% of your salary* (whichever is lower)	Up to \$20,000 a month or 85% of your salary* (whichever is lower)

\* Salary is your annual (before-tax) salary, excluding employer super contributions.

Higher cover is available but detailed health information must be provided.

Need more time to think about your insurance needs?

You can increase your cover without providing detailed health information after you join as long as you've never applied to: transfer your cover, or change your individual work rating, or change your Income Protection waiting period or benefit payment period, or change your amount or type of cover (age-based or fixed). **You'll need to apply within 120 days of the date on your offer letter.**

If you want to increase your cover but don't meet the offer requirements or time limits, or if you want more cover in the future, you'll need to provide detailed health information to the Insurer.

Depending on your occupation you can also apply to change your Income Protection benefit payment period to up to five years or up to age 65. When you apply you'll need to provide detailed health information to the Insurer.

Do this anytime by logging into your online account or completing the *Change your insurance* form at [australiansuper.com/forms](https://australiansuper.com/forms)

### What's your individual work rating?

The type of work you do determines your individual work rating – Standard, Low Risk or Professional. This makes a difference to how much you pay for your cover. Your work rating will be Standard, unless you apply to change it.

If you spend at least 80% of your time in an office environment and don't do any manual work, you may be eligible for a Low Risk or Professional work rating, which means your cover will cost less. If you think you may be eligible for a Low Risk or Professional rating, answer the work rating questions when you join online at [australiansuper.com/join](https://australiansuper.com/join) or on the *Join AustralianSuper* form in this PDS.

If your employer has arranged a Low Risk or Professional work rating for you, it will be confirmed in your offer letter.

### Transfer cover from another insurer

You may be able to transfer your current Death, TPD or Income Protection cover from another insurer to AustralianSuper.

### Limited cover

Limited cover means that you won't be covered for any illnesses or injuries you had before you got your cover and it may last for different lengths of time.

#### Change your cover anytime

You can cancel, change or apply for insurance cover anytime by logging into your account or completing the *Change your insurance* form at [australiansuper.com/forms](https://australiansuper.com/forms)

Use our insurance calculator at [australiansuper.com/calculators](https://australiansuper.com/calculators) to work out the right level of cover for you.

**If you don't cancel your cover, the cost of your cover will be deducted from your super account.**

If you cancel your cover and decide to reapply, you'll need to provide information about your health for the Insurer to consider.

You should read the important information about insurance in your super before making a decision. Go to [australiansuper.com/InsuranceGuide](https://australiansuper.com/InsuranceGuide)

The material relating to insurance may change between the time when you read this PDS and the day when you acquire the product.

## 4. CHANGE YOUR INSURANCE (OPTIONAL)

When you join, you receive basic age-based Death, Total & Permanent Disablement (TPD) and Income Protection cover (age limits and conditions apply). This is described on pages 11 to 14 of this Product Disclosure Statement.

You can complete this section to cancel or change your cover amount, type (including waiting period), or change your individual work rating. You can also apply for additional cover without providing detailed health information. Any additional cover will be limited cover for at least two years.

### Need more time to figure out your insurance?

If you need more time to think about your insurance needs, go to Section 6. You'll be able to increase your basic cover later (without providing detailed health information), we'll write to you with details on how to do this. You're eligible as long as you've never applied to: transfer your cover, or change your individual work rating, or change your Income Protection waiting period or benefit payment period, or change your amount or type of cover (age-based or fixed). Time limits and conditions apply.

### Before you change your cover

You should read our *Insurance in your super* guide. It contains all the terms and conditions about insurance, including costs, your eligibility for cover, how much you can apply for, when cover starts and stops and any limitations or exclusions. You may also be able to transfer your current insurance from another insurer to AustralianSuper. Download a copy at [australiansuper.com/InsuranceGuide](http://australiansuper.com/InsuranceGuide)

If you're under 25 when you join

Basic age-based Death and TPD cover starts when you turn 20 and Income Protection starts when you turn 25. If you want cover earlier you can apply for:

- An extra amount of fixed Death and/or TPD cover on top of your basic cover.  
This means when you turn 20, your basic age-based cover will start and your extra cover will continue.
- Fixed Death, TPD and/or Income Protection. You choose a total amount of fixed cover which will stay the same unless you change it. Age-based cover won't start automatically if you've fixed or cancelled your cover.

