

## QUALITY POLICY STATEMENT

Jons Civil Engineering Ltd was founded in 1983 and has achieved a steady and controlled expansion rate. It is the Policy of Jons Civil Engineering Ltd to work within a management system that provides a Quality Product and Service for the Employer.

JCEL operates a management system in line with the requirements of ISO 9001 which encompasses Quality, Health and Safety and Environmental Management issues. The Health and Safety and Environmental Management Plans are maintained in each JCEL Site Office.

It is the responsibility of the Project Director and Contractor's Representative to review, improve and measure the Quality Management System on an ongoing basis. Senior Management create and sustain a clear and visible quality value system to guide all activities of the organisation towards total quality excellence.

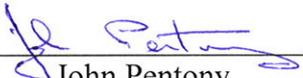

Jons Civil Engineering is dedicated to quality and continuous process improvement for both clients and employees.

***Our main objective is to ensure that through our Quality management system we deliver the full requirements to the client within the timeframe given, successfully achieving quality in both the administration of our projects and in the delivery of a product which meets the Clients requirements.***

We focus on the following objectives to achieve this over all goal.

- Development and implementation of an effective system of procedures and processes to plan, implement and control activities throughout the lifecycle of projects.
- Enable, perform, and manage activities that ensure the client requirements are met.
- Focus on Client Satisfaction in all of the company activities.
- Establish and maintain the infrastructure to provide effective operations.
- Encourage employee involvement at all levels of the business in establishing and achieving quality goals.
- Continually improve organisational processes, services and products.
- Mutually beneficial partnerships are developed and maintained with suppliers and subcontractors who share our commitment to achieving increasing levels of client satisfaction.
- Observe regulatory requirements.

This policy which is subject to periodic review, has been communicated to all employees, who must comply with all its requirements. It is displayed on each site and Head office and forms part of every new employees induction training.
