

Accounts Payable

This manual walks you through entering different types of vouchers, approving, budget checking, closing, deleting and finalizing PO vouchers as well as inquiring on payment information and running the voucher status report.

State of Vermont
Department of Finance & Management
January - 2020

Revisions to Manual

January 2020

- Removed exercises to Finalize a PO on a Voucher and to Finalize some PO lines on a Voucher

August 2019

- Added an exercise on creating a PO voucher with current and prior year lines

July 2019

- Added VT_AMORTIZATION_TYPE query reference to the Enter an Amortization Voucher exercise
- Updated instructions when a supplier's invoice number is not available

April 2019

- Updated Close and Delete Voucher sections

March 2019

- Manual finalized

December 2018

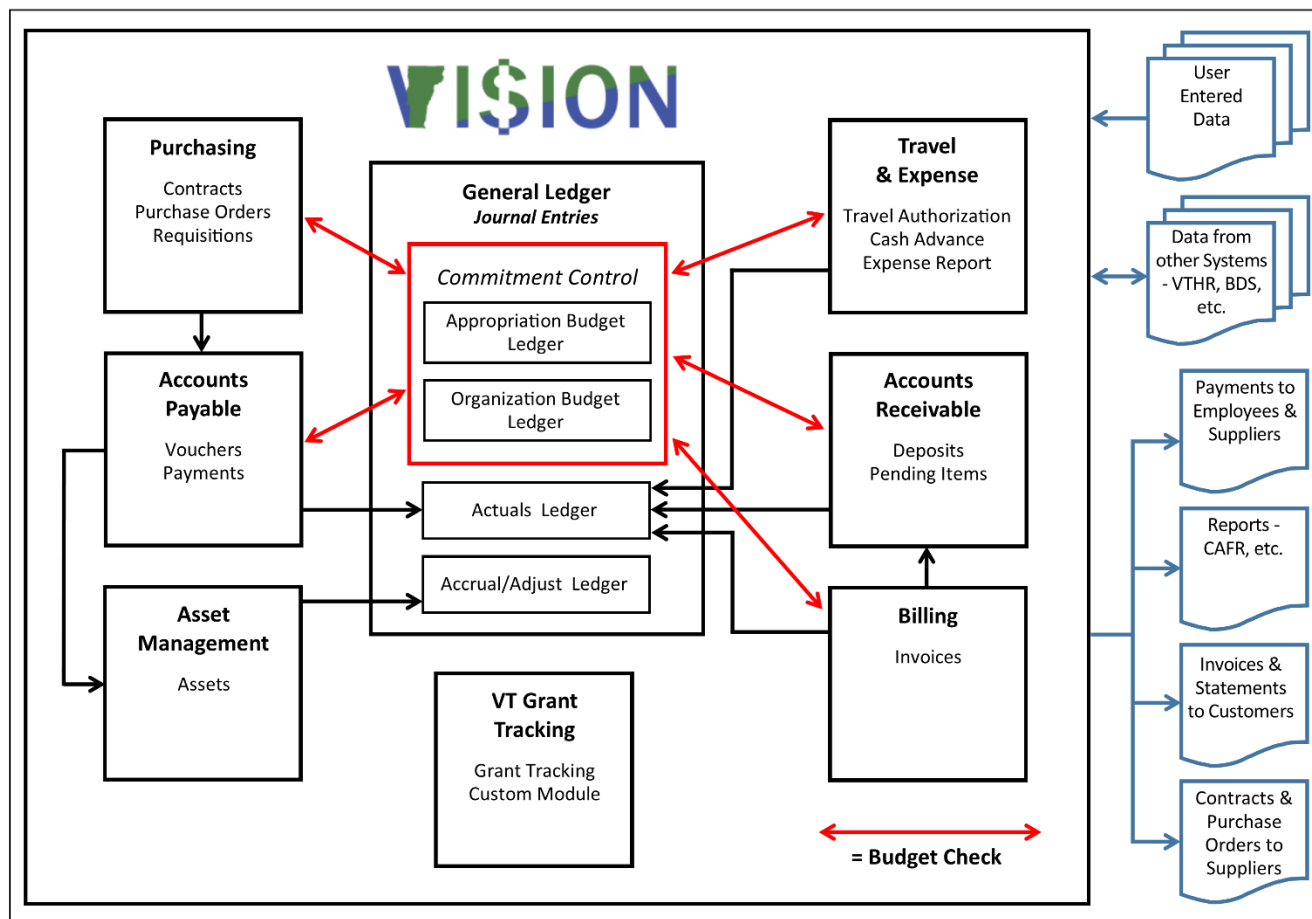

- Manual written

Business Process

Overview of the VISION process:

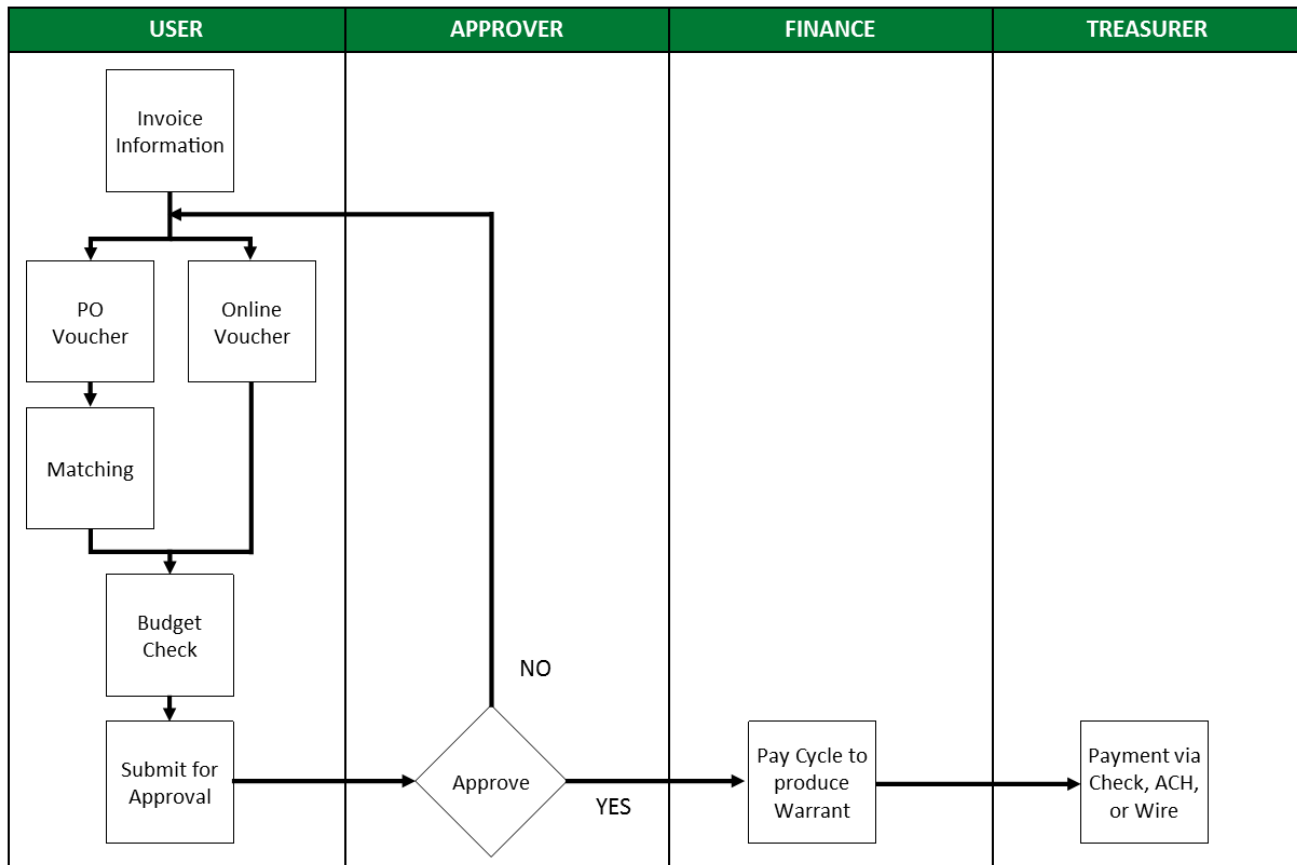

There will be a 1 – 1 relationship between a supplier’s invoice and a VISION voucher. That is, each invoice will become a separate voucher. Vouchers may contain multiple invoice lines – which can relate to separate charges (labor vs. equipment), prior year or current year charges or to allow withholding or non-withholding applicable charges to be coded separately. Vouches may also contain multiple chartfield distribution lines within one invoice line to allocate costs to several funds or departments, classes, programs, or projects.

The 1 – 1 relationship will facilitate duplicate invoice checking across all units within the system, thus minimizing the risk of paying a supplier invoice more than once. The fields that are checked for duplications are: Supplier ID, Supplier Type, Supplier Invoice Date, Supplier Invoice Number and Gross Amount. A voucher identified as a possible duplicate will save and be in Recycle status but cannot be posted or paid. A voucher cannot stay in Recycle status. At month end close, it must be updated if valid so that it can post or be deleted if not valid.

Vouchers will need to be matched (only applicable to PO vouchers), budget checked, submitted, and approved in VISION before they can be paid. The approval process will be managed at the department level through VISION security.

All vouchers will need to pass a budget checking process to check for availability of funds at the department/agency level prior to being paid. The budget checking process can be done on individual vouchers or as a batch process, at the discretion of the department.

Vouchers will be paid based on the scheduled due date, which is determined by the supplier invoice date and the default supplier payment terms. The default payment terms will be Net 30 days and should not be changed unless the change complies with Finance and Management [Policy #5 Payment Terms](#). Checks will be written and mailed 4 days prior to the due date as long as the voucher is in approved status at the time the VENDOR paycycle is processed. This will allow the check to reach the supplier by the due date. For more information on payment terms, please review the Finance and Management document, *Operational Guidance (OG) #1*, which you can find on the Finance & Management website at:

<http://finance.vermont.gov/training-and-support/vision-job-aids-and-operational-guidance>

All vouchers to be paid to a supplier on any given day will be combined onto one check, ACH payment, etc.; this includes adjustment vouchers. All Business Units' vouchers are included unless a voucher is marked to be paid separately. Each Business Unit, Voucher ID and Invoice Information is noted separately on the pay advice that is sent to the supplier.

Blanket Delegations of Authority (BDA's) are issued by the Office of Purchasing and Contracting to delegate authority to agencies/ departments to directly purchase specific types and classes of items with limited or variable availability considerations. BDAs are specific to a department(s) except those identified as "all agencies". For a complete list of current BDA numbers, go to the Office of Purchasing & Contracting website at: <http://www.bgs.vermont.gov/purchasing-contracting/forms/bda>. The BDA

number should be entered in the *Item* field of the voucher. BDA Quick Step Guide can be found on the Finance & Management website at: <http://finance.vermont.gov/training-and-support/vision-job-aids-and-operational-guidance>

You can also follow the [BDA Voucher](#) exercise in this manual.

BDA's are not to be used for the following purchases:

- Do not use a BDA when the item is on contract. If unsure check with the Office of Purchasing and Contracting or use the website: <http://www.bgs.vermont.gov/purchasing-contracting/contract-info/current>. Purchases of office supplies, fuel, envelopes, paper, gloves, paper products, cleaning products etc. are all on contract.
- Do not use a BDA for personal services, utility payments (electric, cell phones, telephone, water, etc.), payment to other agencies or departments, lodging, meals, employee expense reimbursement, membership fees, postage, and rental space.

Void Check Procedure:

VISION Procedure #8: Void check establishes the criteria and procedures for voiding VISION supplier checks. This procedure can be found on the Finance and Management website at:

<http://finance.vermont.gov/policies-and-procedures/vision-procedures>

VISION supplier checks that are determined to be in error or invalid (see **criteria** below) must be returned to the Office of the State Treasurer to be voided in VISION. The Office of the State Treasurer is responsible for processing all void check requests and storing all voided checks.

Departments are prohibited from depositing VISION supplier checks and processing them as a refund of expenditure. The erroneous depositing of a VISION supplier check obscures the audit trail in VISION by creating a record that indicates the check was issued to and cashed by the supplier; this improper handling impairs the integrity and accuracy of supplier payment reports and potentially 1099-MISC forms issued to suppliers and the IRS.

Criteria

A check can be voided in VISION when the following two conditions exist:

1. The check was issued and recorded in the VISION financial system.
2. The department (custodian) is in possession of the original check.

A VISION supplier check shall be determined invalid and voided in VISION when there is a/an:

- Error in the payee;
- Error in the payment amount;
- Printing error or damaged/spoiled check;
- Duplicate payment;
- Cancellation of the payment request;
- Unavailability of the goods/services being purchased;
- or any other reason the check is no longer needed for its intended purpose.

Note: *VISION supplier checks that are valid and not in error but are undeliverable to the supplier (e.g., unknown address) shall not be voided, and are subject to Vermont's unclaimed property laws. Contact the Office of the State Treasurer's Unclaimed Property Division for more information.*

For copies of cancelled checks or checks to pull please contact the Treasurer's Office by email at: TRE.ServicesAccounting@vermont.gov.

Special Handling

Under the Payment Method section, you will see a field for ***Handling**. In this field you can designate any special handling you require for this payment.

Click on the **downward arrow** to the right of this field to see what the choices are.

The screenshot shows the 'Payment Options' section of a web application. It includes several input fields: '*Bank' with the value 'PEOP3', '*Account' with '0005', and '*Method' with 'CHK'. There is a 'Pay Group' dropdown menu currently showing 'Regular Payment', which is highlighted with a red rectangle. To the right of this is a '*Netting' dropdown set to 'Not Applicable' and an 'L/C ID' field. Below these are checkboxes for 'Hold Payment' and 'Separate Payment', and a link for 'Supplier Bank Messages'. A 'Message' field is at the bottom left, with a note that the message will appear on remittance advice.

A drop-down menu will open, showing the available options:

The screenshot shows the dropdown menu for the '*Handling' field. The menu is open, displaying a list of options. 'Regular Payment' is the currently selected option and is highlighted in blue. Other options include 'Call Department', 'Held - Office of Child Support', 'Held by Employment & Training', 'Held by Tax Department', 'International Payment', 'Regular Payment' (listed again), 'Send to Department', and 'Sent to Trustee by Treasurer'.

Only use the following options:

- **Call Department** - This allows a user to receive a call from the Treasurer's office when the check has been cut, usually so that it can be picked up by the department. This may occur when a check is needed in-hand for hotel or conference registrations, for example.
- **Regular Payment** - A payment made with no changes to this field, will show the handling of Regular Payment. This is the **default** for this field.
- **Send to Department** - If a user wants the check sent back to his/her department for sending out separately, they can select this option after changing the **Account** field to 0005 and the method to **CHK**.
- **International Payment** - This selection will default when selecting an international vendor. Unless there is a need for the check to be returned to the department this default value should not be changed.

