Any medical advice, professional diagnosis, opinion, treatment, or services, provided to you is entirely dependant upon your complete honesty in providing all details of your current symptoms and/or medical issue, your complete medical history, disclosure of any and all medications you are currently using, whether legally obtained or illegally obtained, and your complete acknowledgement that you do not believe that you are in any sort of an emergency medical situation, and that you do not believe your current condition to be life threatening. This site is not intended to be a substitute for in person, face to face, medical care, which is always advised in place of an e-medical consultation.

Any linkages to other sites, whether intentionally, unintentionally, or through means outside of our control, are for general information for educational purposes only. The information provided in this site, through linkages to other sites, is not a substitute for medical or professional care, and you should not use the information in place of a visit, call consultation, or the advice of your physician, or other healthcare provider. We are not liable or responsible for any advice, course of treatment, diagnosis or any other information, services or product you obtain through such linkages.

ONCE AGAIN, IF YOU BELIEVE YOU HAVE A MEDICAL EMERGENCY, YOU SHOULD IMMEDIATELY CALL 911, OR ANY LOCAL EMERGENCY MEDICAL PROVIDER. If you believe you have any other health problem, you should promptly consult your physician or other healthcare provider.

Never disregard medical or professional advice, or delay seeking it, because of something you read on this site or a linked website. Never rely on information on this website in place of seeking professional medical advice. You

should also ask your physician or other healthcare provider to assist you in interpreting any information in this Site or in the linked websites, or in applying the information to your individual case.

Health and medical information changes constantly. Therefore the information on this Site or on any linked websites should not be considered current, complete or exhaustive, nor should you rely on such information to recommend a course of treatment for you or any other individual.