### 4.1 Cancel basic cover

Put an (X) next to each type of cover that you want to cancel.

I don't want to be covered for:

## 4.4 Change your cover

### Death and TPD cover options

Basic age-based cover	Both the amount of cover you get and the cost of it changes as you get older. This is the cover you're provided with when you join. To cancel your basic cover, go to Section 4.1.
Basic age-based cover + extra (fixed) cover	You can add an extra fixed amount of cover on top of your age-based cover. The fixed cover amount will stay the same as you get older (unless you change it) but the cost will change.
Fixed cover	You can apply for a total amount of fixed cover. This means your total amount of cover stays the same as you get older (unless you change it) but the cost will change.

Complete this section to top up your basic age-based Death and TPD cover with extra (fixed) cover OR to apply for fixed cover (includes switching from age-based cover to fixed cover). Print (X) to confirm what you want to do.

Basic age-based cover	Both the amount of cover you get and the cost of it changes as you get older. This is the cover you're provided with when you join. To cancel your basic cover, go to Section 4.1.
Fixed cover	You can apply for a total amount of fixed cover. This means your total amount of cover stays the same as you get older (unless you change it) but the cost will change.

#### → Here's an example to help you work out the maximum amount of Income Protection cover you can apply for.

Ben earns \$78,000 a year (before-tax), excluding employer super contributions. The maximum cover amount he can apply for is:

$$\frac{\$78,000 \times 0.85}{12 \text{ (months)}} = \$5,525 \text{ a month}$$

Ben can apply for up to \$5,600 of Income Protection cover a month (rounded up to the nearest \$100).

#### Changing your Death or TPD cover

The maximum amount of Death cover you can apply for is unlimited. The maximum amount of TPD cover you can apply for is up to \$3 million.

- You can apply for cover up to \$600,000 without health checks using this form.
- If you apply for cover above \$600,000 (capped at \$1 million or 10 times your salary\*, whichever is lower), you'll need to complete Section 4.5 on this form.

**!** For cover that's more than \$1 million or 10 times your salary\*, you'll need to complete our *Change your insurance* form at [australiansuper.com/forms](http://australiansuper.com/forms) and provide detailed health information to the Insurer.

\* Salary is your annual (before-tax) salary, excluding employer super contributions.

#### Changing your Income Protection cover

The maximum amount of Income Protection cover you can apply for is \$30,000.

You can use this form to apply for a maximum of 85% of your monthly salary\* (up to 75% can be paid to you and up to 10% to your super) or \$20,000 a month, whichever is lower.

- You can apply for additional cover up to \$10,000 a month without health checks using this form.
- If you apply for cover above \$10,000 a month (capped at \$20,000 a month), you'll need to complete Section 4.5 on this form.

**!** You'll need to use the *Change your insurance* form at [australiansuper.com/forms](http://australiansuper.com/forms) and provide detailed health information to the Insurer if you want to apply:

- for cover that's more than \$20,000 a month (capped at \$30,000 a month), or
- for more Income Protection cover and you're aged 65-69, or
- to change your benefit payment period to up to five years or up to age 65.

\* Salary is your annual (before-tax) salary, excluding employer super contributions.

#### 4.4 Change your cover (continued)

Complete this section to apply for fixed Income Protection cover (includes switching from age-based cover to fixed cover).

You don't need to complete this section if you only want to change your waiting period. Print (X) to confirm what you want to do.

Cover option	Type of cover	Cover amount (in \$100 amounts)	
<input type="checkbox"/> Apply for fixed cover	<input type="checkbox"/> Fixed Income Protection	\$ <input type="text"/> <input type="text"/> , <input type="text"/> 0 <input type="text"/> 0 a month	The amount you write here will replace your existing cover (including basic age-based cover).

Complete this section to select or change your waiting period. Print (X) to confirm what you want to do.