DO NOT USE these handling codes in a voucher:

- Held by the Office of Child Support
- Held by the Department of Employment & Training
- Held by the Tax Department
- Sent to Trustee by Treasurer

More payment options can be found in the **Payment Options** section:

Hold Payment – if you check this box, the payment will not process. When you check this box, you will also need to designate a Hold Reason. Click on the magnifying glass to see the list of reasons. This page will display:

Prior Year Payables

Payments for goods or services received in a prior fiscal year must be designated with a “P” on the invoice line that pertains to the prior year charge. Prior year and current year charges can now be included within the same voucher. **Note: Users must no longer use a PY prefix in the invoice field for prior year payables.**

Frequently Asked Questions (FAQs)

How do I know if I have any vouchers that need my attention?

Run the VT_MER_VCHRS_NOT_POSTED query for your business unit. This query will list all vouchers that have not posted in the Accounts Payable Module. For additional information and guidance, refer to the Month End Closing Instructions for the Actuals Ledger located on the [VISION Procedures](#) page.

Note: Users may also review vouchers that need attention by reviewing the My Work section in the Accounts Payable WorkCenter but should validate all vouchers are posted /at a status to post by running the VT_MER_VCHRS_NOT_POSTED query.

When will my voucher get paid?

Vouchers must be matched (if applicable), budget checked, and approved by the start time for each of the daily Pay Cycles below for them to get picked up for payment. Vouchers paid by check will be picked up for payment 4 days prior to their due date to allow for mailing times.

7:30am – Checks and wires to State Departments

10:00am – Wire Transfers to banks

11:00am – ACH payments

11:30am – Satellite payments

How do I enter a voucher for an invoice that I received in the current fiscal year that is for an item that includes charges relating to goods or services that I received in the prior fiscal year?

Invoice only includes prior year charges: When entering a voucher for goods or services received in the prior fiscal year, the C/P indicator field on the invoice information page of the voucher must reflect a value of “P” = Prior Year.

Invoice includes prior year and current year charges: When entering a voucher that includes goods or services received in the prior fiscal year and current fiscal year, enter separate invoice lines and indicate prior year or current year by using the appropriate value in the C/P Indicator field. ‘P’ = Prior Year and ‘C’ = Current Year.

NOTE: Users must no longer use a PY prefix in the invoice field for prior year payables.

How do I correct a voucher that was entered with an incorrect C/P Indicator?

An Accounts Payable Journal Voucher is used to correct a C/P Indicator that was coded incorrectly. See the ‘Enter a Journal Voucher’ exercise in this manual for more information.

Can I change the terms on a voucher to ensure that the supplier gets paid on time?

You do not need to change the default payment terms to ensure that the supplier will get paid on time. VISION automatically uses the invoice date and payment terms to determine when the voucher will get picked up in a Pay Cycle to be paid. For more information, see the Payment Terms Policy located on the [Finance & Management Policies](#) page and the Changing Payment Terms Operational Guidance #1 document located on the [VISION Job Aids and Operational Guidance](#) page.

How come my voucher has not been paid yet?

There are several things that may cause a voucher to not get picked up in a Pay Cycle. Use the document named 'Things to look at when a voucher does not get paid' located on the Accounts Payable Module Support page. <http://finance.vermont.gov/vision-module-support/accounts-payable> to help determine why a VISION voucher has not paid. If you need further assistance, contact [VISION Support](#).

Looking up Suppliers

Supplier Maintenance for the State of Vermont is managed and executed centrally by Financial Operations in a single Supplier database within VISION. VISION users, depending on their security, will have access to view and report on Supplier information only.

Supplier additions and changes can be requested via the electronic Supplier Add and Update Request Forms found at Suppliers > Supplier Information > Supplier Forms.

The following explains how Suppliers are maintained in VISION and how to find and use that information. Due to the nature of the Supplier information in VISION, it is critical that all operators who will use Supplier information have some understanding of the information contained within the Supplier files and how the information is used in VISION.

Searching for a Supplier

WorkCenter Navigation: Accounts Payable WorkCenter (AP) > Links pagelet > Suppliers > Supplier Information

Navigator Menu Navigation: Suppliers > Supplier Information > Add/Update > Supplier

The **Supplier Information** page displays:

The screenshot shows the 'Supplier Information' search interface. At the top, it says 'Enter any information you have and click Search. Leave fields blank for a list of all values.' Below this are two buttons: 'Find an Existing Value' and 'Keyword Search'. A section titled 'Search Criteria' contains several search fields: 'SetID' with a dropdown set to '=' and a text box containing 'STATE'; 'Supplier ID' with a dropdown set to 'begins with' and an empty text box; 'Persistence' with a dropdown set to 'not =' and another dropdown set to 'One Time'; 'Short Supplier Name' with a dropdown set to 'begins with' and an empty text box; 'Our Customer Number' with a dropdown set to 'begins with' and an empty text box; and 'Supplier Name' with a dropdown set to 'begins with' and an empty text box. There are also checkboxes for 'Include History' and 'Case Sensitive', both of which are unchecked. A text box for 'Limit the number of results to (up to 300):' is set to '300'. At the bottom are buttons for 'Search', 'Clear', 'Basic Search', and 'Save Search Criteria'.

1. **SetID** - "STATE" is used for all suppliers, making suppliers available to all users
2. **Supplier ID** - Use the Supplier ID field only when you already know the Supplier ID number
3. **Persistence** - When searching for suppliers, use the "Persistence" field to narrow your search results. If you are searching for a regular supplier, then the "Persistence" should be set to "Not = One Time" so that only regular suppliers are returned. If you are searching for a one-time supplier, then the "Persistence" should be set to "= One Time" so that only one-time suppliers are returned
4. **Short Supplier Name** - This field has been used differently over the years, so we recommend that you do not use it
5. **Our Customer Number** - Not used by the State of Vermont
6. **Supplier Name** - Supplier Names setups vary depending on the type of supplier

One-Time Suppliers:

You may encounter some suppliers whose “Persistence” is equal to “One Time”. These are suppliers that were set up to be used only once, and they are in One-Time suppliers that have a status of “Inactive” and are not available for use again. Therefore, if it is the only instance of the supplier for whom you are searching if your search returns only one-time suppliers with an inactive status, you will have to submit a Supplier Add Request Form to have a new number supplier added. We recommend that you search for a supplier using criteria of Persistence not = “One Time” so you do not find these in your search for a supplier id.

Search for a supplier by Supplier Name

Search using “contains” instead of “begins with” and use the most uncommon word in the name of the supplier to limit the search results.

Example: To look up a regular supplier - Fletcher Allen Healthcare:

Supplier Information

Enter any information you have and click Search. Leave fields blank for a list of all values.

[Find an Existing Value](#) [Keyword Search](#)

Search Criteria

SetID =

Supplier ID

Persistence

Short Supplier Name

Our Customer Number

Supplier Name

☐ Include History ☐ Case Sensitive

Limit the number of results to (up to 300):

[Search](#) [Clear](#) [Basic Search](#) [Save Search Criteria](#)

1. Under **Persistence**: change “begins with” to “not =” One Time
2. In **Supplier Name**, change “begins with” to “contains” and then type in Fletcher Allen
3. Click **Search**

The search results appear:

STATE	0000007452	Regular	FAHC/MCHVC-001	(blank)	Fletcher Allen Health Care/MCHV Campus
STATE	0000278412	Regular	FAHCMEDICA-002	(blank)	Fletcher Allen Medical Center

Click on the desired supplier

Once you've found the correct supplier you are in Supplier ID #pages, you can check the available addresses – (there may be multiple) addresses by using the View All or left and right arrow buttons to scroll through all the addresses. Make note of the Address ID that corresponds to the address you need to pay and make sure that this address is active.

Click on the **Address** tab:

The screenshot shows a web application interface for managing supplier information. At the top, there are tabs: Summary, Identifying Information, Address (highlighted in red), Contacts, Location, and Custom. Below the tabs, the 'Supplier Address Search' section displays the following information:

- SetID: STATE
- Supplier ID: 0000114628
- Short Supplier Name: FAHC-026
- Supplier: Fletcher Allen Health Care

The 'Supplier Address' section shows 'Address ID 1' and 'Description Remit/Order Burlington'. Below this, the 'Details' section displays the following information:

- Effective Date: 04/15/2003
- Effective Status: Active
- Country: USA United States
- Address 1: Attn Linda Norton
- Address 2: UHC/ST Joseph 3400
- Address 3: 1 S ProspectSt
- City: Burlington
- County:
- State: VT Vermont
- Postal: 05401
- Email ID:

The 'Phone Information' section is also visible, showing a table with columns: Type, Location, Prefix, Telephone, and Extension. The table contains one row for 'Business Phone'.

At the bottom of the interface, there are buttons: Save, Return to Search, Previous in List, Next in List, and Notify. There is also an 'Update/Display' button.

If you do not find the address you need or the address you need is inactive, then you must submit a Supplier Update Request Form to either have a new address added, or to replace an existing address currently on file.

If the address you need has been inactivated, there is a legitimate reason. Please contact Financial Operations with questions about why a supplier address was inactivated prior to submitting a Supplier Update Request Form.

NOTE: Finance does not have any “quick” method of verifying active/inactive addresses other than manually searching through the supplier information, the same as a user would, so please make sure you have done your own thorough search before contacting Financial Operations for help.

If you still have questions, or are uncertain about which supplier to use, contact the VISION supplier request e-mail address at VISION.SupplierRequests@vermont.gov.

Searching Using the Keyword Search

Supplier Information
Enter any information you have and click Search. Leave fields blank for a list of all values.

Note: Keyword Search will return results last updated over 19 hours ago (12/12/2018 5:05:09PM) [Search Tips](#)

Search Criteria

Keywords

Limit the number of results to (up to 300):

[Basic Search](#) [Advanced Search](#)

You can use the Keyword Search to search many fields within the Supplier pages at the same time to locate suppliers. It is recommended that you use the most uncommon word (or words) when searching to narrow your results (e.g. If you use just the word Fletcher, the search returns over 300 rows, but if you use Fletcher Allen it narrows the results down to 30 rows returned.)

Supplier Information
Enter any information you have and click Search. Leave fields blank for a list of all values.

Once the results display, you can further narrow the results by selecting the **Filter by** links on the left. In this case, you can narrow the search results down to just 3 suppliers by clicking the blue **Approved** link on the left.

Enter a Regular Voucher

Situations when this function is used: A regular voucher is entered when you have an invoice to pay that is not associated with a Contract or Requisition. A regular voucher which needs to be paid using more than one fund or program will be paid for with split funding (shown in a future exercise) will use multiple lines and/or multiple distributions.

Required Fields: Supplier ID*; Supplier Name; Location; Address; Invoice Number*; Invoice Date*; Amount*; GL Unit; Account; Fund; Department ID; Pay Terms

The fields marked with an * should be filled in on the Add a New Value page. When the fields are filled and you click Add, the system will immediately let you know if a duplicate voucher has been detected. This saves time by identifying duplicate vouchers before entering all the voucher information.

WorkCenter Navigation: Accounts Payable WorkCenter (AP) > Links Pagelet > Vouchers > Voucher Entry > Add a New Value

Navigator Menu Navigation: Accounts Payable > Vouchers > Add/Update > Regular Entry > Add a New Value
The **Voucher** page displays:

The screenshot shows the 'Voucher' entry form. At the top, there are two tabs: 'Find an Existing Value' and 'Add a New Value'. The form contains the following fields and values:

- Business Unit: 03440
- Voucher ID: NEXT
- Voucher Style: Regular Voucher (dropdown)
- Supplier Name: DXC Technology Services LLC
- Short Supplier Name: DXC TECHNO-001
- Supplier ID: 0000366045
- Supplier Location: MACHDRAW
- Address Sequence Number: 1
- Invoice Number: TEST11918
- Invoice Date: 11/09/2018
- Gross Invoice Amount: 3000.
- Freight Amount: 0.00
- Misc Charge Amount: 0.00
- PO Business Unit: (empty)
- PO Number: (empty)
- Estimated No. of Invoice Lines: 1

Your default BU will appear in the BU field. The Voucher ID will default as NEXT and Voucher Style will default in as "Regular Voucher"

- 1. Business Unit** - Leave as user default or enter appropriate business unit
- 2. Supplier ID** - Enter the Supplier ID, including the leading zeros and tab out of field. Short Supplier Name, Supplier Location, and Address Sequence Number automatically populate

Note: If you need to search for a supplier use the following navigation:

WorkCenter Navigation: Accounts Payable WorkCenter (AP) > Links Pagelet > Suppliers > Supplier Information > Click on Find an Existing Value tab

Navigator Menu Navigation: Suppliers > Supplier Information > Add/Update > Supplier

3. **Invoice Number** - Enter Supplier's Invoice number exactly as it appears on the supplier's invoice; to facilitate duplicate checking the invoice number entered in VISION must match the invoice number on the invoice. **Do not alter the Invoice Number during voucher entry by removing information or including additional information that does not appear on the Supplier's invoice.**

Note: If a supplier's invoice number is not provided, enter relevant information to correlate the voucher to the payment request.

4. **Invoice Date** - As per the Supplier's invoice
5. **Gross Invoice Amount** - Enter gross invoice amount
6. Click **Add** or hit Enter

Invoice information page displays. Invoice and Supplier information defaults from previous page:

7. **Grant ID (Grant Vouchers only)**

- If this invoice is related to a grant, enter the grant number here
- You can use the magnifying glass to select the grant from the list
- Departments are required to update the fields per AOA's Bulletin 5 and OMB's Uniform Guidance

Note: Grant numbers should not be used in the Invoice field.

8. **CFDA # (Grant Vouchers only)** - If this invoice is related to a grant, enter the grant CFDA number(s) here
9. **C/P Indicator** - (current year/prior year) in Invoice Lines Section for all lines. You can mix current and prior year lines on the same invoice

10. Under Distribution Lines –

- Enter Account or click on magnifying glass to select from the list
- Enter Fund or click on magnifying glass to select from the list
- Enter Department or enter the last 4 digits of your business unit (to narrow your search) and click on the magnifying glass to select from the list
- Enter Program (If used by your department)
- Enter Class (If used by your department)
- Enter Project/Grant (If used by your department)

The page should now look similar to the one above.

11. Click the **Payments** tab

The **Payments** page displays:

The screenshot shows the 'Payments' tab selected. Key fields include: Business Unit 03440, Invoice No TEST11918, Invoice Date 11/09/2018, Voucher ID NEXT, Voucher Style Regular Voucher, Total Amount 3,000.00, and Supplier Name DXC Technology Services LLC. The 'Payment Information' section shows a Gross Amount of 0.00 USD and a Scheduled Due date. The 'Payment Options' section shows a Bank of PEO3 and a Method of ACH. The 'Schedule Payment' section has an Action of 'Schedule Payment' and a Payment Date field.

Review Payment information that defaulted in from the supplier.

Gross Amount shows \$0, but the correct amount will fill in when the voucher is saved.

