

Faculty of Arts 3-year Research Plan

Template

The purpose of this three-year research plan template is to assist academic staff in developing their personal research plans and to provide a basis for discussion in PDR meetings. The plans should be updated on an annual basis or more frequently to assist with research planning. Completed plans will remain confidential between staff and their PDR supervisors. In preparing their plans, staff should read the Faculty's *Publication Strategies* and *Guidelines for Creative Outputs* documents. These are available on the Faculty's intranet (<http://www.arts.mq.edu.au/intranet>) In the 'Services & Resources' section under 'Research/Strategy Documents'.
