Chandler, AZ 2020

Product Compliance Statement

CnC Tech states hereby, that chemical substances used in our products and in the materials from the members of our supply chain strictly comply with the REACH, RoHS and California Prop. 65 requirements listed below, whereby no substances were found to either contain or exceed the applicable regulatory thresholds:

- **US California Proposition 65.** This act requires the labeling of products containing any of the chemicals known to cause cancer, birth defects, or other reproductive harm (Legal Reference Safe Drinking Water and Toxic Enforcement Act of 1986).
- **EU RoHS Compliance Status.** EU RoHS status is declared per Directive 2011/65/EU and its subsequent amendments, including the Directive EU 2015/863 which additionally prohibited four phthalates in electrical and electronic equipment (also known as “RoHS 3”). Homogeneous materials of parts that are compliant to this legislation have less than 0.1% by weight each of lead, mercury, hexavalent chromium, PBB, PBDE, DBP, BBP, DIBP, DEHP, and 0.01% by weight of cadmium. In situations where an exemption applies, the preceding limits, corresponding to the exempted substance(s), may be higher.
- **EU REACH SVHC Content.** Substances of Very High Concerns (SVHCs) are declared if above 0.1% of the article per Regulation (EC) No. 1907/2006 and its subsequent amendments. The Candidate List of SVHCs is continually updated at <https://echa.europa.eu/candidate-list-table>
Amendment:
Commission Regulation (EU) 2015/830 dated 28 May 2015 amending Regulation (EC) 1907/2006 of the European Parliament and of the Council on REACH and released a list of Substances of Very High Concern (SVHC), such that 201 substances as per SVHC Candidate list, updated on 16 July 2019. REACH SVHC list is not a static list and it is updated once in six months, ECHA now added 4 new substances in the list of candidates to the previous list (published on 16 July 2019). Thus, the current list now contains 205 substances as on 16 Jan 2020.
CnC Tech constantly monitoring the substances of very high concern (SVHC), in our products. Our products do not contain Substances of Very High Concern above the threshold value declared by ECHA mentioned in Candidate List **(205 substances as per latest SVHC Candidate List, updated on 16 Jan 2020).**

REACH 209 Candidate List update: Four new hazardous chemicals to be phased out.

The additions include three substances that are toxic to reproduction and one endocrine disruptor. **The Candidate List of substances of very high concern (SVHCs) now contains 209 substances** that may have serious effects on people or the environment.

REACH SVHC list is not a static list and it is updated frequently. Up to 25 Jun 2020, there are 209 substances on the SVHC candidate list. Please click the picture below to download the [latest REACH SVHC list in excel table](#). The date of inclusion is also listed.

- **Low-Halogen Status.** Homogeneous materials of parts that are considered Low-Halogen have less than 0.09% by weight each of bromine and chlorine, and less than 0.15% by weight of the sum of bromine and chlorine.

Regards,

H. Meyer