Note: The Remit to Address is the address that the payment will be sent to. If it is not correct, the address must be updated on the Invoice Information page and when the voucher is saved the address on the Payments page will update to match the address on the Invoice Information page.

12. Click **Save**

The screenshot shows the 'Invoice Information' tab selected. Key fields include: Business Unit 03440, Invoice No TEST11918, Accounting Date 11/09/2018, Voucher ID 01419962, Voucher Style Regular Voucher, Invoice Date 11/09/2018, Invoice Received 11/09/2018, Supplier ID 0000366045, ShortName DXC TECHNO-001, Location MACHDRAW, and Address 1. The 'Invoice Total' section shows a Line Total of 3,000.00, a Total of 3,000.00, and a Difference of 0.00. The 'Save' button is highlighted.

Voucher is saved and a **Voucher ID** has been assigned

If you enter a voucher that exceeds \$5,000 using certain account codes that could potentially be identified as an asset, you will receive the following Message:

Message

IMPORTANT - POTENTIAL ASSET (22200,17)

One or more invoice lines have been identified as a potential asset that should be entered in the Asset Management (AM) Module at the time of acquisition. Review the invoice lines and if needed, complete the asset related information on the asset tab to automatically create an asset in the AM Module or enter the asset directly in the AM Module. If you are uncertain if the line should be an asset, please contact your department's asset Specialist or review VISION Procedure #1: Asset Management Procedure found on the Finance & Management website.

OK

Follow the Instructions to verify click **OK** to continue

Special Handling

Under the Payment Options section, you will see a field for ***Handling**. In this field you can designate any special handling you require for this payment.

Click on the drop-down arrow to see what the choices are.

Summary | Related Documents | Invoice Information | Payments | Voucher Attributes | Error Summary

The only ones you would use in a voucher are:

- **Regular Payment** - A Payment made with no changes to this field, will show the handling of Regular Payment. **This is the default for this field**
- **Call Department** - This allows a user to receive a call from the Treasurer's office when the check has been cut, usually so that it can be picked up by the department. This may occur when a check is needed in-hand for hotel or conference registrations, for example. **You must also change the Account to 0005 and select CHK as the Method**
- **Send to Department** - If a user wants the check sent back to his/her department for sending out separately, they can select this option. **You must also change the Account to 0005 and select CHK as the Method**
- **International Payment** - This selection will default when selecting an international vendor. Unless there is a need for the check to be returned to the department this default value should not be changed.

DO NOT USE these handling codes in a voucher:

- Held-Office of Child Support
- Held by Employment & Training
- Held by Tax Department
- Sent to Trustee by Treasurer

Message - Whatever you type in this field will appear on the check stub. Though the field is very large, you are limited to 35 characters of information. Anything more than that will be cut off when the check is printed.

Hold Payment - If you check this box, the payment will not process. When you check this box, you will also need to designate a Hold Reason. Click on the drop-down box to see the list of reasons.

The screenshot displays a web-based payment voucher system. The top navigation bar includes tabs for Summary, Related Documents, Invoice Information, Payments, Voucher Attributes, and Error Summary. The main form area is divided into several sections: Business Unit (03440), Invoice No (TEST11913), Invoice Date (11/09/2018), and Supplier Name (DXC Technology Services LLC). The Payment Information section shows Payment 1 with details like Remit to (0000366045), Location (MACHDRAW), and Address. The Payment Options section includes fields for Bank (PEOP3), Account (0006), and Method (ACH). A red box highlights the 'Hold Reason' dropdown menu, which is currently open, showing a list of reasons such as 'Accounting in Dispute', 'Agency Location Code Required', 'Amount in Dispute', 'CCR Expired', 'Contract Retention', 'EFT incomplete or not Prenoted', 'Federal Supplier Inactive', 'Financial Sanctions', 'Goods in Dispute', 'Inbound IPAC Required', 'Other', 'Quantity in Dispute', 'SAM Expired', and 'Withholding Hold'. The bottom of the screen features a 'Schedule Payment' section with an 'Action' dropdown set to 'Schedule Payment' and a 'Pay' button. The footer includes a navigation bar with the same tabs as the top and a status bar with 'Add', 'Update/Display', and 'Refresh' buttons.

Note: A payment that has been put "on hold" will not pay until this box is unchecked and saved. Then it will process as normal.

Payment Options			
*Bank <input type="text" value="PEOP3"/>	Pay Group <input type="text"/>	*Netting <input type="text" value="Not Applicable"/>	Supplier Bank Messages Layout <input type="checkbox"/> Hold Payment <input checked="" type="checkbox"/> Separate Payment
*Account <input type="text" value="0006"/>	*Handling <input type="text" value="Regular Payment"/>	L/C ID <input type="text"/>	
*Method <input type="text" value="ACH"/>	Hold Reason <input type="text"/>	▼ Actions	
Message <input type="text"/> <small>Message will appear on remittance advice.</small>			

Separate Payment - Select this box if this payment needs to go separately to the supplier. This may be used along with the Payment Handling options of “Send to Department” or “Call Department”; in that way the check will only pertain to one department’s payment for that vendor in the pay cycle.

See the [Budget Check Online](#) and [Submitting a Voucher for Approval](#) sections of this manual to complete the process.

Enter a Regular Voucher with a BDA

Situations when this function is used: A regular voucher is entered for a purchase that requires a Blanket Delegation of Authority (BDA). BDA vouchers may have a single line and distribution or multiple lines and/or multiple distributions

Required Fields: Supplier ID*; Supplier Name; Location; Address; Invoice Number*; Invoice Date*; Amount*; GL Unit; Account; Fund; Department ID; Pay Terms; Item; Line Description

Note: The fields marked with an * should be filled in on the Add a New Value page. When the fields are filled and you click Add, the system will immediately let you know if a duplicate voucher has been detected. This saves time by identifying duplicate vouchers before entering all the voucher information.

WorkCenter navigation: Accounts Payable WorkCenter > Links Pagelet > Vouchers > Voucher Entry > Add a New Value

Navigator Menu navigation: Accounts Payable > Vouchers > Add/Update > Regular Entry > Add a New Value

The **Voucher** page displays:

The screenshot shows the 'Voucher' entry page. At the top, there are two buttons: 'Find an Existing Value' and 'Add a New Value'. Below these are several input fields with search icons (magnifying glasses) next to them. The fields are: Business Unit (01110), Voucher ID (NEXT), Voucher Style (Regular Voucher), Supplier Name (Automatic Laundry), Short Supplier Name (AUTOMATICL-001), Supplier ID (0000016592), Supplier Location (SINGLE), Address Sequence Number (1), Invoice Number (AP-102-Current date), Invoice Date (11/09/2018), Gross Invoice Amount (10.00), Freight Amount (0.00), Misc Charge Amount (0.00), PO Business Unit, PO Number, and Estimated No. of Invoice Lines (1). At the bottom left, there is an 'Add' button.

Your default BU will appear in the Business Unit field. The Voucher ID will default as NEXT and Voucher Style will default in as “Regular Voucher”.

- 1. Business Unit** - Leave as user default or enter appropriate business unit
- 2. Supplier ID** - Enter the supplier number, including the leading zeros and tab out of field. Short Supplier Name, Supplier Location, and Address Sequence Number automatically populate

Note: If you need to search for a supplier use the following navigation:

WorkCenter navigation: Accounts Payable WorkCenter > Links Pagelet > Suppliers > Supplier Information > Click on Find an Existing Value tab

Navigator Menu navigation: Suppliers > Supplier Information > Add/Update > Supplier

3. **Invoice Number** - Enter Supplier's Invoice number exactly as it appears on the supplier's invoice; to facilitate duplicate checking the invoice number entered in VISION must match the invoice number on the invoice. **Do not alter the Invoice Number during voucher entry by removing information or including additional information that does not appear on the Supplier's invoice.**

Note: If a supplier's invoice number is not provided, enter relevant information to correlate the voucher to the payment request.

4. **Invoice Date** - As per the supplier's invoice
5. **Gross Invoice Amount** - Enter invoice amount
6. Click [Add](#)

The **Invoice Information** page displays:

The following information defaults in:

- Invoice and Supplier information defaults from previous page
- Accounting Date = current date (this must never be changed manually)
- Currency = USD

Under **Invoice Lines**:

- Item** - Enter the BDA being used for this purchase. If you are unsure of the correct BDA number to be used, type "BDA" in the Item field and click the magnifying glass to list all BDAs. Select the correct BDA. A full list of BDAs, their numbers and uses can be found on the Office of Purchasing & Contracting website at: <http://www.bgs.vermont.gov/purchasing-contracting/forms/bda>
 - The description associated with the BDA will default into the Description field. (If your business process requires you to use the description field for some other purpose, you may type in a different description. After the voucher is saved, the description you type in will remain.)
 - The Ship to defaults in from the BDA item selected
- C/P Indicator** - Select C for current year or P for prior year, you must select this for each invoice line and both C and P can be used within the same voucher

Under **Distribution Lines:**

Enter a Regular Voucher with Split Funding

Situations when this function is used: A regular voucher is entered when you have an invoice to pay that is not associated with a Contract or Requisition. A regular voucher which needs to be paid using more than one fund or program will be paid for with split funding (shown in this exercise) will use multiple lines and/or multiple distributions.

Required Fields: Supplier ID*; Supplier Name; Location; Address; Invoice Number*; Invoice Date*; Total Amount*; GL Unit; Account; Fund; Department ID; Pay Terms

Note: The fields marked with an * should be filled in on the Add a New Value page. When the fields are filled and you click Add, the system will immediately let you know if a duplicate voucher has been detected. This saves time by identifying duplicate vouchers before entering all of the voucher information.

WorkCenter Navigation: Accounts Payable WorkCenter (AP) > Links Pagelet > Vouchers > Voucher Entry > Add a New Value

Navigator Menu navigation: Accounts Payable > Vouchers > Add/Update > Regular Entry > Add a New Value

The **Voucher Entry** page displays:

The screenshot shows the 'Voucher' entry form. At the top, there are two buttons: 'Find an Existing Value' and 'Add a New Value'. Below these are several input fields with search icons: Business Unit (03440), Voucher ID (NEXT), Voucher Style (Regular Voucher), Supplier Name (DXC Technology Services LLC), Short Supplier Name (DXC TECHNO-001), Supplier ID (0000366045), Supplier Location (MACHDRAW), Address Sequence Number (1), Invoice Number (SAMPLE111418), Invoice Date (11/14/2018), Gross Invoice Amount (3000), Freight Amount (0.00), Misc Charge Amount (0.00), PO Business Unit, PO Number, and Estimated No. of Invoice Lines (1). At the bottom left, there is a red-bordered 'Add' button.

Your default BU will appear in the Business Unit field. The Voucher ID will default as NEXT and Voucher Style will default in as "Regular Voucher".

1. **Business Unit** - Leave as user default or enter appropriate business unit
2. **Supplier ID** - Enter the supplier number, including the leading zeros and tab out of field. Short Supplier Name, Supplier Location, and Address Sequence Number automatically populate

Note: If you need to search for a supplier use the following navigation:

WorkCenter navigation: Accounts Payable WorkCenter (AP) > Links Pagelet > Suppliers > Supplier Information > Click on Find an Existing Value tab

Navigator Menu navigation: Suppliers > Supplier Information > Add/Update > Supplier

3. **Invoice Number** - Enter Supplier's Invoice number exactly as it appears on the supplier's invoice; to facilitate duplicate checking the invoice number entered in VISION must match the invoice number on the invoice. **Do not alter the Invoice Number during voucher entry by removing information or including additional information that does not appear on the Supplier's invoice.**

Note: If a supplier's invoice number is not provided, enter relevant information to correlate the voucher to the payment request.

4. **Invoice Date** - As per the supplier's invoice
5. **Gross Invoice Amount** - Enter invoice amount
6. Click [Add](#)

The **Invoice Information** page displays:

The following information defaults in:

- Accounting Date = current date (this must never be changed manually)
- Currency = USD
- Distribute by = Amount
- Ship To = default ship to location for your Business Unit
- GL Unit

In the **Header**:

- 7. Grant ID (Grant Vouchers only)** - If this invoice is related to a grant, enter the grant number here. You can use the magnifying glass to select the grant from the list. Departments are required to update the fields per AOA's Bulletin 5 and OMB's Uniform Guidance

Note: *Grant numbers should not be used in the Invoice field.*

- 8. CFDA # (Grant Vouchers only)** - If this invoice is related to a grant, enter the CFDA number(s) here

Under **Invoice Lines**:

- 9. Description** - Enter the description of what you are paying the invoice for
- 10. C/P Indicator** - Select C for current year or P for prior year, you must select this for each invoice line and both C and P can be used within the same voucher

Add

Your default BU will appear in the Business Unit field. The Voucher ID will default as NEXT and Voucher Style will default in as “Regular Voucher”.

1. **Business Unit** - Leave as user default or enter appropriate business unit
2. **Supplier ID** - Enter the supplier number, including the leading zeros and tab out of field. Short Supplier Name, Supplier Location, and Address Sequence Number automatically populate

Note: If you need to search for a supplier use the following navigation:

WorkCenter Navigation: Accounts Payable WorkCenter (AP) > Links Pagelet > Suppliers > Supplier Information > Click on Find an Existing Value tab

Navigator Menu Navigation: Suppliers > Supplier Information > Add/Update > Supplier

3. **Invoice Number** - Enter Supplier's Invoice number exactly as it appears on the supplier's invoice; to facilitate duplicate checking the invoice number entered in VISION must match the invoice number on the invoice. **Do not alter the Invoice Number during voucher entry by removing information or including additional information that does not appear on the Supplier's invoice.**

Note: If a supplier's invoice number is not provided, enter relevant information to correlate the voucher to the payment request.

4. **Invoice Date** - As per the supplier's invoice
5. Click **Add**

The screenshot displays the 'Invoice Information' tab in the VISION system. Key fields include Business Unit (01110), Invoice No (COPYPOEX), Accounting Date (11/02/2018), and Supplier ID (0000001293). A red box highlights the 'Grant ID' and 'CFDA#' fields, which are currently empty. Another red box highlights the 'Copy From Source Document' section, which includes fields for PO Unit (01110), PO Number (0000000938), and a 'Copy PO' button. The 'Invoice Total' section shows Line Total, Miscellaneous, Freight, Total, and Difference, all set to 0.00. The 'Non Merchandise Summary' section on the right lists various options like Session Defaults, Comments, Attachments, Template List, Advanced Supplier Search, Supplier Hierarchy, and Supplier 360. The 'Invoice Lines' section at the bottom shows a table with columns for Line, Copy Down, Distribute by, SpeedChart, and Ship To.

6. **Grant ID (Grant Vouchers only)** - If this invoice is related to a grant, enter the grant number here. You can use the magnifying glass to select the grant from the list. Departments are required to update the fields per AOA's Bulletin 5 and OMB's Uniform Guidance

Note: Grant numbers should not be used in the Invoice field.