The cost of your cover will depend on the waiting period and benefit payment period that you choose. For more information (including the different costs) download our *Insurance in your super* guide at [australiansuper.com/InsuranceGuide](http://australiansuper.com/InsuranceGuide)

##### Waiting period

The waiting period is the minimum time you must wait before you'll start receiving an Income Protection benefit payment (as long as you're eligible).

Income Protection cover comes with a 60 day waiting period. You can change it to 30 days but it will cost more. Payments are made one month in arrears.

**!** If you apply to change your waiting period and decide to increase your cover later you'll need to provide detailed health information.

Choose your preferred waiting period ☐ 30 days ☐ 60 days

Your new waiting period is effective from the date we accept your application plus the number of days of your current waiting period. For example if you change your waiting period from 60 days to 30 days and then you claim within 30 days of making the change, you'll need to complete a 60 day waiting period.

##### Benefit payment period

Income Protection cover comes with a benefit payment period of up to two years. This means benefits may be paid a maximum of two years if you're temporarily unable to work due to illness or injury. You can apply for a benefit payment period of up to five years, or up to age 65, but it will cost more.

To apply to change your benefit payment period use the *Change your insurance* form at [australiansuper.com/forms](http://australiansuper.com/forms)

## 5. DUTY OF DISCLOSURE

### Your duty of disclosure to the insurer

Before you enter into a life insurance contract, you have a duty to tell the insurer anything that you know, or could reasonably be expected to know, may affect its decision to insure you and on what terms.

You have this duty until the insurer agrees to insure you.

You have the same duty before you extend, vary or reinstate your insurance cover.

You do not need to tell the insurer anything that:

- reduces the risk it insures you for, or
- is common knowledge, or
- the insurer knows or should know as an insurer, or
- the insurer waives your duty to tell it about.

### If you do not tell the insurer something

In exercising the following rights, the insurer may consider whether different types of cover can constitute separate contracts of life insurance. If they do, the insurer may apply the following rights separately to each type of cover.

If you do not tell the insurer anything you are required to, and the insurer would not have insured you if you had told the insurer, the insurer may avoid the contract to provide you with that insurance within three years of entering into it.

If the insurer chooses not to avoid the contract, the insurer may, at any time, reduce the amount you have been insured for. This would be worked out using a formula that takes into account the premium that would have been payable if you had told the insurer everything you should have. However, if the contract provides cover on death, the insurer may only exercise this right within three years of entering into the contract.

If the insurer chooses not to avoid the contract or reduce the amount you have been insured for, the insurer may, at any time vary the contract in a way that places the insurer in the same position it would have been in if you had told the insurer everything you should have. However, this right does not apply if the contract provides cover on death.

If your failure to tell the insurer is fraudulent, the insurer may have the right to refuse to pay a claim and treat the contract as if it never existed.

### Our duty of disclosure

The Trustee has a similar duty to tell the insurer anything that it knows that may affect the insurer's decision to provide you with insurance, and if the Trustee fails to do so the consequences are comparable.

This means you are required to answer all of the questions in this form honestly and completely. If you are unsure about this requirement, call us on 1300 300 273.

### Important information

1. You can't nominate a balance transfer date. The balance transfer will start with within three business days of the date we receive your completed application.
2. Remember to check if your old fund charges exit fees and that you no longer need the insurance cover provided by your old fund (if any).
3. If you're making a whole balance transfer, check any remaining employer contributions have been received and no future payments will be made into your FROM account.
4. This form doesn't:
  - transfer super benefits if you don't know where your super is
  - transfer benefits from multiple funds on one form – you must use a separate form for each fund you wish to transfer
  - change the fund to which your employer pays your contributions

- open a new super account, or
- transfer benefits under certain conditions or circumstances, for example if there is a superannuation agreement under the Family Law Act 1975 in place.

### Providing your TFN

The law allows super funds to ask for TFNs. You don't have to give us your TFN but it's a good idea if you do. If you don't, you'll pay more tax on super benefit payments and before-tax contributions, and we won't be able to accept after-tax contributions from you. It will also make finding lost super easier.

We follow laws on how we can use your TFN, which may change. If we transfer your super to another fund, we'll give your TFN to the other fund unless you tell us not to in writing.

For more about how we use your TFN, go to [australiansuper.com/RefTFN](http://australiansuper.com/RefTFN)
