

Excuse Note Policy

Muhlenberg College Health Services

The doctors and nurses at the Health Center do not provide medical excuses for missed classes. Students who miss class or an exam as a result of a medical issue are advised to be proactive and contact their professors via email or phone to report the absence(s) and to develop a plan to make-up the missed work. For extraordinary circumstances involving a serious medical condition, please contact the Director of Student Health Services (484-664-3199). No medical information will be given by phone as it relates to absences.