7. **CFDA # (Grant Vouchers only)** - If this invoice is related to a grant, enter the CFDA number(s) here
8. Click on the chevron arrow **"Copy From Source Document"**
9. **PO BU** - Enter BU
10. **Purchase Order Number** - Enter PO number
11. Click **Copy PO**

All information entered in the PO above defaults in under the Invoice Lines section. Verify that correct chartfields have defaulted in from the PO above.

In the Invoice Lines section for line 1, enter C/P (C=Current Year, P=Prior Year) Indicator

Review the "Distribute by" field. Field will display "Amount" and will be greyed out

If you are not vouchering for the full amount of the purchase order, update amount to the amount of the invoice from supplier.

Review the Address information that defaulted in from the supplier. If the address should be changed click on the magnifying glass to select the correct address the payment should be sent to.

Payment terms default in. Under Invoice Lines Distribute by, Description, Quantity, UOM, Unit Price and Extended Amount load in from the purchase order. The Chart Field distribution is also populated from the purchase order.

Two buttons appear: **Adjust PO Percentage** and **Allocate by Percentage**

These buttons are used in the following ways:

Adjust PO Percentage

Click this button to override the purchase order percentages. After clicking the button, the Percentage column becomes available for edit. The totals entered must equal 100. Once reallocated, click the Allocate by Pct button to reallocate the expenses. This button only appears for vouchers created from purchase orders or receipts. This will only work if the voucher has a PO line with more than one distribution line.

Allocate by Percentage

Click this button to reallocate the voucher line's quantity and amount over the distributions by the percentage copied forward from the purchase order. This button only appears for vouchers created from purchase orders or receipts. This will only work if the voucher has a PO line with more than one distribution line.

The screenshot displays the 'Payments' tab of a voucher management interface. The 'Invoice Information' section shows details for Business Unit 01110, Voucher ID 00007676, and Invoice Date 10/25/2018. The 'Invoice Total' section shows a Line Total of 1,000.00. The 'Purchase Order' section shows the PO Number 0000000938 and the 'Allocate by Percentage' button. The 'Distribution Lines' table shows a single line with 100% PO and 100% Percent.

Copy Down	Line	PO Percent	Percent	Merchandise Amt	Quantity	*GL Unit	Account	Fund	Dept	Program	Class	Project
	1	100.0000	100.0000	1,000.00	500.0000	01110	520110	10000	1110003000			

- Click on the **Payments** tab to review Payment information that defaulted in from the purchase order

Note: Gross Amount shows \$0, but the correct amount will fill in when the voucher is saved.

- Click **Save**

- Voucher is saved
- Voucher Id # has been assigned. You can find the ID # in the upper left-hand side of the page

See the [Budget Check Online](#) and [Submitting a Voucher for Approval](#) sections of this manual to complete the process.

Enter a Purchase Order Voucher with PY and CY Lines

Situations when this function is used: Purchase orders are created from a Requisition or to draw down on a contract. Purchase Orders will need to be Amount only in order to drawdown one or more lines. When the invoice is received, the information is copied from the purchase order into a voucher to pay the supplier for both P (Prior Year) and C (Current Year) amounts on the same voucher.

Required Fields: Supplier ID; Supplier Name; Location; Address; Invoice Number; Invoice Date; Total Amount; GL Unit; Account; Fund; Department ID; Pay Terms; PO Unit; Purchase Order Number; Distribute By; Description; Quantity; UOM; Unit Price; Ship To

WorkCenter navigation: Accounts Payable WorkCenter (AP) > Links Pagelet > Vouchers > Voucher Entry > Add a New Value

Navigator Menu navigation: Accounts Payable > Vouchers > Add/Update > Regular Entry > Add a New Value

The **Voucher Entry** page displays:

The screenshot shows the 'Voucher' entry form. It includes tabs for 'Find an Existing Value' and 'Add a New Value'. The form fields are as follows:

- Business Unit: 01105
- Voucher ID: NEXT
- Voucher Style: Regular Voucher (dropdown)
- Supplier Name: W.B. Mason Co., Inc.
- Short Supplier Name: WBMASONCOI-001
- Supplier ID: 0000283240
- Supplier Location: MULTIPLE
- Address Sequence Number: 2
- Invoice Number: test
- Invoice Date: 080119
- Gross Invoice Amount: 0.00
- Freight Amount: 0.00
- Misc Charge Amount: 0.00
- PO Business Unit: (empty)
- PO Number: (empty)
- Estimated No. of Invoice Lines: 1

The 'Add' button at the bottom left is highlighted with a red rectangle.

Your default BU will appear in the Business Unit field. The Voucher ID will default as NEXT and Voucher Style will default in as "Regular Voucher".

1. **Business Unit** - Leave as user default or enter appropriate business unit
2. **Supplier ID** - Enter the supplier number, including the leading zeros and tab out of field. Short Supplier Name, Supplier Location, and Address Sequence Number automatically populate

Note: If you need to search for a supplier use the following navigation:

WorkCenter Navigation: Accounts Payable WorkCenter (AP) > Links Pagelet > Suppliers > Supplier Information > Click on Find an Existing Value tab

Navigator Menu Navigation: Suppliers > Supplier Information > Add/Update > Supplier

3. **Invoice Number** - Enter Supplier's Invoice number exactly as it appears on the supplier's invoice; to facilitate duplicate checking the invoice number entered in VISION must match

the invoice number on the invoice. **Do not alter the Invoice Number during voucher entry by removing information or including additional information that does not appear on the Supplier's invoice.** *Note: If a supplier's invoice number is not provided, enter relevant information to correlate the voucher to the payment request.*

4. **Invoice Date** - As per the supplier's invoice
5. Click **Add**
6. **Grant ID (Grant Vouchers only)** - If this invoice is related to a grant, enter the grant number here. You can use the magnifying glass to select the grant from the list. Departments are required to update the fields per AOA's Bulletin 5 and OMB's Uniform Guidance
Note: Grant numbers should not be used in the Invoice field.
7. **CFDA # (Grant Vouchers only)** - If this invoice is related to a grant, enter the CFDA number(s) here
8. Click on the chevron arrow **"Copy From Source Document"**
9. **PO BU** - Enter BU
10. **Purchase Order Number** - Enter PO number
11. Click **Copy PO** button

14. Click **Save**

- Voucher is saved
- Voucher Id # has been assigned. You can find the ID # in the upper left-hand side of the page

See the [Budget Check Online](#) and [Submitting a Voucher for Approval](#) sections of this manual to complete the process.

Enter PO Voucher – Use only some PO lines

Situations when this function is used: Purchase orders are created from a Requisition or to draw down on a contract. When the invoice is received, the information is copied from the purchase order into a voucher to pay the supplier. In some cases, the purchase order may have multiple invoices that need to be paid against it. The following directions show how to pay an invoice using only part of a purchase order.

Required Fields: Supplier ID; Supplier Name; Location; Address; Invoice Number; Invoice Date; Total Amount; GL Unit; Account; Fund; Department ID; Pay Terms; PO Unit; Purchase Order Number; Distribute By; Description; Quantity; UOM; Unit Price; Ship To

WorkCenter navigation: Accounts Payable WorkCenter > Links Pagelet > Vouchers > Voucher Entry > Add a New Value

Navigator Menu navigation: Accounts Payable > Vouchers > Add/Update > Regular Entry > Add a New Value

The **Voucher Entry** page displays:

The screenshot shows the 'Voucher' entry form. At the top, there are two buttons: 'Find an Existing Value' and 'Add a New Value'. Below these are various input fields with search icons. The fields are: Business Unit (01115), Voucher ID (NEXT), Voucher Style (Regular Voucher), Supplier Name (Irving Energy), Short Supplier Name (IRVING ENE-002), Supplier ID (0000001293), Supplier Location (MULTIPLE), Address Sequence Number (10), Invoice Number (AP109TEST), Invoice Date (11/15/2018), Gross Invoice Amount (0.00), Freight Amount (0.00), Misc Charge Amount (0.00), PO Business Unit, PO Number, and Estimated No. of Invoice Lines (1). At the bottom left, there is an 'Add' button highlighted with a red box.

Your default BU will appear in the Business Unit field. The Voucher ID will default as NEXT and Voucher Style will default in as “Regular Voucher”.

1. **Business Unit** - Leave as user default or enter appropriate business unit
2. **Supplier ID** - Enter Supplier ID number
3. **Invoice Number** - Enter Supplier’s Invoice number exactly as it appears on the supplier’s invoice; to facilitate duplicate checking the invoice number entered in VISION must match the invoice number on the invoice. **Do not alter the Invoice Number during voucher entry by removing information or including additional information that does not appear on the Supplier’s invoice.**

Note: *If a supplier’s invoice number is not provided, enter relevant information to correlate the voucher to the payment request.*

4. **Invoice Date** - Enter as per the supplier’s invoice
5. Click **Add**

The **Invoice Information** page displays:

The following information defaults in:

- Accounting Date = current date (this must never be changed manually)
- Currency = USD
- Distribute by = Amount
- Ship To = default ship to location for your Business Unit
- GL Unit defaults in

In the **Header**:

- 6. Grant ID (Grant Vouchers only)** - If this invoice is related to a grant, enter the grant number here. You can use the magnifying glass to select the grant from the list. Departments are required to update the fields per AOA's Bulletin 5 and OMB's Uniform Guidance

Note: Grant numbers should not be used in the Invoice field.

- 7. CFDA # (Grant Vouchers only)** - If this invoice is related to a grant, enter the CFDA number(s) here

In the **Copy From Source Document** section:

- 8. Copy From** - select **Purchase Order Only** from drop-down menu
- 9. Click Go**

The **Copy Worksheet** window opens:

16. Click on the **Payments** tab

The **Payments** page displays:

The screenshot shows the 'Payments' tab selected in a software interface. The 'Invoice Information' section includes fields for Business Unit (01115), Invoice No (AP109TEST), Invoice Date (11/15/2018), Voucher ID (NEXT), Voucher Style (Regular Voucher), Total Amount (210.00), and Supplier Name (Irving Energy). The 'Payment Information' section shows Payment 1 with fields for *Remit to (0000001293), Location (MULTIPLE), *Address (10), Gross Amount (0.00 USD), Discount (0.00 USD), Scheduled Due, Net Due, Discount Due, and Accounting Date. The supplier address is listed as Irving Energy, PO Box 11013, Lewiston, ME 04243. There are buttons for 'Run' and 'Schedule Payments'.

Review Payment information that defaulted in from the purchase order.

Note: Gross Amount shows \$0, but the correct amount will fill in when the voucher is saved.

Note: The address selected on the payment information page is the address that the payment will be sent to – regardless of what address is on the invoice information page.

17. Click **Save**

- Voucher is saved
- Voucher ID # has been assigned. You can find the ID # in the upper left-hand side of the page

This screenshot shows the same 'Payments' page after the voucher has been saved. The 'Voucher ID' field in the 'Invoice Information' section is now populated with '00003927' and is highlighted with a green box. The 'Gross Amount' in the 'Payment Information' section is also updated to '210.00 USD' and is highlighted with a green box. The 'Scheduled Due' date is now '12/15/2018'. The 'Run' and 'Schedule Payments' buttons are still present.

See the [Budget Check Online](#) and [Submitting a Voucher for Approval](#) sections of this manual to complete the process.

Matching Purchase Order Voucher

Situations when this function is used: All departments have two-way matching turned on which compares vouchers and purchase orders. Vouchers will need to be “matched” with purchase orders before they can be approved.

Matching is run as a daily overnight batch process. Matching can also be run manually as a batch process for a business unit or several vouchers or online for one voucher.

Summary	Related Documents	Invoice Information	Payments	Voucher Attributes	Error Summary

PO Vouchers will show Match Status = Ready. Matching will need to be run successfully before this voucher can be approved.

Matching as a Batch Process

WorkCenter navigation: Accounts Payable WorkCenter > Links Pagelet > Batch Processes > Matching

Navigator Menu navigation: Accounts Payable > Batch Processes > Vouchers > Matching

The Match Request page displays, click on **Add a New Value**:

Match Request

Run Control ID

1. **Run Control ID** - Enter a run control ID
2. Click **Add**

The **Match Request** page displays:

The screenshot shows the 'Run Control Parameters' form. It includes fields for *Description (Matching), *Process Frequency (Always Process), Match Action (Matching), *Options (Business Unit), and As of Date. There are checkboxes for 'Run Document Association Only' and 'Autopilot Run Control'. Below these is a 'Business Unit' section with a table header showing *Business Unit and Description. The table is currently empty, and there are navigation buttons like 'First', '1 of 1', and 'Last'.

3. **Description** - Enter Description
4. **Process Frequency** - Set to **Always Process**
5. **Options** – Select an option from the drop-down menu
 - If Business Unit is chosen, then matching will process all vouchers within the business unit that are ready to be matched
 - If Voucher is chosen, then matching will process specific vouchers that are input into the criteria

NOTE: NEVER choose All Business Units. This would run matching for all business units in the State.

This screenshot is similar to the previous one but includes a 'Run' button highlighted with a red box in the top right corner. The 'As of Date' field is now populated with '12/04/2018'. The 'Business Unit' section is also highlighted with a red box, showing the *Business Unit field with the value '02300' entered.

6. **Business Unit** - Enter the BU that matching should be run for
7. Click **Run**

The **Process Scheduler Request** window opens:

	1:25:30PM	Successfully posted generated files to the report repository	Explain	

The message log tells you how many vouchers were selected to match and then how many vouchers matched successfully and how many had errors.

In this example, 1 voucher was matched with no errors.

To find the voucher(s) that has a matching error run the VT_MER_VCHRS_NOT_POSTED query.

	Details	Match Rule	Voucher	Purchase Order	Receiver
		Life to Date Voucher Quantity > PO Quantity + PO P	600	500	
		Life to Date Voucher Amount > PO Schedule Amount +	1800	1000	
		Life to Date Voucher Amount > PO Schedule Amount +	1800	1000	
		Voucher Line Price <= PO Price with Rule Percen	3	2	

Action:

Review Match Rules Listed, by clicking on the detail icon you can drill into each match rule to get a further explanation, see example below.

Match Rule Details

Life to Date Voucher Quantity > PO Quantity + PO P

Match Control TWO_WAY Match Rule Type MERCH - QTY Match Exception Cause Type
Match Rule 330 Description LTD vchr qty greater than PO qty with receipt tol

Current voucher quantity plus previously matched voucher quantities, if any, greater than PO line schedule quantity.
Include quantity received percent over, if any, from the PO when comparing the values

There are two ways to fix match exceptions...

1. If the invoice is wrong, adjust the voucher and re-run matching.
2. If the PO is wrong, delete the voucher, adjust the PO and copy the adjusted PO back into a newly created voucher.

