ROHS/REACH Material of Construction Compliance Statement

This document certifies that Banjo Corporation manufactures builds and tests our products without the use of asbestos, lead based paints, polychlorinated biphenyls (PCB's), chlorinated hydrocarbons, arsenic and its compounds, Hydro chlorofluorocarbons and associated isomers, cyanide and its compounds, or any other similar products.

Furthermore, Banjo Corporation hereby declares that our products do not contain ROHS identified hazardous substances in excess of the established maximum concentration values and are in compliance with ROHS requirements.

RoHS specifies maximum levels for the following six restricted materials:

- Lead (Pb): < 1000 ppm
- Mercury (Hg): < 100 ppm
- Cadmium (Cd): < 100 ppm
- Hexavalent Chromium: (Cr VI) < 1000 ppm
- Polybrominated Biphenyls (PBB): < 1000 ppm
- Polybrominated Diphenyl Ethers (PBDE): < 1000 ppm

Regarding REACH compliance per Directive EC 1907/2006, Banjo Corporation confirms that our products are not known to, or suspected to contain any of the restricted items or substances/chemicals from the current list of "Substances of Very High Concern" (SVHC) as published by the European Chemical Agency (ECHA). Banjo Corporation does not intentionally add any SVHC's in our manufacturing process.

If required, Banjo Corporation can provide material certifications with laboratory analysis demonstrating compliance from our suppliers that the material/products supplied to Banjo Corporation are both ROHS and Reach compliant.
