Due to the substantial component of group work required for this course, it is necessary to ensure that all group members are satisfied with the participation of their colleagues. This peer assessment form is designed for you to provide feedback on your group performance so that the examiners of the group work can take individual performance into account (if necessary) when determining grades for this assignment.

If **there are no issues** regarding contribution and performance of your group members, you **can simply record your group member names (above) and rate your own performance on the second page**. This is a reflective and learning experience.

Note that although this Assessment Schedule is confidential to the individual student and the staff member/s of the course, problem resolution through peer assessment may enable other group members to identify the nature of individual responses.

When completed, drop this form into your Course Coordinator's mailbox on Level 4, Otago Business School.

Failure to complete a peer assessment form may result in an adjustment of the grade received for the group work.