Matching in the Voucher

WorkCenter navigation: Accounts Payable WorkCenter > Links Pagelet > Vouchers > Voucher Entry

Navigator Menu navigation: Accounts Payable > Vouchers > Add/Update > Regular Entry

The **Voucher Entry** page displays, click on the **Find an Existing Value** tab:

The screenshot shows the 'Voucher' search interface. At the top, there are two tabs: 'Find an Existing Value' (highlighted with a red box) and 'Add a New Value'. Below the tabs is a 'Search Criteria' section with various input fields. The 'Business Unit' field is set to '02300' and the 'Voucher ID begins with' field is set to '00102560'. Both fields are highlighted with red boxes. Other fields include 'Invoice Number begins with', 'Invoice Date', 'Short Supplier Name begins with', 'Supplier ID begins with', 'Supplier Name begins with', 'Voucher Style', 'Related Voucher begins with', 'Entry Status', 'Voucher Source', and 'Incomplete Voucher'. At the bottom, there is a 'Search' button (highlighted with a red box), a 'Clear' button, and a 'Basic Search' link. A 'Limit the number of results to (up to 300):' field is set to '300'.

1. **Business Unit** - Accept default value or type in new BU number
2. **Voucher ID** - Enter Voucher ID number
3. Click **Search**

The **Voucher Summary** page displays:

The screenshot shows the 'Voucher Summary' page with several tabs: 'Summary', 'Related Documents', 'Invoice Information' (highlighted with a red box), 'Payments', 'Voucher Attributes', and 'Error Summary'. The 'Invoice Information' tab displays the following details:

Business Unit 02300	Invoice Date 12/04/2018
Voucher ID 00102560	Invoice No 120418MATCHING
Voucher Style Regular	Invoice Total 125.00 USD

Un-match PO Vouchers is complete

Enter an Asset Related Voucher

Situations when this function is used: Entering an Asset related voucher is similar to creating a Regular Voucher with the addition of entering the asset related information within the asset tab of the distribution area. Voucher distribution lines containing Asset Management information are passed directly to the Asset Management module via the Asset Management /AP interface processes.

Required Fields: Supplier ID*; Supplier Name; Location; Address; Invoice Number*; Invoice Date*; Description; Quantity; Amount*; GL Unit; Account; Fund; Department ID; Pay Terms; AM Business Unit; Profile ID

The fields marked with an * should be filled in on the Add a New Value page. When the fields are filled and you click Add, the system will immediately let you know if a duplicate voucher has been detected. This saves time by identifying duplicate vouchers before entering all of the voucher information.

WorkCenter navigation: Accounts Payable WorkCenter (AP) > Links Pagelet > Vouchers > Voucher Entry > Add a New Value

Navigator Menu navigation: Accounts Payable > Vouchers > Add/Update > Regular Entry > Add a New Value

Add

Your default BU will appear in the Business Unit field. The Voucher ID will default as NEXT and Voucher Style will default in as “Regular Voucher.” Much of the voucher information can be entered in the voucher add function or entered later in the voucher pages.

1. **Business Unit** - Leave as user default or enter appropriate business unit
2. **Supplier ID** - Enter the Supplier ID, including the leading zeros and tab out of field. Short Supplier Name, Supplier Location, and Address Sequence Number automatically populate

Note: If you need to search for a supplier use the following navigation:

WorkCenter Navigation: Accounts Payable WorkCenter (AP) > Links Pagelet > Suppliers > Supplier Information > Click on Find an Existing Value tab

Navigator Menu Navigation: Suppliers > Supplier Information > Add/Update > Supplier

3. **Invoice Number** - Enter Supplier's Invoice number exactly as it appears on the supplier's invoice; to facilitate duplicate checking the invoice number entered in VISION must match the invoice number on the invoice. **Do not alter the Invoice Number during voucher entry by removing information or including additional information that does not appear on the Supplier's invoice.**

Note: If a supplier's invoice number is not provided, enter relevant information to correlate the voucher to the payment request.

4. **Invoice Date** - As per the supplier's invoice
5. Click **Add**

The **Invoice Information** page displays. Invoice and Supplier information defaults from previous page. Accounting date defaults to current date. Currency defaults to USD.

18. Click **Save**

Voucher is saved and a Voucher ID has been assigned. When voucher has been budget checked and approved, batch processes will run overnight to interface the asset information entered on the voucher into the Asset Management module. **The asset will need to be updated in Asset Basic Add to include required information that does not flow in from the Accounts Payable module such as Tag #, Location ID as well as any other information the department chooses to add.**

For more information on assets, review **VISION Procedure #1 (the Asset Management Procedure)** at: <http://finance.vermont.gov/policies-and-procedures/vision-procedures>

See the [Budget Check Online](#) and [Submitting a Voucher for Approval](#) sections of this manual to complete the process.

Enter Vouchers to State Agencies Set up as Suppliers

Situation when this function is used:

The entry and processing of a voucher for an invoice from a Department/Agency that is set up as a supplier is the same as that for any other supplier. Invoice will include supplier number to use.

Freight Amount 0.00

Misc Charge Amount 0.00

PO Business Unit

PO Number

Estimated No. of Invoice Lines 1

Add

Your default BU will appear in the Business Unit field. The Voucher ID will default as NEXT and Voucher Style will default in as "Regular Voucher." Much of the voucher information can be entered in the voucher add function or entered later in the voucher pages.

1. **Business Unit** - Leave as user default or enter appropriate business unit
2. **Supplier ID** - Enter the supplier number, including the leading zeros and tab out of field. Short Supplier Name, Supplier Location, and Address Sequence Number automatically populate

Note: If you need to search for a supplier use the following navigation:

WorkCenter Navigation: Accounts Payable WorkCenter (AP) > Links Pagelet > Suppliers > Supplier Information > Click on Find an Existing Value tab

Navigator Menu Navigation: Suppliers > Supplier Information > Add/Update > Supplier

3. **Invoice Number** - Enter Supplier's Invoice number exactly as it appears on the supplier's invoice; to facilitate duplicate checking the invoice number entered in VISION must match the invoice number on the invoice. **Do not alter the Invoice Number during voucher entry by removing information or including additional information that does not appear on the Supplier's invoice.**

Note: If a supplier's invoice number is not provided, enter relevant information to correlate the voucher to the payment request.

4. **Invoice Date** - As per the supplier's invoice
5. **Gross Invoice Amount** - Enter the gross invoice amount
6. Click **Add**

The **Invoice Information** page displays:

The Invoice Information page loads. The information entered on the Add a New Value page has populated the fields on the Invoice Information page. The following information defaults in:

- Accounting Date = current date (this must never be changed manually)
- Currency = USD
- Distribute by = Amount
- Ship To = default ship to location for your Business Unit
- GL Unit

Scroll down the screen and the **Invoice Line** box can be viewed:

Invoice Lines section

7. **Description** - Enter the description of what you are paying the invoice for
8. **C/P Indicator** - Select C for current year or P for prior year, you must select this for each invoice line and both C and P can be used within the same voucher

Distribution Lines section

9. **Amount** - Enter the full amount of the invoice if you are only using a single line and distribution or enter the amount of the invoice that you are going to pay for only this line and/or distribution
10. **Account Number** - Enter account number or click on the magnifying glass to select from the list
11. **Fund** - Enter the fund or click on the magnifying glass to select from the list
12. **Dept ID** - Enter the Dept ID or enter the last 4 digits of your business unit (to narrow your search) and click on the magnifying glass to select from the list
13. **Program** - Enter program (If used by your department)
14. **Class** - Enter class (If used by your department)
15. **Project/Grant** - Enter project/grant (If used by your department)

The page should now look similar to the one above

16. Click on the **Payments** tab

Review payment information that defaulted in from the supplier.

Note: Gross Amount shows \$0, but the correct amount will fill in when the voucher is saved.

17. Click Save

- Voucher is saved
- Voucher ID # has been assigned. You can find the ID # in the upper left-hand side of the page (see below)

Summary	Related Documents	Invoice Information	Payments	Voucher Attributes	Error Summary

See the [Budget Check Online](#) and [Submitting a Voucher for Approval](#) sections of this manual to complete the process.

Enter Regular Voucher with 1099-M Reportable and Non-Reportable Lines

Situations when this function is used: When a payment is made to a reportable supplier, the user must make sure that the invoice lines on the voucher are marked as reportable and non-reportable as applicable, with the correct withholding class.

What is a “Reportable” Supplier?

A “reportable supplier” is a supplier that is set up in VISION as withholding applicable. This means that payments made to these suppliers will be reported on a form 1099-Misc unless the withholding check box is unchecked on the voucher invoice lines.

The State is required by IRS rules and regulations to report certain payments to suppliers on a form 1099-Misc. If these payments are not reported correctly, the State may be subject to certain fines and penalties.

It is the departments’ responsibility when entering a voucher to determine if the payment being made is a reportable payment and to make sure that the withholding box, on the voucher invoice lines, is checked or unchecked appropriately and that the withholding class is correct for all reportable invoice lines.

Suppliers that are set up in VISION as “reportable” suppliers:

The following suppliers are set up as “reportable” in VISION because of the potential for them to receive a reportable payment:

- **Individuals, Sole Proprietors, Partnerships**

All payments for services to individuals, sole proprietors and partnerships are required to be reported on a 1099-M. Therefore, all regular suppliers that are individuals, sole proprietors or partnerships are set up as reportable suppliers in VISION.

- **All Suppliers Providing Medical Services (Including Veterinarians)**

All payments for medical services including dental services, counseling services and veterinarian services are required to be reported on a 1099-M. Therefore, all regular suppliers which provide medical services are set up as reportable suppliers in VISION. (With the exception of tax exempt hospitals and hospitals owned by a government entity – these are not set up as reportable.)

- **All Suppliers Providing Legal Services**

All payments for legal services are required to be reported on a 1099-M. Therefore, all regular suppliers which provide legal services are set up as reportable suppliers in VISION.

Please note that suppliers that are Limited Liability Companies (LLC’s) are set up based on their tax classification (partnership, or corporation) and follow the rules above.

Payments that are Reportable vs. Not Reportable:

The following types of payments are reportable to the supplier on a 1099-Misc with the indicated withholding class.

<u>Payment Type:</u>	<u>Being Paid To:</u>	<u>Withholding Class:</u>
Services (except medical) Per Diem	Individuals Sole Proprietors Partnerships	07
Witness Fees Expert Testimony	Individuals Sole Proprietors Partnerships	07
Medical and Health Care Services <ul style="list-style-type: none"> includes Dental, Counseling, and Veterinarian Services does not include medical supplies or pharmaceuticals 	All suppliers (with the exception of tax exempt hospitals or hospitals owned by a government entity)	06
Attorney Fees / Legal Services	Attorneys Law Firms Other providers of legal services	07
Gross Proceeds paid in connection with legal services	Attorneys Law Firms Other providers of legal services	14
Prizes and Awards to non-employees	Individuals Sole Proprietors Partnerships	03
Punitive Damages	Individuals Sole Proprietors Partnerships	03
Rental of Space or Building	Individuals Sole Proprietors Partnerships	01
Rental of Equipment without an operator	Individuals Sole Proprietors Partnerships	01
Rental of Equipment with an operator – invoice bills equipment and operator separately	Individuals Sole Proprietors Partnerships	Equipment portion = 01 Operator portion = 07
Rental of Equipment with an operator – invoice bills as one price for both	Individuals Sole Proprietors Partnerships	07
Grants - if paid in conjunction with the supplier providing a service	Individuals Sole Proprietors Partnerships	07

The following payments are <u>not reportable</u> to the supplier on a 1099-Misc.	
<u>Payment Type:</u>	<u>Being Paid To:</u>
All Payments	Tax exempt organizations Government Entities
Services (except medical and legal)	Corporations
Bonuses Awards	Corporations
Punitive Damages	Corporations
Rents of any kind	Corporations
Medical and Health Care Services (includes Dental Services and Counseling Services)	Tax exempt hospitals Hospitals owned by a government entity
Refunds	All suppliers
Reimbursements for meals, lodging, mileage or other expenses	All suppliers
State Benefits (i.e. fostercare, state assistance)	All suppliers
Purchases of Merchandise (including medical supplies and pharmaceuticals) Telegrams Telephone services Freight	All suppliers
Grants – paid as reimbursements	All suppliers
Grants – state aid	All suppliers
Grants – Scholarship or Fellowship	All suppliers

Please note: The lists above are not all inclusive – if you are making a payment and are not clear as to whether the payment is reportable on a 1099-Misc or not, please contact Financial Operations for clarification.

What to do when entering a voucher to a reportable supplier:

When a voucher is entered to a reportable supplier, a blue [Withholding](#) link (Transfer to Withholding Detail) will be available on the Invoice Information tab of the voucher.

The screenshot shows the 'Invoice Information' tab for a voucher entered to a reportable supplier, the University of Vermont Medical Center. The form includes fields for Business Unit (01110), Voucher ID (NEXT), Voucher Style (Regular Voucher), Invoice Date, Invoice Received, Supplier ID (000007449), ShortName (UNIVERSITY-107), Location (MULTIPLE), and Address (1). The Accounting Date is 12/12/2018, and the Pay Terms are NET30. The Invoice Total section shows Line Total (0.00), Currency (USD), Miscellaneous, Freight, Total (0.00), and Difference (0.00). The right-hand menu includes links for Non Merchandise Summary, Session Defaults, Comments(0), Attachments (0), **Withholding** (highlighted), Template List, Advanced Supplier Search, Supplier Hierarchy, and Supplier 360. The bottom of the form has buttons for Save, Save For Later, Action, Run, Calculate, and Print.

Above shows a reportable supplier – withholding link is available.

The screenshot shows the 'Invoice Information' tab for a voucher entered to a non-reportable supplier, Fletcher Town School District. The form includes fields for Business Unit (01110), Voucher ID (NEXT), Voucher Style (Regular Voucher), Invoice Date, Invoice Received, Supplier ID (0000041039), ShortName (FLETCHERTOWN-004), Location (MULTIPLE), and Address (1). The Accounting Date is 12/12/2018, and the Pay Terms are NET00. The Invoice Total section shows Line Total (0.00), Currency (USD), Miscellaneous, Freight, Total (0.00), and Difference (0.00). The right-hand menu includes links for Non Merchandise Summary, Session Defaults, Comments(0), Attachments (0), Template List, Advanced Supplier Search, Supplier Hierarchy, and Supplier 360. The bottom of the form has buttons for Save, Save For Later, Action, Run, Calculate, and Print.

Above shows non-reportable supplier – withholding link not available.

When the blue [Withholding](#) link is available, the user must determine if the payment being made is a reportable payment. (Please see tables of reportable and non-reportable payments above.) If the payment or any part of the payment is not reportable, the user must click on the blue [Withholding](#) link and uncheck the Withholding Applicable check box for each invoice line of the voucher that is not reportable.

This screenshot is identical to the one above, showing the 'Invoice Information' tab for a reportable supplier, the University of Vermont Medical Center. The 'Withholding' link is highlighted in the right-hand menu.

Exercise 1

Enter a Voucher for an Invoice with Reportable and Non-Reportable lines

Situation: An invoice has been received for \$556.00 consisting of contractual services in the amount of \$500 and mileage in the amount of \$56.00.

WorkCenter navigation: Accounts Payable WorkCenter (AP) > Links Pagelet > Vouchers > Voucher Entry > Add a New Value

Navigator Menu navigation: Accounts Payable > Vouchers > Add/Update > Regular Entry > Add a New Value

The **Voucher Entry** page displays:

The screenshot shows the 'Voucher' entry form. At the top, there are two tabs: 'Find an Existing Value' and 'Add a New Value'. The form contains several input fields with search icons (magnifying glass) next to them. The fields are: Business Unit (01110), Voucher ID (NEXT), Voucher Style (Regular Voucher), Supplier Name (Barre Animal Hospital), Short Supplier Name (BARRE ANIM-001), Supplier ID (0000006145), Supplier Location (SINGLE), Address Sequence Number (1), Invoice Number (Reg12122018), Invoice Date (11/12/2018), Gross Invoice Amount (400), Freight Amount (0.00), Misc Charge Amount (0.00), PO Business Unit, PO Number, and Estimated No. of Invoice Lines (2). At the bottom left, there is a yellow 'Add' button highlighted with a red rectangle.

1. **Business Unit** - Enter BU if not using your default BU
2. **Supplier ID** - Enter Supplier ID number
3. **Invoice Number** - Enter Suppliers invoice number
4. **Invoice Date** - As per the supplier's invoice
5. **Gross Invoice Amount** - Enter gross invoice amount
6. **Enter Estimate No. of Invoice Lines** - You can enter the estimated number of invoice lines
7. Click **Add**

The **Invoice Information** page displays:

Exercise 2

Enter a Voucher for an Invoice with Reportable Lines – Default Withholding Class is Not Applicable for Payment

Situation: An invoice has been received for \$600.00 for the rental of office space.

Follow steps for entering a regular voucher until the Invoice Information page

The screenshot displays the 'Invoice Information' page in a software application. The page is divided into several sections. The top section contains fields for Business Unit (01110), Voucher ID (NEXT), Voucher Style (Regular Voucher), Invoice Date (12/01/2018), Invoice Received, Supplier ID (0000052056), ShortName (ILLUZZI/VIN-001), Location (SINGLE), *Address (1), Invoice No (DEC2018), Accounting Date (12/12/2018), *Pay Terms (NET00), Basis Date Type (Inv Date), Control Group, Grant ID, and CFDA#. The middle section shows the Invoice Total: Line Total (600.00), *Currency (USD), Miscellaneous, Freight, Total (600.00), and Difference (0.00). The bottom section is the Invoice Lines section, which includes a table for Line 1 with fields for Description (rent of office space), C/P Indicator (C), and Line Amount (600.00). The Distribution Lines section at the bottom shows a table with columns for Merchandise Amt, Quantity, *GL Unit, Account, Fund, Dept, Program, Class, Project, and Budget Date. The 'Withholding' link in the right sidebar is highlighted with a red box.

Invoice Lines section

1. **Description** - Enter the description of what you are paying for on this line of the invoice – in this case “rent of office space”
2. **C/P Indicator** - Select C for current year or P for prior year, you must select this for each invoice line and both C and P can be used within the same voucher
3. **Amount** - Enter Line 1 amount, in this case \$600.00

Distribution Lines section

4. **Merchandise Amount** - Enter the merchandise amount of line 1 to reflect the amount being paid – in this case \$600.00
5. **Account Number** - Enter the account number or click on the magnifying glass to select from the list
6. **Dept ID** - Enter the Dept ID or enter the last 4 digits of your business unit, (to narrow your search) and click on the magnifying glass to select from the list
7. **Fund** - Enter Fund
8. **Program** - Enter program (If used by your department)
9. **Class** - Enter class (If used by your department)
10. **Project/Grant** - Enter project/grant (If used by your department)
11. Click on the [Withholding](#) link

The **Withholding Information** page opens:

NOTE: If when changing Class on the *Withholding Information* page, you find that the appropriate withholding class for the payment is not available, you must send a request to VISION.SupplierRequests@vermont.gov to add the withholding class to the supplier. Do not approve or budget check the voucher until the withholding class is added to the supplier and can be changed on the voucher.

Class has been changed to **01**:

13. Click [Back to Invoice](#) link

14. Click [Save](#)

- Voucher is saved
- Voucher ID # has been assigned. You can find the ID # in the upper left-hand side of the page.

If you realize that a payment was marked as withholding or not withholding or with the wrong class in error and paid, please contact VISION Support at VISION.finhelpdesk@vermont.gov.

See the [Budget Check Online](#) and [Submitting a Voucher for Approval](#) sections of this manual to complete the process.

Enter an Adjustment Voucher

Situations when this function is used: listed below

Receiving a credit on an invoice that has already been paid:

Adjustment vouchers are used to enter Credit Memos from suppliers. They are tied to the original voucher by voucher id.

Receiving a credit on an invoice that has not yet been paid:

Adjustment vouchers are used to enter Credit Memos from suppliers. They are tied to the original voucher by voucher id and the two can be picked up together for payment of the net amount.

Therefore, it is advisable to enter the payment voucher first, so you will have the voucher number to relate to. This should allow the supplier to properly record your payment.

Receiving a credit on an invoice that has a purchase order related to it:

If a Credit Memo comes in from a supplier that has a purchase order related to it, pay the invoice with the purchase order for the full amount. Enter an adjustment voucher for the amount of the credit memo.

Required Fields: Supplier ID; Supplier Name; Location; Address; Invoice Number; Invoice Date; Amount; GL Unit; Account; Fund; Department ID; Pay Terms; Voucher ID; Line Description

WorkCenter navigation: Accounts Payable WorkCenter > Links Pagelet > Vouchers > Voucher Entry > Add a New Value

Navigator Menu navigation: Accounts Payable > Vouchers > Add/Update > Regular Entry > Add a New Value

The **Voucher Entry** page displays:

The screenshot shows a web form titled "Voucher". At the top, there are two buttons: "Find an Existing Value" and "Add a New Value". Below these are several input fields with search icons: Business Unit (02170), Voucher ID (NEXT), Voucher Style (Adjustments), Supplier Name (Unicel), Short Supplier Name (UNICEL-001), Supplier ID (0000000983), Supplier Location (MULTIPLE), Address Sequence Number (6), Invoice Number (SAMPLE102418), and Invoice Date (09/25/2018). At the bottom left is an "Add" button.

Your default BU will appear in the Business Unit field. The Voucher ID will default as NEXT and Voucher Style will default in as "Regular Voucher".

Much of the voucher information can be entered in the voucher add function or entered later in the voucher pages.

1. **Business Unit** - Enter BU if not using your default BU
2. **Supplier ID** - Enter Supplier ID number
3. **Invoice Number** - Enter Suppliers invoice number
4. **Invoice Date** - As per the supplier's invoice
5. **Gross Invoice Amount** - Enter gross invoice amount
6. **Enter Estimate No. of Invoice Lines** - You can enter the estimated number of invoice lines
7. Click [Add](#)

The **Invoice Information** page displays:

The screenshot shows the 'Invoice Information' page. At the top, there are tabs for 'Invoice Information', 'Payments', and 'Voucher Attributes'. The 'Invoice Information' tab is active. It contains several input fields: Business Unit (02170), Voucher ID (NEXT), Invoice Date (09/25/2018), Invoice Received, Supplier ID (0000000983), ShortName (UNICEL-001), Location (MULTIPLE), Address (6), Invoice No (SAMPLE102418), Accounting Date (10/26/2018), Pay Terms (NET30), Basis Date Type (Inv Date), Control Group, Grant ID, and CFDA#. There is an 'Invoice Total' section on the right with fields for Line Total (0.00), Currency (USD), Miscellaneous, Freight, Total (-15.00), and Difference (0.00). Below these are buttons for 'Save', 'Save For Later', 'Run', 'Calculate', and 'Print'. A section titled 'Copy From Source Document' contains a 'Voucher ID' field (00008393) and a 'Copy to Voucher' button. Below this is the 'Invoice Lines' section with a table for 'Distribution Lines' showing columns for Line, Merchandise Amt, Quantity, *GL Unit, Account, OpenItem, Fund, Dept, Program, Class, Project, and Affiliate. The table has one row with Line 1, Merchandise Amt -15.00, and *GL Unit 02170. At the bottom are buttons for 'Save', 'Save For Later', 'Notify', 'Refresh', 'Add', and 'Update/Display'.

The information entered on the Add a New Value page has populated the fields on the Invoice Information page. The following information defaults in:

- Accounting Date = current date (this must never be changed manually)
- Currency = USD
- Distribute by = Amount
- Ship To = default ship to location for your Business Unit
- GL Unit

8. Credit Memo Amount - Enter the amount as a credit (example -15.00) in the **Total** field

9. Click on the chevron arrow **"Copy From Source Document"**

10. Voucher ID - Enter the voucher ID number

11. Click on **Copy to Voucher** (if you entered the original Voucher ID)

Extended Amount & Amount fields populate with -\$15.00

Enter a Journal Voucher

Situation when this function is used: A journal voucher is used to correct accounting entries on a previously entered Accounts Payable voucher. It is a zero-balance voucher and relates to a single identifiable voucher. Journal vouchers are only used to correct entries within one Business Unit. No checks are written as a result of these entries.

If correcting entries need to be made between Business Units, you **MUST** do a TSF General Ledger Journal Entry.

Note: *If a voucher has been corrected by a journal voucher and then the journal voucher needs to be corrected, another journal voucher (NOT an ONL journal) can be done. Be sure to make the invoice number unique so that you don't receive a duplicate invoice error. (For example, if the original invoice number was 98985, you could enter it as 98985A.)*

Required Fields: Supplier ID; Supplier Name; Location; Address; Invoice Number; Invoice Date; Amount; GL Unit; Account; Fund; Department ID; Pay Terms; Related Voucher; Line Description; Accounting Template

WorkCenter Navigation: Accounts Payable WorkCenter > Links Pagelet > Vouchers > Voucher Entry > Add a New Value

Navigator Menu Navigation: Accounts Payable > Vouchers > Add/Update > Regular Entry > Add a New Value
The **Voucher Entry** page displays:

The screenshot shows the 'Voucher' entry form. At the top, there are two buttons: 'Find an Existing Value' and 'Add a New Value'. Below these are several input fields with search icons: Business Unit (01110), Voucher ID (NEXT), Voucher Style (Journal Voucher), Supplier Name (Highgate Apartments), Short Supplier Name (HIGHGATEAP-001), Supplier ID (0000007818), Supplier Location (SINGLE), Address Sequence Number (1), Invoice Number (ADJ AP18 TEST), and Invoice Date (11/23/2018). At the bottom left, there is a yellow 'Add' button highlighted with a red rectangular box.

Your default BU will appear in the Business Unit field. The Voucher ID will default as NEXT and Voucher Style will default in as “Regular Voucher”.

Much of the voucher information can be entered in the voucher add function or entered later in the voucher pages.

1. **Business Unit** - Enter BU if not using your default BU
2. **Voucher Style** - Select **Journal Voucher**
3. **Supplier ID** - Enter Supplier ID number
4. **Invoice Number** - Enter Suppliers invoice number
5. **Invoice Date** - As per the supplier's invoice
6. **Gross Invoice Amount** - Enter gross invoice amount
7. Click **Add**

The **Invoice Information** page displays:

How to Set Up SpeedCharts

Situations when this function is used: SpeedCharts can reduce the amount of time it takes to enter vouchers with the same accounting information. Individuals can set up their own SpeedCharts or they can be set up so that many people in a business unit can use them. SpeedCharts are effective dated so new chart field information may not be usable in an existing SpeedChart. You will need to inactivate the existing SpeedChart and enter a new effective dated speedchart.

SpeedCharts are Business Unit specific, but can be used on any voucher within the business unit no matter the supplier.

Required Fields: Set ID; SpeedChart Key; User ID; Effective Date; Description; Security; Percent; GL Unit; Account; Fund; Department ID

Navigator Menu navigation: Set Up Financials /Supply Chain > Product Related > Procurement Options > Management> SpeedChart > Add a New Value

The **SpeedChart** panel displays, click on the **Add a New Value** tab:

The screenshot shows the 'SpeedChart' panel with the 'Add a New Value' tab selected. The form contains the following fields and values:

- SetID: 01110
- SpeedChart Key: Telephone
- User ID: ETEST
- Primary Permission List: (empty)
- Effective Date: 10/25/2018

The 'Add' button at the bottom left is highlighted with a red box.

SetID defaults in as equal to STATE but MUST be changed to your AP Business Unit.

1. **SetID** - Enter appropriate business unit
2. **SpeedChart Key** - Enter what you want the SpeedChart to be called
3. **User ID** - Enter your User ID or click on the magnifying glass and select from the list
4. **Effective Date** - Enter the date that you would like the SpeedChart to be available for use
5. Click **Add**

The **SpeedChart** page displays:

9. Scroll to the right and click on the **+** sign beside row 1 to add a new row

Adding a Voucher using a SpeedChart

Situations when this function is used: SpeedCharts can reduce the amount of time it takes to enter vouchers with the same accounting information. Individuals can set up their own SpeedCharts or they can be set up so that many people in a business unit can use them. SpeedCharts are effective dated so new chart field information may not be usable in an existing SpeedChart.

SpeedCharts are Business Unit specific, but can be used on any voucher within the business unit no matter the supplier.

Required Fields: Business Unit; Supplier ID; Supplier Name; Location; Address; Invoice Number; Invoice Date; Amount; SpeedChart; Pay Terms

WorkCenter navigation: Accounts Payable WorkCenter (AP) > Links Pagelet > Vouchers > Voucher Entry > Add a New Value

Navigator Menu navigation: Accounts Payable > Vouchers > Add/Update > Regular Entry > Add a New Value
The **Voucher Entry** page displays:

The screenshot shows the 'Voucher' entry form. At the top, there are two tabs: 'Find an Existing Value' and 'Add a New Value'. The form contains several input fields with search icons: Business Unit (01110), Voucher ID (NEXT), Voucher Style (Regular Voucher), Supplier Name (Vermont State Colleges), Short Supplier Name (VTSTCOLLEG-001), Supplier ID (0000042882), Supplier Location (MACHCCV), Address Sequence Number (11), Invoice Number (SC111418), Invoice Date (10/12/2018), Gross Invoice Amount (1000), Freight Amount (0.00), Misc Charge Amount (0.00), PO Business Unit, PO Number, and Estimated No. of Invoice Lines (1). An 'Add' button is located at the bottom left of the form, highlighted with a red box.

Your default BU will appear in the Business Unit field. Voucher ID will be NEXT. Much of the voucher information can be entered in the voucher add function or entered later in the voucher pages.

1. **Business Unit** - Leave as user default or enter appropriate business unit
2. **Supplier ID** - Enter the supplier number, including the leading zeros and tab out of field. Short Supplier Name, Supplier Location, and Address Sequence Number automatically populate

Note: If you need to search for a supplier use the following navigation:

WorkCenter navigation: Accounts Payable WorkCenter (AP) > Links Pagelet > Suppliers > Supplier Information > Click on Find an Existing Value tab

Navigator Menu navigation: Suppliers > Supplier Information > Add/Update > Supplier

3. **Invoice Number** - Enter Supplier's Invoice number exactly as it appears on the supplier's invoice; to facilitate duplicate checking the invoice number entered in VISION must match the invoice number on the invoice. **Do not alter the Invoice Number during voucher entry by removing information or including additional information that does not appear on the Supplier's invoice.**

Note: If a supplier's invoice number is not provided, enter relevant information to correlate the voucher to the payment request.

4. **Invoice Date** - As per the supplier's invoice

5. **Gross Invoice Amount** - Enter the gross invoice amount

6. Click **Add**

The Invoice Information page displays:

Budget Check a Voucher Online

Situations when this function is used: The budget checking process checks vouchers and voucher accounting lines against all control budgets that they are subject to, updates the Commitment Control ledger, and updates the budget-checking status of the transactions. You can budget-check individual vouchers when you create them online, or you can budget-check multiple vouchers by batch processing. In this example you will budget check a voucher online.

Required Fields: Business Unit; Voucher ID; Action

WorkCenter navigation: Accounts Payable WorkCenter > Links Pagelet > Vouchers > Voucher Entry > Find an Existing Value

Navigator Menu navigation: Accounts Payable > Vouchers > Add/Update > Regular Entry > Find an Existing Value

The **Voucher Entry** page displays:

The screenshot shows the 'Voucher' search criteria form. At the top, it says 'Enter any information you have and click Search. Leave fields blank for a list of all values.' Below this are two buttons: 'Find an Existing Value' and 'Add a New Value'. A section titled 'Search Criteria' contains various search fields: Business Unit (dropdown), Voucher ID (begins with), Invoice Number (begins with), Invoice Date (dropdown), Short Supplier Name (begins with), Supplier ID (begins with), Supplier Name (begins with), Voucher Style (dropdown), Related Voucher (begins with), Entry Status (dropdown), Voucher Source (dropdown), and Incomplete Voucher (dropdown). There is a 'Case Sensitive' checkbox and a 'Limit the number of results to (up to 300):' field set to 300. At the bottom are buttons for 'Search', 'Clear', 'Basic Search', and 'Save Search Criteria'.

Your default BU will appear in the Business Unit field.

1. **Business Unit** - Leave as user default or enter appropriate business unit
2. **Voucher ID** - Enter the Voucher ID (including leading zeros) of the voucher that needs to be budget checked
3. Click **Search**

The **Voucher Summary** page displays:

Budget Status Valid

Budget Misc Status Valid

*View Related Go

The Budget Header Status now has a status of '**Valid Budget Check**'.

The State of Vermont is not using the Non-Prorated Budget Status so when the voucher is saved this status automatically turns to valid budget check.

If you receive budget check errors, see the section on Finding and Fixing Budget Check errors in this manual.

Budget Check a Voucher using a Batch Process

Situation when this function is used: The budget checking process checks vouchers and voucher accounting lines against all control budgets that they are subject to, updates the Commitment Control ledger, and updates the budget-checking status of the transactions. You can budget-check individual vouchers when you create them online, or you can budget-check multiple vouchers by batch processing. In this example you will budget check multiple vouchers thru a batch process.

Note: Things to keep in mind if batch budget checking several vouchers at once

If the batch says 'Warning' on the process monitor at least one or more of the vouchers did not budget check successfully.

You should be careful that you are only budget checking the vouchers that are ready to be budget checked when setting up the parameters of the batch process.

Required Fields: Run Control ID; Description; Transaction Type; Field Name; Value Type; From/To; Server Name

WorkCenter navigation: Accounts Payable WorkCenter > Links Pagelet > Batch Processes > Budget Check

Navigator Menu navigation: Accounts Payable > Vouchers > Budget Check

The **Budget Check** page displays:

1. Click on the **Add a New Value** tab if you are running this process for the first time **or** click on the **Find an Existing Value** tab if you have already set up a run control

NOTE: Run Controls must not be shared between modules. A different budget check run control needs to be set up for both vouchers and purchase orders.

2. **Run Control ID** - Enter a run control ID
3. Click **Add**

The **Budget Check** page displays:

Search Clear Basic Search Save Search Criteria

1. **Business Unit** - Enter Business Unit or leave as default
2. **Voucher ID** - Enter Voucher ID or click on Search for a list of vouchers
3. **Process Status** - Select = Errors Exist
4. Click **Search**

Note: If the Search button is clicked and there is only one voucher with a budget check error the voucher will automatically open.

The **Voucher Exceptions** page displays:

The screenshot shows the 'Voucher Exceptions' page. At the top, there are tabs for 'Voucher Exceptions' and 'Line Exceptions'. Below the tabs, the 'Business Unit' is set to '01110' and the 'Voucher ID' is '00007688'. There are search filters for '*Exception Type' (set to 'Error') and 'Maximum Rows' (set to '100'). There are also checkboxes for 'Override Transaction' and 'More Budgets Exist'. A 'Search' button is present. Below the search filters, there is a section titled 'Budgets with Exceptions' with a 'Personalize' link and a 'Find' button. The table below shows two rows of budget exceptions:

	Details	Business Unit	Ledger Group	Exception	More Detail	Override Budget	Transfer
1		01110	APPROP	No Budget Exists	More Detail	<input type="checkbox"/>	Go To ...
2		01110	ORG	No Budget Exists	More Detail	<input type="checkbox"/>	Go To ...

The Exception message is **No Budget Exists**.

5. Click on the **Budget Chartfields** tab to see what Chartfield string was used.

The screenshot shows the 'Voucher Exceptions' page with the 'Budget Chartfields' tab selected. The search filters are the same as in the previous screenshot. The table below shows two rows of budget exceptions with additional columns for 'Account', 'Fund', 'Dept', and 'Budget Period':

	Details	Business Unit	Ledger Group	Account	Fund	Dept	Budget Period
1		01110	APPROP	000100	58700	1110003000	2019
2		01110	ORG	000100	58700	1110003000	2019

There are other budget check errors you may receive, such as:

- Ledger group PRMST EXP – Spending Authority Over Budget
- ****** If you receive this error, you must contact Finance.
- Exceeds Budget Tolerance

Because each Department has more than one ledger, each ledger shows up on its own line in the Budgets with Exceptions section. In the example, Ledger groups APPROP and ORG have errors associated with them.

6. Click on the **Magnifying Glass** next to line 2

The Payables Voucher Line Drill Down window opens:

Submitting a Voucher for Approval is Complete

Approve a Voucher

Situations when this function is used: A voucher must be approved after it has been budget checked and submitted for approval. You may not approve your own vouchers and if you are in a department approver pool you will be able to view your own vouchers but the Approve and Deny buttons will be greyed out. By approving a voucher, you are signing off that it is a valid voucher that needs to be paid. You are also stating that all the supplier, accounting, and payment information is correct including the amount of the voucher.

WorkCenter navigation: Accounts Payable WorkCenter > Links Pagelet > Vouchers > Approve Voucher

Navigator Menu navigation: Accounts Payable > Vouchers > Approve > Approve Voucher

The **Voucher Approval AF** search page displays:

Close Vouchers

Situations when this function is used: All Types of Vouchers can be closed by VISION End-users. If you are having issues closing a voucher, please contact Finance Support, via e-mail at VISION.FinHelpdesk@vermont.gov or call (802) 828-6700 option 2, with your AP Business Unit and Voucher ID that you are trying to close. Finance Support will work with Financial Operations personnel to problem solve and respond with information.

A voucher can be closed if it is decided that the supplier should not receive payment. To close a voucher, the voucher must be **Posted and not selected for payment**.

Note: *If you are closing a voucher created in VISION 8.8 (before February 5, 2019) you will need to add a C/P indicator on the Invoice Information page and save the voucher before you will be able to close it.*

WorkCenter navigation: Accounts Payable WorkCenter > Links Pagelet > Vouchers > Close Voucher

Navigator Menu navigation: Accounts Payable > Vouchers > Add/Update > Close Voucher

The **Voucher Close** page displays:

Voucher Close
Enter any information you have and click Search. Leave fields blank for a list of all values.

Search Clear Basic Search Save Search Criteria

1. **Business Unit** - Enter Business Unit or leave as default
2. **Voucher ID** - Enter voucher ID number
3. Click **Search**

The **Close Voucher** page displays:

4. Click on **Mark Voucher for Closure**

5. Enter **Comments** if needed

Note: The Manual Close Date defaults in as the current date and it should never be changed.

6. Click **Save**

If you are closing an unpaid matched PO voucher, the following message will display:

7. Click **Yes** to proceed with the close

To complete the Close process, the voucher must be posted and budget checked in that order. Both of these options run in the overnight batch process so you can verify the voucher is closed the next day on the **Voucher Summary** page.

Delete Vouchers

Situations when this function is used: Vouchers can be deleted if they are open, approved and budget checked. Vouchers cannot be deleted if they are posted.

Note: If you are closing a voucher created in VISION 8.8 (before February 5, 2019) you will need to add a C/P indicator on the Invoice Information page and save the voucher before you will be able to delete it.

WorkCenter navigation: Accounts Payable WorkCenter > Links Pagelet > Vouchers > Delete Voucher

Navigator Menu navigation: Accounts Payable > Vouchers > Add/Update > Close Voucher

The **Voucher Delete** page displays:

The screenshot shows the 'Voucher Delete' page with a search criteria form. The form includes fields for Business Unit, Voucher ID, Entry Status, Invoice Number, Short Supplier Name, Supplier ID, and Supplier Name. The Business Unit is set to '01110' and the Voucher ID is set to '00007684'. The 'Search' button is highlighted with a red box.

4. Click **Delete**

The following warning message opens (this message only displays if the voucher being deleted has been budget checked):

5. Click **OK**

The following message opens:

6. Click **OK**

The voucher has been deleted. Budget checking does not need to run after deleting. The system automatically budget checks the voucher with the delete process and puts the funds back into your available balance.

Payment Information on the Voucher

Situations when this function is used: To find out if a voucher has been paid, the payment date and the payment reference number.

WorkCenter navigation: Accounts Payable WorkCenter (AP) > Links Pagelet > Vouchers > Voucher Entry

Navigator Menu navigation: Accounts Payable > Vouchers > Add/Update > Regular Entry

The **Voucher Entry** page displays, click on the **Find an Existing Value** tab:

The screenshot shows the 'Voucher' search page. At the top, there's a title 'Voucher' and a subtitle 'Enter any information you have and click Search. Leave fields blank for a list of all values.' Below this are two tabs: 'Find an Existing Value' (selected) and 'Add a New Value'. A 'Search Criteria' section follows, containing several search fields. The 'Business Unit' field is set to '01110' and the 'Voucher ID' field is set to '00007663'. Both fields are highlighted with a red rectangle. Other fields include 'Invoice Number', 'Invoice Date', 'Short Supplier Name', 'Supplier ID', 'Supplier Name', 'Voucher Style', 'Related Voucher', 'Entry Status', 'Voucher Source', and 'Incomplete Voucher'. At the bottom, there's a 'Search' button (highlighted with a red rectangle), a 'Clear' button, and links for 'Basic Search' and 'Save Search Criteria'. A checkbox for 'Case Sensitive' and a text input for 'Limit the number of results to (up to 300): 300' are also present.

1. **Business Unit** - Leave as default or enter the appropriate business unit
2. **Voucher ID** - Enter the Voucher ID associated with the purchase order you need to liquidate
3. Click **Search**

The **Voucher Summary** page displays:

The screenshot shows the 'Voucher Summary' page with the 'Payments' tab selected. The page displays various voucher details:

- Business Unit:** 01110
- Voucher ID:** 00007663
- Voucher Style:** Regular
- Supplier Name:** McRae Truck & Auto, 26 Middle Rd, Milton, VT 05468
- Invoice Date:** 07/26/2018
- Invoice No:** 82918-10
- Invoice Total:** 50.00 USD
- Entry Status:** Postable
- Match Status:** No Match
- Approval Status:** Approved
- Post Status:** Posted
- Budget Status:** Valid
- Budget Misc Status:** Valid
- Pay Terms:** Net 30
- Voucher Source:** Online
- Origin:** ONL
- Created On:** 08/29/2018 1:43PM
- Created By:** CTOUCHET
- Last Update:** 08/29/2018 1:53PM
- Modified By:** SFULLER
- ERS Type:** Not Applicable
- Close Status:** Open

Buttons at the bottom include 'Return to Search', 'Notify', 'Refresh', 'Add', and 'Update/Display'. A breadcrumb trail at the bottom reads: Summary | Related Documents | Invoice Information | Payments | Voucher Attributes | Error Summary.

The voucher has been approved and budget checked so that means it is eligible to be picked up in a paycycle.

4. Click on the **Payments** tab

The screenshot shows the 'Payments' tab selected. It displays payment information and options for a specific payment:

- Business Unit:** 01110
- Voucher ID:** 00007663
- Voucher Style:** Regular Voucher
- Total Amount:** 3.99
- Supplier Name:** W.B. Mason Co., Inc.
- Invoice No:** PY156225110
- Invoice Date:** 06/22/2018
- *Pay Terms:** NET30
- Net 30**
- Action:** [Dropdown menu]
- Run** button
- Schedule Payments** button
- Payment Information:**
 - Payment 1:**
 - *Remit to: 0000283240
 - Location: MULTIPLE
 - *Address: 2
 - Gross Amount: 3.99 USD
 - Discount: 0.00 USD
 - Scheduled Due: 07/26/2018
 - Net Due: 07/22/2018
 - Discount Due: [Field]
 - Accounting Date: 07/30/2018
 - W.B. Mason Co., Inc.
PO Box 981101
Boston, MA 02298-1101
 - Payment Inquiry, Discount Denied, Late Charge, Express Payment, Payment Comments(0), Holiday/Currency
- Payment Options:**
 - *Bank: PEOP3
 - *Account: 0005
 - *Method: CHK
 - Check
 - Pay Group: [Field]
 - *Handling: Regular Payment
 - Hold Reason: [Field]
 - *Netting: Not Applicable
 - L/C ID: [Field]
 - Supplier Bank Messages, Hold Payment, Separate Payment
- Schedule Payment:**
 - *Action: Schedule Payment
 - Payment Date: 07/30/2018
 - Reference: 0000083975

Buttons at the bottom include 'Save', 'Return to Search', 'Notify', 'Refresh', 'Add', and 'Update/Display'.

Under **Schedule Payment** the **Payment Date** has been filled in with a date. This is the date the payment was made. **Reference** is the number assigned to the payment and is the check number.

If the Payment Date and Reference number had not been filled in that would mean the voucher had not been picked up in a paycycle yet.

Inquire on Voucher Payment Information

There are a couple of ways to inquire on payment information. The information below will show two ways to obtain the payment information for a voucher.

WorkCenter navigation: Accounts Payable WorkCenter > Links Pagelet > Vouchers > Voucher Entry

Navigator Menu navigation: Accounts Payable > Vouchers > Add/Update > Regular Entry

The **Voucher Entry** page displays, click on the **Find an Existing Value** tab:

▼ Actions	VCHR	0000053697	Automated Clearing House	50,637.00	USD	08/09/2005	08/15/2005	Paid	Reconciled	08/17/2005

Source, Payment Reference ID, Payment Method, Amount, Creation Date, Payment Date, Payment Status, Reconciliation Status and Reconciliation Date (if applicable) are all displayed. If more than one row is returned, columns can be sorted by clicking on the column heading.

A Reconciliation Status of 'Unreconciled' indicates that a payment has not been cashed by the supplier.

Note: Internal wire payments will always be returned with a reconciliation status of unreconciled as these payments do not go through the reconciliation process in VISION.

3. Click on a **Payment Reference ID** link to see details

The **Vouchers for a Payment** page displays:

In this case multiple vouchers are included in this one payment. Columns can be sorted by clicking on the column heading.

Inquire on Voucher Accounting Entries

WorkCenter navigation: Accounts Payable WorkCenter > Links Pagelet > Review Accounts Payable Information > Accounting Entries

Navigator Menu navigation: Accounts Payable > Review Accounts Payable Information > Vouchers > Accounting Entries

Reasons why you might use this:

- To review the accounting entries that journal generated to the GL and view the associated source AP journal ID's;
- To see if a voucher has been unposted and posted again;
- To see if a payment has been cancelled and reissued;
- To see if a voucher has been closed.

The Voucher Accounting Entries page displays:

6. Click on the **Chartfields** and the **Journal** tabs to view more information

Enter an Amortization Voucher

Situations when this function is used: The State will use the new Amortization Voucher Style to create and pay vouchers expensed to a prepaid Account; an added style for Proprietary fund users which uses accrual accounting for prepaid expenses.

What is an Amortization Type and Schedule?

The new voucher style will include an Amortization Type which defines the offset accounting information. A Start Date and End Date is used to create the Amortization Schedule. The schedule and type are used to build the journals that reduce the prepaid balance and book the expense. The journals are created using the Generate Amortization Journals process based on the Amortization Schedule.

WorkCenter navigation: Accounts Payable WorkCenter > Links Pagelet > Vouchers > Voucher Entry

Navigator Menu navigation: Accounts Payable > Vouchers > Add/Update > Regular Entry

The **Voucher Entry** page displays:

The screenshot shows the 'Voucher' entry form. At the top, there are two buttons: 'Find an Existing Value' and 'Add a New Value'. Below these, a red rectangular box highlights the main input fields. These fields include: Business Unit (01110), Voucher ID (NEXT), Voucher Style (Amortization Voucher), Supplier Name (Product Identification & Processing), Short Supplier Name (PRODUCTIDE-001), Supplier ID (0000018381), Supplier Location (SINGLE), Address Sequence Number (1), Invoice Number (APAMORTIV), Invoice Date (10/30/2018), Gross Invoice Amount (120.00), Freight Amount (0.00), Misc Charge Amount (0.00), PO Business Unit, PO Number, and Estimated No. of Invoice Lines (1). Below the red box, there is an 'Add' button, which is also highlighted with a red box.

Your default BU will appear in the Business Unit field. The Voucher ID will default as NEXT and Voucher Style will default in as "Regular Voucher".

1. **Business Unit** - Enter BU (if not using your default BU)
2. **Voucher Style** - Select Amortization Voucher
3. **Enter Supplier ID** - Enter the supplier number, including the leading zeros and tab out of field.
Short Supplier Name, Supplier Location, and Address Sequence Number automatically populate
4. **Invoice Number** - Enter Supplier's Invoice number
5. **Invoice Date** - As per the Supplier's invoice
6. **Gross Invoice Amount** - Enter the gross invoice amount
7. Click **Add**

The **Invoice information** page displays:

Return to Search Notify Refresh Add Update/Display

24. Click on **Submit Approval**

The **Approval Comments** box displays:

The 'Approval Comments' dialog box displays the following information:

- Business Unit: 01167
- Voucher ID: 00042079
- Additional Details: A large text area for entering comments.
- Character count: 254 characters remaining.
- Buttons: OK (highlighted with a red box), Cancel, and Refresh.

25. Enter Additional Details if needed and click **OK**

The voucher is routed for approval:

The 'Voucher Approval Stage 1' screen displays the following information:

- Business Unit: 01167
- Voucher ID: 00042079
- Voucher Approval Stage 1: A dropdown menu showing 'BUSINESS_UNIT=01167, VOUCHER_ID=00042079:Pending'.
- Default path for Vouchers: A box showing 'Pending' and 'Multiple Approvers'.
- Buttons: Return to Search, Notify, Refresh, Add, and Update/Display.
- Footer: Summary | Related Documents | Invoice Information | Payments | Voucher Attributes | Error Summary | Approval Summary

After the voucher has been approved, the voucher is posted as part of batch processing on a nightly basis. Once the Voucher is Posted the Amortization Schedule can be reviewed.

Enter a New Voucher using a Template

Situations when this function is used: The State will use the new Template Voucher Style to quickly create vouchers with use of a template.

What is a Template Voucher?

The new voucher style of Template Voucher allows users to create a Voucher that can be used to copy from in the future. Template Vouchers are built specific for an AP Business Unit and Supplier. Minimal field values are required to save the Template Voucher.

WorkCenter navigation: Accounts Payable WorkCenter > Links Pagelet > Vouchers > Voucher Entry

Navigator Menu navigation: Accounts Payable > Vouchers > Add/Update > Regular Entry

The screenshot shows the 'Voucher' entry form. At the top, there are two tabs: 'Find an Existing Value' and 'Add a New Value'. The form contains the following fields and values:

- Business Unit: 01110
- Voucher ID: NEXT
- Voucher Style: Template Voucher (dropdown)
- Supplier Name: J.A. Russo Paving, Inc.
- Short Supplier Name: J.A. RUSSO-001
- Supplier ID: 0000362458
- Supplier Location: MULTIPLE
- Address Sequence Number: 1
- Invoice Number: INV NUMBER
- Invoice Date: 09/30/2018
- Gross Invoice Amount: 100.00
- Freight Amount: 0.00
- Misc Charge Amount: 0.00
- PO Business Unit: (empty)
- PO Number: (empty)
- Estimated No. of Invoice Lines: 1

An 'Add' button is located at the bottom left of the form.

Voucher page displays. Your default BU will appear in the BU field. The Voucher ID will default as NEXT and Voucher Style will default in as "Regular Voucher"

1. **Business Unit** - Enter BU (if not using your default BU)
2. **Voucher Style** - Select Template Voucher
3. **Enter Supplier ID** - Enter the supplier number, including the leading zeros and tab out of field.
Short Supplier Name, Supplier Location, and Address Sequence Number automatically populate
4. **Invoice Number** - Enter Supplier's Invoice number
5. **Invoice Date** - As per the Supplier's invoice
6. **Gross Invoice Amount** - Enter the gross invoice amount
7. Click **Add**

The **Invoice Information** page displays. Invoice and Supplier information defaults from previous page:

8. Enter invoice line(s) and distribution line(s) based on the splits that will be used for future voucher entry.

9. Click the **Template** link

The **Template Voucher Details** window opens:

10. **Template ID** - Enter a Template ID

11. **Description** - Enter a description

12. Click **OK**

Interface Voucher Processing

Situations when this function is used: Departments interfacing vouchers into VISION from their own systems will be required to review and correct errors occurring when these vouchers are built in VISION by the delivered voucher build process.

Interface Voucher Process: The State will utilize the delivered Voucher Build Processes in VISION 9.2 to perform edits to voucher data to minimize data issues.

High Level Process:

- Departments send an interface voucher file according to the file layout provided by ADS.
- As part of a Batch Schedule, interface files provided by departments will be processed at the pre-determined scheduled time
- The file data must meet certain criteria or the file will not be loaded and a “fatal” error will be returned to the department
- If there are no “fatal” errors, the data is loaded to staging tables in VISION, and the delivered Voucher Build process is run via the batch program
- During the Voucher Build Process, delivered edits can cause vouchers to be in 1 of 2 error statuses requiring correction before further processing can occur:
 - Pre-Edit errors - a voucher ID is assigned but the voucher has not been created
 - Recycle errors - a voucher ID has been assigned and the voucher has been created
- An output file that includes Voucher IDs and any errors is sent back to the Departments
 - Pre-Edit errors are indicated in the file with “Pre-Edit Error”
 - Recycle errors are indicated in the file with “Correct Errors in VISION”

Errors That May Be Encountered:

Voucher Interface	Error	Result	Error Type	Error Message in VISION
Regular Voucher	Invalid Business Unit	Process runs to no success, file does not load, OUT file indicates "Invalid Busn Unit" on record that has error and has an E.	Fatal	NA
Regular Voucher	Invalid Grant ID	Process runs to no success, file does not load, OUT file indicates "Invalid Grant ID" on record that has error and has an E.	Fatal	NA
Regular Voucher	Missing Invoice ID	Process runs to no success, file does not load, OUT file indicates "Blank Invoice" on record that has error and has an E.	Fatal	NA
Regular Voucher	Inactive Supplier	Process runs to success, file loads, OUT file indicates "Pre-edit Error" and has an E code on record with error, VoucherID is	Pre-Edit	Supplier ID - TSE Prompt table edit; value not found in prompt table

		assigned but voucher is not created. Error can be viewed under Voucher Build Error Detail. The vendor can be corrected and voucher built or the voucher can be deleted.		
Regular Voucher	Invalid Supplier, Address or Location	Process runs to success, file loads, OUT file indicates "Pre-edit Error" and has an E code on record with error, VoucherID is assigned but voucher is not created. Error can be viewed under Voucher Build Error Detail. The vendor can be corrected and voucher built or the voucher can be deleted.	Pre-Edit	<p>Default Supplier Location not defined for Supplier</p> <p>Address Sequence Number - TSE Prompt table edit; value no found in prompt table</p> <p>Supplier ID - TSE Prompt table edit; value not found in prompt table</p>
Regular Voucher	PO Closed	Process runs to success, file loads, OUT file indicates "Pre-edit Error" and has an E code on record with error, VoucherID is assigned but voucher is not created. Error can be viewed under Voucher Build Error Detail. The PO can be corrected and voucher built or the voucher can be deleted.	Pre-edit	<p>Invalid Purchase Order</p> <p>There are no open distributions for this Purchase Order</p>
Regular Voucher	PO Line does not exist	Process runs to success, file loads, OUT file indicates "Pre-edit Error" and has an E code on record with error, VoucherID is assigned but voucher is not created. Error can be viewed under Voucher Build Error Detail. The PO can be corrected and voucher built or the voucher can be deleted.	Pre-edit	<p>Invalid Purchase Order</p> <p>Operator profile does not allow copying Matched Purchase Order Lines</p> <p>There are no open distributions for this Purchase Order</p>

				Invalid Purchase Order Schedule
Regular Voucher	PO not Dispatched	Process runs to success, file loads, OUT file indicates "Pre-edit Error" and has an E code on record with error, VoucherID is assigned but voucher is not created. Error can be viewed under Voucher Build Error Detail. The PO can be corrected and voucher built or the voucher can be deleted.	Pre-edit	Invalid Purchase Order
Regular Voucher	Bad W/H code for reportable vendor	Process runs to success, file loads, OUT file indicates "Correct Errors in VISION" and has an E code on record with error, Voucher is created in recycle status. Error can be viewed under Voucher Build Error Detail. The Withholding Class can be corrected or the voucher can be deleted.	Recycle	Invalid Withholding Class XX
Regular Voucher	Duplicate Voucher	Process runs to success, file loads, OUT file indicates "Correct Errors in VISION" and has an E code on record with error, Voucher is created in recycle status. Error can be viewed under Voucher Build Error Detail. The invoice can be corrected or the voucher can be deleted.	Recycle	Duplicate Invoice voucher's exist
Regular Voucher	Invalid BDA	Process runs to success, file loads, OUT file indicates "Correct Errors in VISION" and has an E code on record with error,	Recycle	Voucher has Invalid/Inactive Item

		Voucher is created in recycle status. Error can be viewed under Voucher Build Error Detail. The BDA can be corrected or the voucher can be deleted.		
Regular Voucher	Invalid Chartfield	Process runs to success, file loads, OUT file indicates "Correct Errors in VISION" and has an E code on record with error, Voucher is created in recycle status. Error can be viewed under Voucher Build Error Detail. The Chartfield can be corrected or the voucher can be deleted.	Recycle	<i>Chartfield</i> - TSE Prompt table edit; value not found in prompt table
Regular Voucher	Missing C/P indicator	Process runs to success, file loads, OUT file indicates "Correct Errors in VISION" and has an E code, Voucher is created in recycle status. Error can be viewed under Voucher Build Error Detail and C/P indicator corrected.	Recycle	C/P Indicator is Blank or Invalid Prompt value
Regular Voucher	Voucher Quantity different than PO	Process runs to success, file loads, OUT file indicates "Correct Errors in VISION" and has an E code on record with error, Voucher is created in recycle status. Error can be viewed under Voucher Build Error Detail. The quantity/unit price can be corrected or the voucher can be deleted.	Recycle	Invoice line Quantity Vouchered 1 <> sum of Distrib Line quantities 0 Quantity * Unit Price does not equal Merchandise Amount.
Single-Payment	Header Amount different than total records	Process runs to no success, file does not load, OUT file indicates "Total Amount" and E on all records.	Fatal	NA
Single-Payment	Invalid Business Unit	Process runs to no success, file does not load, OUT file indicates "Invalid Busn Unit" on record that has error and has an E.	Fatal	NA

Single-Payment	Invalid State	Process runs to no success, file does not load, OUT file indicates "Invalid State" on record that has error and has an E.	Fatal	NA
Single-Payment	Missing Invoice	Process runs to no success, file does not load, OUT file indicates "Blank Invoice" on record that has error and has an E.	Fatal	NA
Single-Payment	Missing Name	Process runs to no success, file does not load, OUT file indicates "Blank Name1" on record that has error and has an E.	Fatal	NA
Single-Payment	Negative Amount	Process runs to no success, file does not load, OUT file indicates "Negative Line Amount" on record that has error and has an E.	Fatal	NA
Single-Payment	Duplicate voucher	Process runs to success, file loads, OUT file indicates "Correct Errors in VISION" and has an E code on records with error, Voucher is created in recycle status. Error can be viewed under Voucher Build Error Detail. The invoice can be corrected or the voucher can be deleted.	Recycle	Duplicate Invoice voucher's exist
